Battling the Inland Sea Robert Kelley, 1989 Of late historians have become increasingly interested in the vast re ordering of the environment involved in the creation of America Nowhere was this more true than in the Sacramento Valley where re ordering edged into folly Battling the Inland Sea is a powerful evocation of the losses and gains involved in battling the mighty Sacramento River But more than this it is an exploration of the national will as it sought to rearrange nature herself with such mixed results Here is history dealing with the most elemental forces of land water and engineering as they are shaped by public policy Here is the profound drama of value and symbol which occurs when Americans come into conflict with forces over which they can exercise as Robert Kelley shows only the most transitory and pyrrhic victories Kevin Starr author of the Americans and the California Dream Robert Kelley s research into the origins of California s first great flood control system has already helped to inform the shaping of the state s water laws Now he opens up the benefits of that work for the average reader in a wonderfully clear and engaging story that manages among other things to show that water development in the United States hasn t been just a matter of engineering but a cultural and intellectual achievement as well William Kahrl author of Water and Power A vividly written narrative of one of the major transformations of the physical world we inhabit Robert Kelley draws upon his rich store of learning and insight to set the struggles over the Sacramento Valley into a broad context His book contains important lessons for those who would understand the American economy environment politics or culture Daniel W Howe author of The Political Culture of the American Whigs

Duncan, 1979-10-01 **The Future City on the Inland Sea** Eric D. Olmanson, 2007 Winner of the AAG's John Brinckerhoff Jackson Prize Winner of the Great Lakes American Studies Association Ohio University Press Book Award Throughout the nineteenth century the southern shores of Lake Superior held great promise for developers imagining the next great metropolis These new territories were seen as expanses to be filled first with romantic visions then with scientific images and later with vistas designed to entice settlement and economic development The Future City on the Inland Sea describes the attempts of explorers under government commercial or scientific sponsorship to project their imaginative visions on a region where the future did not happen as planned Author Eric D Olmanson takes a fresh look at the settlements in the vicinity of Chequamegon Bay and the Apostle Islands by analyzing the texts and images left by the missionaries geologists ordinance surveyors newspaper editors and boosters The Future City on the Inland Sea shows how new visions of the place absorbed and replaced the old ones eventually producing what might be called for the first time a region More than a regional geography The Future City on the Inland Sea is an appraisal of these early efforts to meld geographies of physical nature with those of human ideals a demonstration of how thoroughly and paradoxically those two realms are entangled **The Inland Sea** Madeleine Watts, 2021-01-12 In this eloquent debut a young Australian woman unable to find her footing in the world begins to break down when the emergencies she hears working as a 911 operator and the troubles within her own life gradually blur together forcing her to grapple with how the past has shaped her present Publishers Weekly Drifting after her final year in college a young writer begins working part time as an emergency dispatch operator in Sydney Over the course of an eight hour shift she is dropped into hundreds of crises hearing only pieces of each Callers report car accidents and violent spouses and homes caught up in flame The work becomes monotonous answer transfer repeat And yet the stress of listening to far off disasters seeps into her personal life and she begins walking home with keys in hand ready to fight off men disappointed by what they find in neighboring bars During her free time she gets black out drunk hooks up with strangers and navigates an affair with an ex lover whose girlfriend is in their circle of friends Two centuries earlier her great great great grandfather the British explorer John Oxley traversed the wilderness of Australia in search of water Oxley never found the inland sea but the myth was taken up by other men and over the years search parties walked out into the desert dying as they tried to find it Interweaving a woman's self destructive unraveling with the gradual worsening of the climate

The Pathfinder James Fenimore Cooper, 2021-02-19 The Mohican continued to eat though the second white man rose and courteously took off his cap to Mabel Dunham He was young healthful and manly in appearance and he wore a dress which while it was less rigidly professional than that of the uncle also denoted one accustomed to the water In that age real seamen were a class entirely apart from the rest of mankind their ideas ordinary language and attire being as strongly indicative of their calling as the opinions speech and address of a Turk denote a Mussulman Although the Pathfinder was scarcely in the prime of life Mabel had met him with a steadiness that may have been the consequence of having braced her nerves for the interview but when her eyes encountered those of the young man at the fire they fell before the gaze of admiration with which she saw or fancied she saw he greeted her Each in truth felt that interest in the other which similarity of age condition mutual comeliness and their novel situation would be likely to inspire in the young and ingenuous Here said Pathfinder with an honest smile bestowed on Mabel are the friends your worthy father has sent to meet you This is a great Delaware and one who has had honors as well as troubles in his day He has an Indian name fit for a chief but as the language is not always easy for the inexperienced to pronounce we naturally turn it into English and call him the Big Serpent You are not to suppose however that by this name we wish to say that he is treacherous beyond what is lawful in a red skin but that he is wise and has the cunning which becomes a warrior Arrowhead there knows what I mean While the Pathfinder was delivering this address the two Indians gazed on each other steadily and the Tuscarora advanced and spoke to the other in an apparently friendly manner I like to see this continued Pathfinder the salutes of two red skins in the woods Master Cap are like the hailing of friendly vessels on the ocean But speaking of water it reminds me of my young friend Jasper Western here who can claim to know something of these matters seeing that he has passed his days on Ontario
