Step by Step Phonics Laurie Lee Bell, 1998 A complete phonics and spelling workbook for an entire elementary school year

Reading Pathways Dolores G. Hiskes, 2007-01-16 Now in its fifth edition Reading Pathways with help from Dewey the Bookworm offers an easy to use highly effective approach to teaching reading accuracy and fluency to students of all ages using a unique pyramid format Reading pyramids begins with one word and slowly build into phrases and sentences of gradually increasing complexity As the student moves from the pinnacle to the base of each pyramid the phrase or sentence becomes a more interesting and expansive and the student's confidence grows with each line completed Progressively building up the amount of text per line increases eye span strengthens eye tracking and develops reading fluency The book also features more challenging multi syllable word pyramid exercises and games to further develop fluency and vocabulary Learning to read long words by syllables removes the fear and mystique of multi syllable words and helps students build the strong vocabulary so critical for success in reading and writing Dewey and Dewey Decimal Classification are proprietary trademarks of OCLC Online Computer Library Center and are used with permission Dewey the Bookworm™ Dewey D System Bookwormus Giganticus™ and the design mark of the character Dewey are trademarks of Dolores G Hiskes and are also used with permission

The Well-Trained Mind Susan Wise Bauer, Jessie Wise, 2024-04-02 The classic handbook on home schooling updated for a new generation of parents and students Is your child getting lost in the system becoming bored losing his or her natural eagerness to learn If so it may be time to take charge of your child's education by doing it yourself The Well Trained Mind will instruct you step by step on how to give your child an academically rigorous comprehensive education from preschool through high school one that will train him or her to read to think to understand to be well rounded and curious about learning Veteran home educator Susan Wise Bauer outlines the classical pattern of education called the trivium which organizes learning around the maturing capacity of the child's mind and comprises three stages the elementary school grammar stage when the building blocks of information are absorbed through memorization and rules the middle school logic stage in which the student begins to think more analytically and the high school rhetoric stage where the student learns to write and speak with force and originality Using this theory as your model you'll be able to instruct your child whether full time or as a supplement to classroom education in all levels of reading writing history geography mathematics science foreign languages rhetoric logic art and music regardless of your own aptitude in those subjects A new optional Resource Recommendations Portal provides subscribers with curated lists of the best curricula for every grade level and learning style Thousands of parents have already used the methods described in The Well Trained Mind to create a truly superior education for children in their care You do have control over what and how your child learns The Well Trained Mind will give you the tools you'll need to teach your child with confidence and success

Children's Reading and Spelling Terezinha Nunes, Peter Bryant, 2009-02-09 This book extends models of early literacy analyzing how children's reading and spelling skills develop throughout their school career An account of how a child's reading and spelling develop which goes beyond the early years Shows that there are radical changes in the way children read and spell as they get older Describes a new theory about the learning that goes on in the later stages of reading and spelling Makes clear the educational implications of this theory The authors research has previously contributed to the literacy hour a government initiative to improve the teaching of literacy skills in UK schools
