

The background is a surreal landscape painting. In the center, a large, dark, blocky building with a small square window sits on a dark, sloping hill. To the left, a large, orange, textured shape, possibly a giant hand or a steep cliff, reaches down towards the building. In the foreground, a small, dark figure stands on a dark, rounded mound. The sky is a mix of orange, yellow, and green, with a faint rainbow visible. The overall mood is mysterious and otherworldly.

Ways of Being Male John Stephens,2013-10-18 Given the substantial impact of feminism on children s literature and culture during the last quarter century it comes as no surprise that gender studies have focused predominantly on issues of female representation The question of how the same patriarchal ideology structured representations of male bodies and behaviors was until very recently a marginal discussion Now that masculinity has emerges as an overt theme in children s literature and film critical consideration of the subject is timely if not long overdue *Ways of Being Male* addresses this new concern in an unprecedented collection of essays examining how contemporary debates about masculinity are reflected in fiction and film for young adults An outstanding team of scholars elucidates the ways in which different versions of male identity are constructed and presented to young audiences The contributors drawn from a variety of academic disciplines employ international discourses in literary criticism feminism social sciences film theory psychoanalytic criticism and queer theory in their wide ranging exploration of male representation With its illuminating array of perspectives this pioneering survey brings a long neglected subject into sharp focus
