Supplement to J. Kirchner's Prosopographia Attica Johannes Kirchner, 1981 **Supplement to J. Kirchner's Prosopographia Attica** Johannes Sundwall, 1981 *An Introduction to Greek Epigraphy of the Hellenistic and Roman Periods from Alexander the Great Down to the Reign of Constantine (323 B.C.-A.D. 337)* Bradley Hudson McLean, 2002 In short this is a reference work of the best kind For the beginner it is indispensable And for those who already know something about its subject matter the book is in many ways useful informative and interesting We all owe a debt to the author for undertaking this significant project and for completing it so well Michael Peachin Classical World provides invaluable road maps for non epigraphers faced with passages of inscribed Greek Graham Shipley Bryn Mawr Classical Review Greek inscriptions form a valuable resource for the study of all aspects of the Greco Roman world They are primary witnesses to society's laws and institutions religious habits and language This volume provides students with the tools to take advantage of the historical value of these treasures It examines letter forms ancient names and ancient calendars knowledge of which is essential in reading inscriptions of all kinds B H McLean discusses the classification of inscriptions into their various categories and analyzes particular types of inscriptions including decrees honorary inscriptions dedications funerary inscriptions and manumissions Finally McLean includes special topics that bear upon the interpretation of specific features of inscriptions such as Greek and Roman administrative titles and functions *The Ancient World*, 1990 *Introduction to Ancient History* Hermann Bengtson, 1975-01-01 Our translation is made especially for students who have not yet acquired facility in German It departs from Professor Bengtson's text mainly in that the general bibliographical appendix has been reorganized to conform with the plan of the Cambridge Ancient History and also has been revised with the English reading student in mind **Inscriptiones Atticae Euclidis anno posteriores**, 1984 **The Pronomos Vase and Its Context** Oliver Taplin, Rosie Wyles, 2010-08-12 The Pronomos Vase is the single most important piece of pictorial evidence for ancient theatre to have survived from ancient Greece It depicts an entire theatrical chorus and cast along with the celebrated musician Pronomos in the presence of their patron god Dionysos In this collection of essays illustrated with nearly 60 drawings and photographs leading specialists from a variety of disciplines tackle the critical questions posed by this complex hub of evidence The discussion covers a wide range of perspectives and issues including the artist's oeuvre the pottery market the relation of this piece to other artistic and especially celebratory artefacts the political and cultural contexts of the world that it was produced in the identification of figures portrayed on it and the significance of the Pronomos Vase as theatrical evidence The volume offers not only the most recent scholarship on the vase but also some ground breaking interpretations of it *Augustan and Julio-Claudian Athens* Geoffrey C. R. Schmalz, 2009 While there is now renewed interest in the history of Athens under the Roman empire the Augustan and Julio Claudian periods remain relatively neglected in terms of extended study Thus the only comprehensive historical works on the period and its epigraphy remain

those of Paul Graindor which were published before the discovery of the Athenian Agora and its epigraphical wealth This study aims to help provide a basis for new research on early Roman Athens in the form of an epigraphical and historical reference work in two parts The Epigraphical Catalogue Part I represents both a companion and supplement to the Attic corpus of the Inscriptiones Graecae Minor Editio as it pertains to the Augustan and Julio Claudian period The Prosopographical Catalogue Part II offers an updated prosopography of the period as it relates to the material of the Epigraphical Catalogue An appendix provides a chronological list of the period's major office holders liturgists and priesthoods
