Selected Poems Stephen Jonas, 1994 *The Poetry of Stephen Jonas* Stephen Jonas, 1992 Born Rufus Jones in Atlanta Georgia 1921 1970 author of *Love the poem the sea Transmutations Exercises for ear Morphogenesis* *Selected poems* Two for Jack Spicer Three poems p 5 131 **Selected Poems** Stephen Jonas, 1973 **Notes to Make the Sound Come Right** T.J. Anderson III, 2004-07-01 In *When Malindy Sings* the great African American poet Paul Laurence Dunbar writes about the power of African American music the notes to make the sound come right In this book T J Anderson III son of the brilliant composer Thomas Anderson Jr asserts that jazz became in the twentieth century not only a way of revising old musical forms such as the spiritual and work song but also a way of examining the African American social and cultural experience He traces the growing history of jazz poetry and examines the work of four innovative and critically acclaimed African American poets whose work is informed by a jazz aesthetic Stephen Jonas 1925 1970 and the unjustly overlooked Bob Kaufman 1925 1986 who have affinities with Beat poetry Jayne Cortez 1936 whose work is rooted in surrealism and the difficult and demanding Nathaniel Mackey 1947 who has links to the language writers Each fashioned a significant and vibrant body of work that employs several of the key elements of jazz Anderson shows that through their use of complex musical and narrative weaves these poets incorporate both the tonal and performative structures of jazz and create work that articulates the African journey From improvisation to polyrhythm they crafted a unique poetics that expresses a profound debt to African American culture one that highlights the crucial connection between music and literary production and links them to such contemporary writers as Michael Harper Amiri Baraka and Yusef Komunyakaa as well as young recording artists United Future Organization Us3 and Groove Collection who have successfully merged hip hop poetry and jazz *Never by Itself Alone* David Grundy, 2024 Through its comprehensive history of post war queer writing in Boston and San Francisco from the 1940s through the 21st century *Never By Itself Alone* provides a new view of queer history Grundy intertwines analysis of lesbian gay and queer literature of the time centering voices which have not yet before been explored in existing criticism The book elevates the underrepresented work of writers of color and those with gender nonconforming identities underscores the link between activism and literature and insists upon the vital importance of radical accounts of race class and gender in any queer studies worthy of the name **The Crimson Letter** Douglass Shand-Tucci, 2004-06 In a book deeply impressive in its reach while also deeply embedded in its storied setting bestselling historian Douglass Shand Tucci explores the nature and expression of sexual identity at America's oldest university during the years of its greatest influence The *Crimson Letter* follows the gay experience at Harvard in the nineteenth and twentieth centuries focusing upon students faculty alumni and hangers on who struggled to find their place within the confines of Harvard Yard and in the society outside Walt Whitman and Oscar Wilde were the two dominant archetypes for gay undergraduates of the later nineteenth century One was the robust praise singer of American democracy embraced at the start of his career by Ralph Waldo

Emerson the other was the Oxbridge aesthete whose visit to Harvard in 1882 became part of the university's legend and lore and whose eventual martyrdom was a cautionary tale Shand Tucci explores the dramatic and creative oppositions and tensions between the Whitmanic and the Wildean the warrior poet and the salon dazzler and demonstrates how they framed the gay experience at Harvard and in the country as a whole The core of this book however is a portrait of a great university and its community struggling with the full implications of free inquiry Harvard took very seriously its mission to shape the minds and bodies of its charges who came from and were expected to perpetuate the nation's elite yet struggled with the open expression of their sexual identities which it alternately accepted and anathematized Harvard believed it could live up to the Oxbridge model offering a sanctuary worthy of the classical Greek ideals of male association yet somehow remain true to its legacy of respectable austerity and Puritan self denial The Crimson Letter therefore tells stories of great unhappiness and manacled minds as well as stories of triumphant activism and fulfilled promise Shand Tucci brilliantly exposes the secrecy and codes that attended the gay experience showing how their effects could simultaneously thwart and spark creativity He explores in particular the question of gay sensibility and its effect upon everything from symphonic music to football set design to statecraft poetic theory to skyscrapers The Crimson Letter combines the learned and the lurid tragedy and farce scandal and vindication and figures of world renown as well as those whose influence extended little farther than Harvard Square Here is an engrossing account of a university transforming and transformed by those passing through its gates and of their enduring impact upon American culture *Three Poems of Stephen Jonas* Stephen JONAS, 1989

Dissonant Voices Joseph Pizza, 2023-09-28 Dissonant Voices Race Jazz and Innovative Poetics in Midcentury America explores the braiding together of racial politics popular music and avant garde poetics in post war American culture Ranging from roughly the late 1940s to the early 1970s this study examines the development of open field poetics alternately termed projective verse after Charles Olson's influential essay of the same name In doing so it traces projective verse from its creation amidst the crucible of racial integration at Black Mountain College to its development through a series of interracial friendships explored among writers involved in the Boston San Francisco and downtown New York scenes to its reimagining by African American poets working in Harlem Los Angeles and beyond as part of the Black Arts Movement Because the histories of integration jazz and postwar poetics have been studied too often as the subjects of disparate narratives and separate disciplines this arc of their shared development has also been largely obscured To remedy this the present study takes an interdisciplinary approach with insights from contemporary histories performance studies sound studies critical race theory and literary criticism informing the mix of literary analysis musicology and historical detail that comprises each chapter Accordingly the book argues for an integrated approach to the New American Poetry and the Black Arts Movement one that situates the midcentury poetics of breath and performance in the context of the Civil Rights era politics and jazz music that informed it Moreover it also unearths significant and little understood connections between Black Mountain the

Beats the Boston Renaissance the New York scene and the Black Arts Movement expanding thereby our understandings of each and in a more general sense of contemporary American poetry politics and music in the process A Literary Biography of Robin Blaser Miriam Nichols, 2019-09-06 A Literary Biography of Robin Blaser Mechanic of Splendor is the first major study illustrating Robin Blaser's significance to North American poetry. The poet Robin Blaser 1925-2009 was an important participant in the Berkeley Renaissance of the 1950s and San Francisco poetry circles of the 1960s. The book illuminates Blaser's distinctive responses to and relationships with familiar writers including Robert Duncan, Jack Spicer and Charles Olson via their correspondence. Blaser contributed to the formation of the serial poem as a dominant mode in post-war New American poetry through his work and engagement with the poetry communities of the time. Offering a new perspective on a well-known and influential period in American poetry, Miriam Nichols combines the story of Blaser's life coming from a mid-western conservative religious upbringing and his coming of age as a gay man in Berkeley, Boston and San Francisco with critical assessments of his major poems through unprecedented archival research. This literary biography presents Blaser's poetry and poetics in the many contexts from which it came, ranging from the Berkeley Renaissance to the Vancouver scene, from surrealism to phenomenology, from the New American poetry to the Canadian postmodern, from the homoerotic to high theory. Throughout, Blaser's voice is heard in the excitement of his early years in Berkeley and Boston and the seriousness of the later years where he was doing most of his living in his work.

Essays on the Peripheries Peter Valente, 2021-04-22 Essays on the Peripheries contains essays written by translator and scholar Peter Valente over a twenty-year period stretching from the 1990s to 2019. They are a record of literary exploration and discovery concerned with the recovery of lost works with those writers whose works were out of print or hard to find and whose names were somehow not fashionable in the current discourse but who are important nevertheless. Edouard Roditi, Barbara Barg and Tom Savage, for example, should be better known but their books are largely ignored. This collection of essays highlights those works on the periphery such as Turkish poets Seyhan Er z elik and K k skender while it also includes several essays on better-known queer authors like Pierre Guyotat and Pier Paolo Pasolini, focusing on often overlooked qualities in their work that bear looking at closely. These essays on works of literature are complemented by a number of texts on jazz, again highlighting important and interesting figures in the world of jazz and free improvisation that may have fallen through the cracks, such as the pianist Richard Twardzick and the Ganelin trio which recorded their great experimental work *Ancora da Capo* in 1980 behind the Iron Curtain. Attention is also given to more popular figures such as Stan Getz. The volume is completed with a series of essays reappraising Roman poets in the twenty-first century, offering fresh new translations and readings of authors such as Catullus and Callimachus. A collection of essays like an anthology is by its nature incomplete. Essays on the Peripheries is a kind of sketch rather than a finished portrait of the author's changing impressions on various subjects over the years.
