Un/Masking Laurette Burgholzer, Joyce Cheng, Sarah Hegenbart, Bethan Hughes, Judith Kemp, Christiane Lewe, W. Anthony Sheppard, Bernhard Siegert, Anja Wächter, Eleonore Zapf, 2021-08-15 This volume looks at masking and unmasking as indivisible aspects of the same process It gathers articles from a wide range of disciplines and addresses unmasking both as a historical and a contemporary phenomenon By highlighting the performative dimensions of unmasking it challenges dichotomies like depth and surface authenticity and deception that play a central role in masks being commonly associated with illusion and dissimulation The contributions explore topics such as the relationship between face mask and identity in artistic contexts ranging from Surrealist photography to video installations and from Modernist poetry to fin de siècle cabaret theater They investigate unmasking as a process of transition and transformation be it in the case of the wooden masks of the First Nations of the American Northwest Coast or of the elaborate costumes and vocal masking of pop icon Lady Gaga In all of these instances the act of unmasking has the power to simultaneously hide and reveal It destabilizes supposedly fixed identities and blurs the lines between the self and the other the visible and the invisible The volume offers new perspectives on current debates surrounding issues such as protective masks in public spaces facial recognition technologies and colonial legacies in monuments and museums offering insight into what the act of unmasking can mean today With contributions by Laurette Burgholzer Joyce Cheng Sarah Hegenbart Bethan Hughes Judith Kemp Christiane Lewe W Anthony Sheppard Bernhard Siegert Anja Wächter and Eleonore Zapf

Timm Rautert Timm Rautert, Wolfgang Brückle, 2006 In shooting these landmark 1974 portraits of Deutsche in Uniform Timm Rautert met his subjects in their own territories but then set them against a neutral background separating them from their work aesthetics This portable studio setting gives special significance to the moment of representation when the subject is captured as a symbol of the state or an occupational group By using not only names and job titles but also quotes from interviews Rautert also prompts observers to focus on the subject or the connection between the individual's gestures and his official work clothes In contrast to today's professional clothing which is transformed into outfits by logos the uniforms he photographed reflect a time of social upheaval And indeed change was coming Deutsche in Uniform was followed by a 1976 series about the extinction of traditional trades and professions

Afterness Gerhard Richter, 2011-10-25 Gerhard Richter's groundbreaking study argues that the concept of afterness is a key figure in the thought and aesthetics of modernity It pursues questions such as What does it mean for something to follow something else Does that which follows mark a clear break with what came before it or does it in fact tacitly perpetuate its predecessor as a consequence of its inevitable indebtedness to the terms and conditions of that from which it claims to have departed Indeed is not the very act of breaking with and then following upon a way of retroactively constructing and fortifying that from which the break that set the movement of following into motion had occurred The book explores the concept and movement of afterness as a privileged yet uncanny category through close readings of writers such as Kant

Kafka Heidegger Bloch Benjamin Brecht Adorno Arendt Lyotard and Derrida It shows how the vexed concepts of afterness following and coming after shed new light on a constellation of modern preoccupations including personal and cultural memory translation photography hope and the historical and conceptual specificity of what has been termed after Auschwitz The study s various analyses across a heterogeneous collection of modern writers and thinkers diverse historical moments of articulation and a range of media conspire to illuminate Lyotard s apodictic statement that after philosophy comes philosophy But it has been altered by the after As Richter s intricate study demonstrates much hinges on our interpretation of the after After all our most fundamental assumptions concerning modern aesthetic representation conceptual discourse community subjectivity and politics are at stake **Stefan Moses** , Faces of DEFA Sandra Bergemann,2008 *En las sombras de la tradición* VV.AA,Christina Engelmann,Lena Reichardt,Bea S.
