Helping Children with Ill Or Disabled Parents Julia Segal, John Simkins, 1996 The authors explore the range of issues that can arise when a parent falls ill or becomes disabled focusing on

what children need to know issues of dependency and separation the role of teachers and schools the child's sense of responsibility and how to help children cope with their feelings Annotation copyright by Book News Inc Portland OR *Brief Encounters with Couples* Francis Grier, 2018-05-08 Deriving from a conference organised by the Tavistock Marital Studies Institute the present volume draws the main focus of its inquiry from a few fundamental questions In its various brief encounters and in disparate contexts how effective can a psychoanalytic approach be when it addresses the parental child or adult couple relationship What specific quality of contact can be achieved in the relationship between client's and therapist in shorter term work This compilation of essays written by experienced practitioners engages directly and positively these and other questions demonstrating with clinical material the efficacious contribution of a psychoanalytic psychotherapy In both the similarity and variety of responses to the complex issues explored the authors display a creative engagement and theoretical understanding that will be of great interest and stimulus to all professionals working in this field **Emotional**

Geographies Liz Bondi, 2016-05-13 Bringing together well established interdisciplinary scholars including geographers Phil Hubbard Chris Philo and Hester Parr and sociologists Jenny Hockey Mike Hepworth and John Urry and a new generation of researchers this volume presents a wide range of innovative studies of fundamentally important questions of emotion Following an overarching introduction three interlinked sections elaborate key intersections between emotions and spatial concepts on which each chapter offers a particular take informed by substantive research At the heart of the collection lies a commitment to convey how emotions always spill over from one domain to another as well as to illuminate the multiplicity of spaces that produce and are produced by emotional life The book demonstrates the richness that an interdisciplinary engagement with the emotionality of socio spatial life generates **Revisiting Feminist Approaches to Art Therapy**

Susan Hogan, 2012-06-15 Art therapy has been slow to embrace the critical and theoretical viewpoints including feminism that have made a huge impact on other areas of the humanities and social sciences Art therapists are ideally situated however to respond to the growing awareness of how language media and images influence gender inequality and the pressures that can lead to poor mental health and diminished well being among women The contributors explore the ways in which gender issues can be addressed through art therapy By being sensitive to the socio cultural dimensions of women's lives therapists can become more receptive to the needs of their female clients The case studies included here illustrate how issues of class ethnicity and gender introduce a social element into what is sometimes described as a purely personal cathartic process By discussing empowerment sexuality pregnancy and childbirth this volume provides a comprehensive survey of women's issues within art therapy and will prompt a reevaluation of current training and practice in the field

Creativity and the Dissociative Patient Lani Elaine Gerity, 1999 Lani Gerity shows in this book that puppet making incorporating both art and narrative provides an ideal vehicle for therapeutic work It is particularly valuable in the treatment of dissociative patients whose symptoms may include disturbances in body image a dissociated sense of self a disrupted sense of history and causality and a feeling of alienation from the self Lani Gerity explores the application of this in the context of object relations theory She shows the creative process working on many levels for dissociative individuals and groups Making puppets three dimensional representations of the human body helped one patient to integrate her sense of her body image and herself Using puppets and creating narratives about them encourages patients to build communities and to release themselves from the hold of the trauma of their pasts Descriptions and analyses of Gerity's work with dissociative patients in the US and Canada is underpinned by a theoretical framework which encompasses theories from the arts therapies and from psychiatry

The Top Books of the Year The Imaginative Body Psychodynamic Therapy In Health Care The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have charmed audiences this year. The Imaginative Body Psychodynamic Therapy In Health Care : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
