Ten Heroes Of The Twenties:

Heroes & Ballyhoo Michael K. Bohn, 2009-11-30 A handful of star athletes along with their promoters and journalists created America's sports entertainment industry during the 1920s the Golden Age of American sports The period had an extraordinary impact profoundly changing individual sports establishing the secular religion of sports and sports heroes and helping bond disparate social and regional sectors of the country It's when sports became a cornerstone of modern American life Heroes and Ballyhoo profiles the ten most prominent Golden Age heroes and describes their effect on sports and society Babe Ruth saved baseball after the Black Sox Scandal Boxer Jack Dempsey made the sweet science a respectable sport Red Grange single handedly set professional football on a path to eventual success Knute Rockne helped transform college football from a game to a colossal enterprise Bobby Jones changed golf into a spectator sport and Walter Hagen sparked the first national interest in professional golf Bill Tilden put tennis on the front of the sports section Tennis player Helen Wills Moody joined swimmer Gertrude Ederle in empowering women athletes Johnny Weissmuller astonished international swimming before becoming Tarzan The book also explores the ballyhoo artists sportswriters promoters and press agents who hyped the stars to a receptive public Simultaneously the spectators established themselves as the focus of popular sports The personalities and events of the 1920s thus created today's entertainment conglomerate of heroes promoters and advertisers fans arenas and money Sports as a profit center started with the Golden Age's heroes and PR artists and the public's obsessive interest in sports helped shape America's emerging mass society Heroes and Ballyhoo tells the story of what was both a symptom and a cause of modern America **Ten Heroes of the Twenties** Rex Lardner, 1966 Fight Night 1939 Joseph Monninger, 2025-10-14 JOE LOUIS VS TONY GALENTO A fascinating portrait of an era a compelling tale of two very different men and one epic moment For fans of powerful untold histories like The Boys in the Boat Seabiscuit Tunney and Triumph The Untold Story of Jesse Owens and Hitler's Olympics A brisk and entertaining history that looks at the state of the nation in the 1930s Kirkus Reviews By all measures 5 8 Tony Two Ton Galento stood no chance when he stepped into the ring against the Brown Bomber Joe Louis the finest heavyweight of his generation Galento predicted I'll moida da bum and lifted him from the canvas with a single left hook and entered the record books as one of the few men to put the great Louis down A palooka a thug a vibrant appetite of a man Galento the consummate underdog scored some points for underestimated little guys everywhere He had scrapped his way out of the streets and into the brightest light of American life where he took his best shot The powerful disciplined dignified Louis who thrilled boxing fans with his prowess and inspired millions of Americans but especially Black Americans during the Jim Crow era would ultimately gather himself and take Galento apart It was a rousing display of determination and courage for both men who emerged from their combat with respect for the other Joe Monninger's inspiring portrait of two men a moment and an era reminds us that sometimes it is through effort exceeding expectations and beating the odds that people can most enduringly define themselves *Acts of Supremacy* Walter Francis

Fitzpatrick III, 2023-10-10 *In Acts of Supremacy* Walter Francis Fitzpatrick III delivers a searing exposé of America's military justice system through the lens of his own harrowing experience. As a decorated Naval officer whose career was derailed by what he describes as a rigged court martial, Fitzpatrick meticulously documents how military tribunals operate outside constitutional boundaries, creating a shadow justice system where commanders wield extraordinary power over the accused. Fitzpatrick unravels the historical roots of military discipline from Roman and British traditions to modern practice, revealing how the Uniform Code of Military Justice allows for prosecutorial overreach, command influence, and denial of due process rights that would be unthinkable in civilian courts. With painstaking detail, he reconstructs his own case alongside the infamous court martial of USS Indianapolis Captain Charles McVay, demonstrating disturbing parallels of command vindictiveness and scapegoating spanning decades. This unflinching account exposes how military justice can become a weapon wielded by commanders against subordinates, raising urgent questions about constitutional protections for those who swear to defend those very rights. Fitzpatrick's narrative combines personal memoir, legal analysis, and historical research to challenge readers to consider reform of a system that impacts thousands of service members. A crucial read for military personnel, legal professionals, and anyone concerned with justice and accountability in American institutions. If you enjoyed *Military Justice is to Justice as Military Music is to Music*, *Court Martial: How Military Justice Has Shaped America*, and *Dereliction of Duty*, you'll love *Acts of Supremacy*. *Two Ton* Joseph Monninger, 2012-08-21 An exceptional account of underdog boxer Tony Galento's surprising 1939 victory against renowned heavyweight champion Joe Louis. The Boston Globe Beetle-browed, nearly bald, a head that rode his collarbones like a bowling ball, returning on rails, his waist size more than half his five-foot-eight height. *Two Ton* Tony Galento resembled a taxi driving away with its top down. By all measures, he stood no chance when he stepped into the ring against the Brown Bomber, Joe Louis, the finest heavyweight of his generation. But in Yankee Stadium on a June night in 1939, he entered the record books as one of the few men to put the great Louis down. For two splendid seconds, he stood on the mat as the Joe Louis lay before him, champ of the world, the toughest man alive, the mythical hero of a nation little more than a year away from war. I'll moida da bum, he had predicted. And though Louis was no bum, Galento was almost as good as his word. Joe Monninger's spellbinding portrait of a man, a moment, and an era reminds us that sometimes it is through effort, and not the end result, that people most enduringly define themselves. **Catalog of Copyright Entries. Boles, Sally Foreman Griffith, 2005-08-23 Introducing a New U.S. History Text That Takes Religion Seriously *Unto a Good Land* offers a distinctive narrative history of the American people from the first contacts between Europeans and North America's native inhabitants through the creation of a modern nation to the 2004 presidential election. Written by a team of highly regarded historians, this textbook shows how grasping the uniqueness of the American experiment depends on understanding not only social, cultural, political, and economic factors, but

also the role that religion has played in shaping U S history While most United States history textbooks in recent decades have expanded their coverage of social and cultural history they still tend to shortchange the role of religious ideas practices and movements in the American past *Unto a Good Land* restores the balance by giving religion its appropriate place in the story This readable and teachable text also features a full complement of maps historical illustrations and In Their Own Words sidebars with excerpts from primary source documents *Hidden Heroes* Larry Thompson, 2005-06 **America in the Twenties** Ronald Allen Goldberg, 2003-10-01 This is the first book to offer a comprehensive look at American life in the 1920s as framed by the aspirations scandals and attitudes of the Wilson Harding Coolidge and Hoover presidencies In fascinating detail Goldberg examines how Victorian values were transformed into the freewheeling lifestyle of the Jazz Age and explores the effects of such far reaching issues as isolationism vs internationalism massive immigration labor management relations and the prevalence of big business Even as he pierces the era s claim to being a time of wonderful nonsense Goldberg balances its giddy fads and foibles with a stinging critique of darker and or significant social issues From the rise of the Ku Klux Klan to black protests to the Scopes Monkey Trial from bootlegging and Prohibition to the Red Scare Goldberg shows how the temper of the 1920s shaped the nation s future Finally he poses provocative questions about how mistakes might have been avoided and what consequences ensued *The Booklist*, 1924 Clarence Darrow, a Bibliography Willard D. oversupply of a symbol leads to a weakening of its power to elicit desired responses Klapp demonstrates how this market concept applies to such symbols as credentials medals smiles kisses greeting cards religious tokens fashions and finally to information itself The result of Klapp s study is to bring into focus this vast pervasive largely unwitting sort of inflation that eats away at cultural values that carry no price in the money market and to isolate various conditions massness egalitarianism loss of scarcity that favor social inflation and thereby help us to understand even to control it as a source of disappointment in modern society This book will be of interest to sociologists economists and students of American culture concerned with the erosion of values in an information age **The Booklist and Subscription Books Bulletin** ,1966
