Seventies British Cinema provides a comprehensive re evaluation of British film in the 1970s The decade has long been written off in critical discussions as a doldrums period in British cinema perhaps because the industry facing near economic collapse turned to unacceptable low culture genres such as sexploitation comedies or extreme horror The contributors to this new collection argue that 1970s cinema is ripe for reappraisal giving serious critical attention to populist genre films they also consider the development of a British art cinema in the work of Derek Jarman and Peter Greenaway and the beginnings of an independent sector fostered by the BFI Production Board and producers like Don Boyd A host of highly individual directors managed to produce interesting and cinematically innovative work against the odds from Nicolas Roeg to Ken Russell to Mike Hodges As well as providing a historical and cinematic context for understanding Seventies cinema the volume also features chapters addressing Hammer horror the Carry On films Bond films of the Roger Moore period Jubilee and other films that responded to Punk rock heritage cinema and case studies of key seventies films such as The Wicker Man and Straw Dogs In all the book provides the final missing piece in the rediscovery of British cinema s complex and protean history Contributors Ruth Barton James Chapman Ian Conrich Wheeler Winston Dixon Christophe Dupin Steve Gerrard Sheldon Hall I Q Hunter James Leggott Claire Monk Paul Newland Dan North Robert Shail Justin Smith and Sarah Street

The 50 Greatest British Sitcoms Roger Barker,2022-05-30 Britain is famous for its sitcoms Many have been made and numerous sitcoms are regarded as all time classic British television shows In the past sitcoms were ubiquitous on television particularly in the 1970s making up a key part of programme schedules In later years sitcoms have become rarer but are still shown It is common for comedies today to have a modern take on the sitcom and have no laughter track and be almost like a comedy drama What are the greatest British sitcoms This is a subjective opinion as people have different senses of humour this book is the author s opinion taking into account some other factors such as impact on popular culture production values and so forth There is a consensus on the best British sitcoms These appear on greatest sitcom lists or a critically acclaimed today Another way to determine to the British sitcom can be to note which old sitcoms are repeated on British television channels Hopefully this book will be of interest to those interested in British sitcoms and comedy and hopefully the reader will be introduced to some new comedy classics **British National Cinema** Sarah Street,2003-09-02

Ostrowska,2007-02-01 *European Cinemas in the Television Age* is a radical attempt to rethink the post war history of European cinemas The authors approach the subject from the perspective of television s impact on the culture of cinema s production distribution consumption and reception Thus they indicate a new direction for the debate about the future of cinema in Europe In every European country television has transformed economic technological and aesthetic terms in which the process of cinema production had been conducted Television s growing popularity has drastically reshaped cinema s audiences and forced governments to introduce policies to regulate the interaction between cinema and television in the changing and dynamic audio visual environment It is cinematic criticism which was slowest in coming to terms with the presence of television and therefore most instrumental in perpetuating the view of cinema as an isolated object of aesthetic critical and academic inquiry The recognition of the impact of television upon European cinemas offers a more authentic and richer picture of cinemas in Europe which are part of the complex audiovisual matrix including television and new media
