Stepdads Stories Of Love Hope And Repair:

Stepdads William Marsiglio, 2004 In *Stepdads Stories of Love Hope and Repair* William Marsiglio addresses provocative and timely questions facing stepfathers single mothers and remarried couples today This book speaks to those who study and work with stepfamilies as well as persons who have ever thought about or lived in a stepfamily **Couples, Kids, and Family Life** Jaber F. Gubrium, James A. Holstein, 2006 Part of the *Social Worlds from the Inside Out* series this book introduces undergraduates to the study of the family one of the largest courses taken on sociological institutions It aims to present the social world of the family from the inside out through the lived experiences of its participants *Deconstructing Dads* Laura Tropp, Janice Kelly, 2015-12-24 In the twenty first century fatherhood is shifting from simply being a sidekick in the parental team to taking center stage with new expectations of involvement and caretaking The social expectations of fathers start even before the children are born Mr Mom is now displaced with fathers who don't think of themselves as babysitting their own children but as central decision makers along with mothers as parents *Deconstructing Dads Changing Images of Fathers in Popular Culture* is an interdisciplinary edited collection of essays authored by prominent scholars in the fields of media sociology and cultural studies who address how media represent the image of the father in popular culture This collection explores the history of representation of fathers like the bumbling dad to question and challenge how far popular culture has come in its representation of paternal figures Each chapter of this book focuses on a different aspect of media including how advertising creates expectations of play and father crime shows and the new hero father and men as paternal figures in horror films The book also explores changing definitions of fatherhood by looking at such subjects as how the media represents sperm donation as complicating the definition of father and how specific groups have been represented as fathers including gay men as dads and Latino fathers in film This collection examines the media's depiction of the good father to study how it both challenges and reshapes the ways in which we think of family masculinity and gender roles

Nurturing Dads William Marsiglio, Kevin Roy, 2012-01-01 American fathers are a highly diverse group but the breadwinning live in biological dad prevails as the fatherhood ideal Consequently policymakers continue to emphasize marriage and residency over initiatives that might help foster healthy father child relationships and creative co parenting regardless of marital or residential status In *Nurturing Dads* William Marsiglio and Kevin Roy explore the ways new initiatives can address the social cultural and economic challenges men face in contemporary families and foster more meaningful engagement between many different kinds of fathers and their children What makes a good father The firsthand accounts in *Nurturing Dads* show that the answer to this question varies widely and in ways that counter the mainstream provide and reside model of fatherhood Marsiglio and Roy document the personal experiences of more than 300 men from a wide range of socioeconomic backgrounds and diverse settings including fathers to be young adult fathers middle class dads stepfathers men with multiple children in separate families and fathers in correctional facilities They find that most dads

express the desire to have strong close relationships with their children and to develop the nurturing skills to maintain these bonds But they also find that disadvantaged fathers including young dads and those in constrained financial and personal circumstances confront myriad structural obstacles such as poverty inadequate education and poor job opportunities Nurturing Dads asserts that society should help fathers become more committed and attentive caregivers and that federal and state agencies work sites grassroots advocacy groups and the media all have roles to play Recent efforts to introduce state initiated paternity leave should be coupled with social programs that encourage fathers to develop unconditional commitments to children to co parent with mothers to establish partnerships with their children s other caregivers and to develop parenting skills and resources before becoming fathers via activities like volunteering and mentoring kids Ultimately Marsiglio and Roy argue such combined strategies would not only change the policy landscape to promote engaged fathering but also change the cultural landscape to view nurturance as a fundamental aspect of good fathering Care is a human experience not just a woman s responsibility and this core idea behind Nurturing Dads holds important implications for how society supports its families and defines manhood The book promotes the progressive notion that fathers should provide more than financial support and in the process bring about a better start in life for their children A Volume in the American Sociological Association s Rose Series in Sociology The Wiley Blackwell Encyclopedia of Family Studies, 4 Volume Set Constance L. Shehan,2016-02-29 The Wiley Blackwell Encyclopedia of Family Studies presents a comprehensive interdisciplinary collection of the key concepts trends and processes relating to the study of families and family patterns throughout the world Offers more than 550 entries arranged A Z Includes contributions from hundreds of family scholars in various academic disciplines from around the world Covers issues ranging from changing birth rates fertility and an aging world population to human trafficking homelessness famine and genocide Features entries that approach families households and kin networks from a macro level and micro level perspective Covers basic demographic concepts and long term trends across various nations the impact of globalization on families global family problems and many more Features in depth examinations of families in numerous nations in several world regions 4 Volumes www.familystudiesencyclopedia.com

Fatherhood in Late Modernity Mechtild Oechsle,Ursula Müller,Sabine Hess,2012-08-09 Changes in Fatherhood How do structural changes in the welfare state in gender relations and work affect concepts and realities of fatherhood The authors analyse cultural images and representations of fatherhood varieties of fatherhood in relation to social backgrounds organisational influences as well as the impact of political and legal interventions on configurations of fatherhood With an interdisciplinary approach this book s contributions investigate the sometimes contradictory relationship between cultural representations and social practices of fatherhood They contextualise diverse fatherhoods in various social backgrounds ethnicities ages and different national contexts Reflecting methodological challenges is crucial to the volume s approach Which parameters are used to quantify change Which links and interactions between cultural individual organizational and

societal dimensions do exist regarding the development of new social configurations of fatherhood How can the complex interaction between structural constraints and agency be analysed Can certain agents of change be identified How can social change be conceptualized This volume links to international comparative research and shows how fruitful it can be to break disciplinary boundaries Handbook of Father Involvement Natasha J. Cabrera, Catherine S.

Tamis-LeMonda, 2013-05-07 This second edition reviews the new research findings and theoretical advances on fathers families child development programs and policies that have occurred in the past decade Contributors from a range of disciplines and countries showcase contemporary findings within a new common chapter structure All of the chapters are either extensively revised or entirely new Biological evolutionary demographic developmental cultural sociological economic and legal perspectives of father involvement are described along with policy and program implications Now with a greater international perspective this edition considers demographic shifts in families in the United States and Europe All chapters now follow a common structure to enhance readability and interdisciplinary connections Each chapter features Historical Overview and Theoretical Perspectives Research Questions Research Methods and Measurement Empirical Findings Bridges to other Disciplines Policy Implications and Future Directions In addition each chapter highlights universal and cultural processes and mechanisms This structure illuminates the ways that theories methods and findings are guided by disciplinary lenses and encourages multidisciplinary perspectives This extensively revised edition now features Expanded section on Biological and Evolutionary Perspectives that reviews fathering in animal populations and the genetic and hormonal underpinnings that feed into fathering behaviors within and across species New section on Economic and Legal Perspectives that addresses the economics of fatherhood marriage divorce and child custody issues and family dispute resolution New section on Child Development and Family Processes that covers topics on father child relationships the father role in children s language cognitive and social development and father risk family context and co parenting Separate chapters on Black Latino and Asian American fathers Now includes research on cohabitation and parenting gender roles and fathering intergenerational parenting and fatherhood implications for men in the section on Sociological Perspectives The latest demographics policies and programs influencing father involvement in both the US and Europe Coverage of methodological and measurement topics and processes that are universal across ethnic groups and cultures in each chapter Intended for advanced students practitioners policymakers and researchers interested in fatherhood and family processes from a variety of disciplines including psychology family studies economics sociology and social work and anyone interested in child and family policy Men on a Mission William Marsiglio, 2008-05-30 The first comprehensive study of men who work and volunteer with kids in a variety of public settings this book brings to life diverse histories and experiences of men who have worked as coaches teachers youth ministers probation officers Big Brothers Boys Girls Club staff 4 H agents and the like Drawing on in depth interviews with men between the ages of 19 and 65 ethnographic observations and more than twenty

years of research on fathers sociologist Marsiglio explores men's motives for doing youth work effective interpersonal strategies the perception and expression of mentoring the mutual influences that youth work and fathering have on each other the youth workers own personal development and the impact of social policy and programmatic initiatives He offers a forward looking vision for getting men more involved and involved more productively in helping kids thrive From publisher description *Situated Fathering* William Marsiglio, Kevin Roy, Greer Litton Fox, 2005-07-28 When men act as parents they do so in diverse physical and social spaces imbued with symbolic meaning They father in the military overseas on the farm in dilapidated inner cities immersed in ethnic neighborhoods navigating idealized places of leisure where families go as stepfathers in spaces where physical dimensions and family meanings intersect as nonresident fathers managing less than ideal conditions rolling across the interstate as long haul truckers playing catch alongside the house managing precious family time in prison work release programs as participants in community fatherhood initiatives etc Until now family scholars had not explicitly theorized and focused on how physical space shapes fathers lives A distinct volume of theoretical and empirical research *Situated Fathering* addresses this oversight by proposing a new framework for studying how various contingencies of physical space in conjunction with social symbolic issues affect men's identities as fathers and their involvement with children Consistent with public interest in men's efforts to be there as providers and caregivers this book explores issues associated with the barriers and supports to involvement that are part of the physical and social environment Written largely for family scholars and students it emphasizes a future oriented perspective by outlining directions for theoretically guided research in specific often gendered fathering sites **Social Poverty** Sarah

Halpern-Meekin, 2019-06-04 How low income people cope with the emotional dimensions of poverty Could a lack of close meaningful social ties be a public rather than just a private problem In *Social Poverty* Sarah Halpern Meekin provides a much needed window into the nature of social ties among low income unmarried parents highlighting their often ignored forms of hardship Drawing on in depth interviews with thirty one couples collected during their participation in a government sponsored relationship education program called Family Expectations she brings unprecedented attention to the relational and emotional dimensions of socioeconomic disadvantage Poverty scholars typically focus on the economic use value of social ties for example how relationships enable access to job leads informal loans or a spare bedroom However Halpern Meekin introduces the important new concept of social poverty identifying it not just as a derivative of economic poverty but as its own condition which also perpetuates poverty Through a careful and nuanced analysis of the strengths and limitations of relationship classes she shines a light on the fundamental place of core socioemotional needs in our lives Engaging and compassionate *Social Poverty* highlights a new direction for policy and poverty research that can enrich our understanding of disadvantaged families around the country
