Long, 2005-01-01 This thorough revision of this classic text is even clearer and more helpful than the first edition Long has updated the language expanded the key chapter on biblical exegesis and has included more examples of sermon forms illustrations and conclusions

Telling the Story Richard A. Jensen, 1980

Crafting of Liturgy Daniel B. Stevick, 1990

The Hermeneutical Spiral Grant R. Osborne, 2010-01-25 In this revised and expanded edition Grant Osborne provides seminary students and working pastors with the full set of tools they need to travel the hermeneutical spiral moving from sound exegesis to the development of biblical and systematic theologies and to the preparation of sound biblical sermons

Telling the Whole Story John C. Holbert, 2013-03-01 Telling the Whole Story is both a book about preaching and reading the narratives of the Hebrew Bible John C Holbert PhD in Hebrew Bible was a longtime teacher of preaching and Hebrew Bible at Perkins School of Theology Southern Methodist University having retired in 2012 after thirty three years In this volume he combines his two skills of careful narrative reading and imaginative story preaching to offer the first comprehensive look at this particular kind of sermon proclamation The reader will also find here an introduction to the long history of story preaching in the history of the church as well as a primer both in ways to read the narratives more effectively and ways to preach several varieties of story sermons At the heart of this book four narratives from the Hebrew Bible are exegeted and are accompanied by four story sermons based on those texts Genesis 2 3 1 Samuel 15 Judges 4 and Jonah The goal of the book is to help preachers who are looking for effective ways to proclaim the gospel using narrative texts from the Hebrew Bible to allow the rich stories of the texts to sound their ancient truth to the modern world

The Story of Narrative Preaching Mike Graves, 2015-03-02 Forty years ago the one thing that could be said about sermons was they were biblical Unfortunately they were sometimes tedious too Narrative preaching aimed to fix that advocating for a dynamic experience of the text over against a static lecture Preaching could be like the parables of Jesus intriguing and compelling The Story of Narrative Preaching is the story of seven students who are enrolled in Professor Freeman s preaching course Once a new trend narrative preaching is now older than most of them As Professor Freeman notes two things went wrong with narrative styles over time the church became biblically and theologically illiterate and the promised stress on experience didn t always measure up to the weight of the gospel Readers are invited to sit in on the class to reflect on the expositional nature of preaching and to experience the stories of some modern storytellers Flannery O Connor Alice Walker and others to see what they might teach us about narratives of depth In the end we discover what may be the most important word in preaching

Narrative Reading, Narrative Preaching Joel B. Green, Michael Pasquarello, III, 2003-12-01 There is often an unfortunate division between the technical work of biblical scholars and the practical work of preachers who construct sermons each week These two fields of study which ought to be mutually informed and supportive are more often practically divided by divergent methods interests and goals Narrative Reading Narrative Preaching aims to

bridge that divide Using narrative as an organizing theme the contributors work through the New Testament offering examples of how interpretation can rightly inform proclamation Three pairs of chapters feature an exemplary reading by a New Testament scholar followed by a sermon informed by that reading Introductory and concluding chapters provide guidance for application of the model Pastors and seminarians will find here a uniquely practical work that will help them with both the reading and preaching of Scripture

Understanding and Preaching Narrative Roger Senior, 2012-03 Over half of Scripture is narrative in form Is there more to it than entertaining stories Are we perhaps missing some of the deeper meaning In this book Roger Senior gets to grips with the unique characteristics of biblical narrative by an examination of Luke's gospel He uses these insights to help preachers prepare sermons in which the original narrative power and impact of the biblical text is maintained At the end of most chapters are questions which may profitably be studied individually or in groups Rev Dr Roger Senior has worked in East Asia with OMF International for almost thirty years He has trained pastors and seminary students in expository preaching in Korea Mongolia and Malaysia At the Union Bible Theological College in Mongolia he taught Biblical Studies Hermeneutics and Homiletics and also worked as college principal He is currently on the faculty of the Malaysia Bible Seminary

Edwards JR., 2016-04-25 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation Bringing together an impressive array of familiar and lesser known figures Edwards paints a detailed compelling picture of what it has meant to preach the gospel Pastors scholars and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching Volume 1 contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative Along the way the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time Origen Chrysostom Augustine Bernard Aquinas Luther Calvin Wesley Edwards Rauschenbusch Barth all of their distinctive contributions receive careful attention Yet lesser known figures and developments also appear from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands preachers of the eighteenth century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew Volume 2 available separately as 9781501833786 contains primary source material on preaching drawn from the entire scope of the church's twenty centuries The author has written an introduction to each selection placing it in its historical context and pointing to its particular contribution Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history Ecumenical in scope fair minded in presentation appreciative of the

contributions that all the branches of the church have made to the story of what it means to develop deliver and listen to a sermon A History of Preaching will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel This work is expected to be the standard text on preaching for the next 30 years says Ann K Riggs who staffs the NCC's Faith and Order Commission Author Edwards former professor of preaching at Seabury Western Theological Seminary is co-moderator of the commission which studies church uniting and church dividing issues A History of Preaching is ecumenical in scope and will be relevant in all our churches we all participate in this field says Riggs from EcuLink Number 65 Winter 2004 2005 published by the National Council of Churches

Preaching and the Personal J Dwayne Howell, 2014-07-31 Preaching is a very personal process a minister or speaker prepares his or her own sermon and presents it to the congregation Sermons draw upon the Bible as a central source and the source provides a basis of faith for the believing community The preaching event is also personal for the individual members of the congregation who receive the preacher's words based on a biblical text in their own unique way In the synthesis of Biblical text sermon and listener response many testimonies are present Preaching and the Personal is a collection of papers that have been presented at the Society of Biblical Literature These papers encourage and nurture dialogue among scholars who share an interest in the unique theological problems inherent to the relationship between biblical interpretation and proclamation Preaching and the Personal opens a stimulating dialogue in the field

Campbell, 2006-09-01 The post liberal cultural linguistic theology of the Yale School has been one of the most important theological developments in the United States during the latter twentieth century In this unique book which combines theological analysis and homiletical reflection Charles Campbell examines post liberal theology as it is embodied in the work of Hans Frei and develops the implications of this theological position for the theory and practice of preaching Arguing that the trouble with homiletics today is fundamentally theological

Feasting in a Famine of the Word Mark W. Birkholz, Jacob Corzine, Jonathan Mumme, 2016-02-16 The Lord warns of a famine of hearing the word of the Lord Amos 8:11 Has this warning come to pass in our day? There is no shortage of preachers but how often do they miss the mark in actually delivering the word of God to their hearers leaving them hungry? The authors of these essays seek to equip preachers with resources to offer their hearers a rich feast from the word of the Lord. Writing from a Lutheran perspective contributors from across the globe provide a fresh approach to preaching. These authors represent seasoned pastors and professors as well as young scholars. All are actively preaching and teaching God's word on a regular basis. This book covers a wide range of topics relating to preaching from the scriptural background and hermeneutical issues to historical examples of notable preachers and also practical guides to crafting and delivering a sermon. These essays will assist preachers in proclaiming God's word in a manner that provides a feast for those living in a famine-stricken world.
