Stepfamilies The Restructuring Process

Judy Osborne

Stepfamilies The Restructuring Process:

Stepfamilies Judy Osborne, Stepfamily Associates, 1983-09-01 The Stepfamily Puzzle Craig Everett, 2014-02-04 Do stepfamilies experience greater levels of stressors than first families Do they also experience more negative manifestations of stress Find the latest research on these questions and more in this groundbreaking exploration of the complex factors and dynamics that make up stepfamilies The Stepfamily Puzzle fills a gap in research that has not kept pace with the rapid growth of interest in this subject It sets some of the pieces of the stepfamily puzzle into an intergenerational framework that includes the roles of grandparents parent child interactions the struggles to define boundaries and achieve marital intimacy and the underlying effects of financial support on stepfamily well being The Stepfamily Puzzle compares the effects of stress in stepfamilies and conditions in other families and reveals that the differences between the two types of families may not be as dramatic as long assumed It also examines in depth the emotional and financial stressors that impact stepfamilies and how this stress is exhibited in family relationships Other groundbreaking research presented in this book includes the closeness of relationships between children and grandparents in stepfamilies as compared to children and grandparents in first families effects of ongoing attachment to the former spouse on post divorce relationships stepsibling subsystems a comparison of self esteem and behavior problems of stepchildren and children in other family structures social support received by children in stepmother stepfather and intact families quality of stepfather adolescent relationships effect of child support on stepfamily satisfaction Therapists attorneys and those interested in the numerous therapeutic and psychoeducational programs self help groups and trade literature available on stepfamily relationships will find The Stepfamily Puzzle a valuable introduction to current research in this area By presenting the complex variables that interact within stepfamilies this book helps professionals understand the dynamics behind stepfamily relationships so they can provide effective support and care

Wisdom for Separated Parents Judy Osborne, 2011-04-19 The stories within this book document how men and women both straight and gay have rearranged their lives to create harmonious kinship relationships and be successful parents after separation thereby proving that divorce does not have to mean unhappily ever after Anchored in the author's personal experience Wisdom for Separated Parents Rearranging Around the Children to Keep Kinship Strong traces the long arc of family change through the actual words of men and women who have struggled through separation and co parenting This book provides stories from separated parents that share what they've learned from co parenting and discovering new kinds of families revealing insights on the process of untangling rearranging and reinventing straight and gay families The extensive interviews in this book reach back as far as the 1950s and explain what it has meant to be separated for decades These candid stories provide revelations on how to deal with the loss gracefully and minimize ill will and recount the joys of having a bigger family and more kin connections This book speaks to two different audiences today's struggling parents who will find valuable wisdom as they make crucial decisions about separation and divorce and readers who have lived this

history and will identify with the stories and gain insight and validation regarding their long ago choices Resources in Education ,1997 *Becoming A Stepfamily* Patricia L. Papernow,2015-07-17 What determines whether stepfamilies remain together What helps stepfamilies overcome the difficulties of remarriage and become mutually supportive family units How can mental health professionals better support this development This book brings both clarity and depth to the unique and complex dynamics of remarried families Patricia Papernow draws on interviews with over 100 stepfamily members up to date research a solid theoretical framework and an empathic clinical sensibility to present an insightful model of stepfamily development the Stepfamily Cycle This details account of the sages of forming a lasting cohesive group is richly illustrated by stepfamily members own stories *Becoming a Stepfamily* describes the developmental challenges involved in building nourishing reliable relationships between stepparents and stepchildren in the newly married couple and between different family groups who must learn to live together in a remarried family Papernow discusses the factors that influence the pace and ease of development and she provides four full length case studies illustrating the varied paths through the stepfamily cycle to the successful remarried life The author offers therapists clergy school personnel and others involved with stepfamilies a range of effective interventions including preventive educational and clinical approaches She provides practical guidance for helping family members deal constructively with the differing attachments of children to their biological parents and stepparents assisting stepparents as they cope with feeling excluded from the powerful biological parent child bond and guiding biological parents torn between their spouse s need for intimacy and privacy and their children s needs for support and attention *Family Mediation Practice* John Allen Lemmon,2008-06-30 A helpful guide for all those now mediating family disputes as well as for those who hope to become family mediators *Stepfamilies* Roni Berger,1998 Combining theoretical empirical and clinical knowledge *Stepfamilies A Multi Dimensional Perspective* contains recent research and information that will help mental health practitioners family therapists psychologists and counselors understand the characteristics dynamics needs and issues of nonclinical stepfamilies Based on direct experiences with diverse types of stepfamilies this book gives you new guidelines and strategies that will enable you to offer more successful sessions to your clients and improve your effectiveness as a practitioner Developed to give you a more realistic understanding of stepfamilies this text helps you avoid the stereotypes and false perceptions that often surround stepfamilies Offering methods and strategies aimed at making your clients feel comfortable about themselves and their situations *Stepfamilies A Multi Dimensional Perspective* examines several aspects of these families that you need to know in order to improve your effectiveness with them including the definition and description of stepfamilies and recognizing historical and social changes in the stepfamily structure critical reviews on the present knowledge of stepfamilies describing the complexity of family structure the ambiguity of boundaries and roles and the struggle with the diverse phases of the life cycle discussing key issues for stepfamilies such as past orientation and acceptance rejection of differences from non stepfamilies and focal

subsystems the profile characteristics and case studies of an innovative typology of stepfamilies that includes integrated families invented families and imported families aspects of ethnically and culturally different stepfamilies including American stepfamilies Israeli stepfamilies and immigrant stepfamilies from the former Soviet Union social perceptions and attitudes of stepfamilies in schools social services community organizations the media and with the law Offering case studies and data on a variety of families and situations Stepfamilies A Multi Dimensional Perspective will show you that all stepfamilies are not the same and cannot be helped by just one practice method Complete with principles and instruments to assess patients and the success of sessions Stepfamilies A Multi Dimensional Perspective works to promote an understanding of stepfamilies that will result in effective and positive therapy for your clients Troubled Youth, Troubled Families Cynthia J.

Schellenbach, Janet M. Sebes, The 1970s witnessed a growing concern and awareness regarding child abuse an awareness which gradually extended to include the maltreatment of adolescents In the 1980s a number of intervention projects dealing with this particular problem were started Troubled Youth Troubled Families is one of the first full length reports to deal with adolescent abuse *Explaining Family Interactions* Mary Anne Fitzpatrick, Anita L. Vangelisti, 1995-06-09 Explaining Family

Interactions represents a unique collection that may stand alone or complement a traditional textbook The contents reflect the ever changing nature of families and the role communication plays in creating and maintaining family relationships The collection captures the wide universe of family experience as represented in fine scholarship Kathleen M Galvin

Northwestern University What relationship exists between family structure and communication How do communication patterns between family members change over time What role does culture play in family communication In this groundbreaking volume a stellar team of contributors answers these and other significant questions by offering a detailed review of current research and state of the art ideas concerning both communication processes and family functioning Contributors explore a rich tapestry of topics including family conflict courtship and dating relationships postdivorce relations communication and family culture and dual career families to name but a few And while contributors each explore different aspects of family communication all address similar questions and incorporate a range of methodological and or theoretical positions Explaining Family Interactions is an ideal resource for all scholars and students in the fields of

interpersonal communication family studies relationships family sociology and social psychology **Treating People in Families** William C. Nichols, 1996-01-01 The second section focuses on evaluation and treatment In depth chapters demonstrate how to apply the approach during the various stages of the family s developmental life cycle covering everything from planning therapy and defining goals to performing effective diagnosis and assessment and giving feedback to clients The book also provides a wealth of useful advice for treating problems that arise with divorce and remarriage Throughout special attention is given to ethical considerations in therapy the responsibilities of both the therapist and clients and issues of gender and ethnicity
