where he stayed till 1893 This stay in Tahiti determined his future life and career for in 1895 after a sojourn in France he returned there for good In Tahiti Gauguin discovered primitive art with its flat forms and violent colours belonging to an untamed nature With absolute sincerity he transferred them onto his canvas His paintings from then on reflected this style a radical simplification of drawing brilliant pure bright colours an ornamental type composition and a deliberate flatness of planes Gauguin termed this style synthetic symbolism      **The Collected Essays and Criticism, Volume 2** Clement Greenberg,1986 Clement Greenberg 1909 1994 champion of abstract expressionism and modernism of Pollock Mir and Matisse has been esteemed by many as the greatest art critic of the second half of the twentieth century and possibly the greatest art critic of all time On radio and in print Greenberg was the voice of the new American painting and a central figure in the postwar cultural history of the United States Greenberg first established his reputation writing for the Partisan Review which he joined as an editor in 1940 He became art critic for the Nation in 1942 and was associate editor of Commentary from 1945 until 1957 His seminal essay Avant Garde and Kitsch set the terms for the ongoing debate about the relationship of modern high art to popular culture Though many of his ideas have been challenged Greenberg has influenced generations of critics historians and artists and he remains influential to this day      **Arena** ,1912      *Impressionism* Anne Distel,Michel Hoog,Charles S.
