Islam Through Western Eyes Jonathan Lyons, 2014-01-01 Despite the West s growing involvement in Muslim societies conflicts and cultures its inability to understand or analyze the Islamic world threatens any prospect for East West rapprochement Impelled by one thousand years of anti Muslim ideas and images the West has failed to engage in any meaningful or productive way with the world of Islam Formulated in the medieval halls of the Roman Curia and courts of the European Crusaders and perfected in the newsrooms of Fox News and CNN this anti Islamic discourse determines what can and cannot be said about Muslims and their religion trapping the West in a dangerous dead end politics that it cannot afford In *Islam Through Western Eyes* Jonathan Lyons unpacks Western habits of thinking and writing about Islam conducting a careful analysis of the West s grand totalizing narrative across one thousand years of history He observes the discourse s corrosive effects on the social sciences including sociology politics philosophy theology international relations security studies and human rights scholarship He follows its influence on research speeches political strategy and government policy preventing the West from responding effectively to its most significant twenty first century challenges the rise of Islamic power the emergence of religious violence and the growing tension between established social values and multicultural rights among Muslim immigrant populations Through the intellectual archaeology of Michel Foucault Lyons reveals the workings of this discourse and its underlying impact on our social intellectual and political lives He then addresses issues of deep concern to Western readers Islam and modernity Islam and violence and Islam and women and proposes new ways of thinking about the Western relationship to the Islamic world

Keywords in Western Literary Criticism and

Contemporary China Yamin Hu, 2020-07-16 Since the reform and opening up of China in 1978 Western literary criticism has begun to flourish and gain in popularity within the country s academic literature community These two volumes meticulously select and examine nine of the most influential keywords from Western literary theory while identifying the intricate historical sources of these terms and analyzing their relevance to other disciplines and ideas The result shows how these words function as heterogeneous cultural contexts in the complexity of experience but also how they function within the context of Chinese culture as well as Chinese literature and criticism In this volume the editors focus on metaphor the

other ideology and the body from the perspectives of etymology documentation meanings and other core factors Students of literature and languages and especially Chinese literature will benefit from this two volume set The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
