in the Herb Directory     **Herb Gardening For Dummies** Karan Davis Cutler, Kathleen Fisher, Suzanne DeJohn, National Gardening Association, 2010-11-23 A plain English guide to the world of herb gardening Starting an herb garden isn't free but it certainly outweighs the growing costs of buying retail herbs Plus adding homegrown ingredients to your meals is a healthy and tasty way to improve upon any dish you whip up at home This friendly hands on guide is an excellent introduction to the world of herb gardening It gives you tips and advice to grow a thriving herb garden that will add depth and flavor to home cooked meals as well as boost your health How to choose plant and care for herbs Covers ready made versus homemade soil mixes starting plants from seeds and other fundamentals How to prevent insects pests and diseases from invading your containers Over 30 herb recipes for everyday uses including rubs marinades beauty products and more Whether you're interested in getting step by step instructions for starting on your first herb garden or already have one and want to learn new tips and techniques Herb Gardening For Dummies 2nd Edition has you covered     **Simple Steps to Success: Herbs** DK, 2009-03-02 Visually inspiring accessible and inexpensive Simple Steps Herbs will show you how to create the herbal garden of your dreams no matter how small your plot including seeding propagation harvesting and then drying It's attractive and inspiring approach will appeal to the occasional gardener while in depth horticultural information will appeal to more experienced gardeners     **Step-by-step guide to preserving vegetables Fermenting, pickling, canning, dehydrating and freezing your favorite products** , 2024-04-02 How to Use this Book This book is based on my desire to preserve vegetables in ways that my family will eat and do that as efficiently as possible When possible I preserve vegetables in a meal ready way Instead of canning a bunch of carrot slices in quart 1 L sized jars when I bring in a large carrot harvest I'll make a batch of Canned Spice Carrot Soup and a couple of jars of Fermented Mexican Carrots Then I'll use the tops to make Frozen Carrot Top Pesto for the freezer The carrot soup is the only time consuming item the other two can be put together while the soup is processing The first part of this book is an overview of food preservation methods canning both water bath and pressure canning dehydrating fermenting and freezing You'll find the basics of how to use these methods to safely preserve vegetables but you won't find details for every scenario that could happen while preserving vegetables I've written these chapters with enough information to get you started preserving the harvest but not so much information that it leads to confusion and information overload The rest of this book is focused on growing and preserving the most popular vegetables and herbs that are grown in the home garden Each vegetable has its own chapter and in that chapter you'll find instructions on how to grow purchase can dehydrate ferment and freeze that vegetable You will also find recipes that highlight the vegetable most of these recipes are for preserving the vegetable but some recipes use the preserved vegetable Most of the recipes are written so that you'll preserve small batches at a time simply because I find that adjusting recipes to scale up is easier than scaling down If your family likes a recipe or if you have enough of one vegetable to make two batches of a recipe just double the ingredients and it will work out fine The exception to this is any of the jam or

jelly recipes don't ever double a jam or jelly recipe or you run the risk of it not setting up I hope you read through the whole book to get a vision for how these different preservation methods can work together to stock your pantry with food your family will eat Then when a vegetable is in season I hope you reread that vegetable's chapter and make a plan for preserving all of the harvest in a variety of ways Of course I hope that some of our favorite preservation recipes become your family favorites too
