Richards, 2011-08-01 This four color Gold Medallion Book Award winner is a perfect tool that offers solid biblical answers to some of the tough questions kids ask about evolution and our world Did Earth begin with a Big Bang cosmic explosion Does science contradict the Bible What happened to dinosaurs Is there life on other planets Did we evolve from apes What makes my body work on its own Kids are daily exposed to the theory of evolution by the media and public schools It s not safe to assume that your kids will reject that theory It s up to us as parents and Christian leaders to make sure our children know the truth about the creation of the world With thousands of evidences to prove He created and sustains the universe *It Couldn't Just Happen* will fascinate kids with fun activities and examples of God s marvelous works      Words of a Lifetime...So Far K.M. Kirkpatrick, 2014-07-30 Those are words only words This was a comment I once heard in response to anothers comments The response to the responder came back quickly words are truly all we have our words are WHO we are They are everything This author could not agree more In writing *Words Of A Lifetime So Far* I wanted to do just that put words out there that reveal our meaning our substance that who we are and why we are is so very important to our happiness in this life That those things those places those people their faces whoops There I go again are what make the journey that we are all on so very worth it The only way we truly have to authentically express what that journey means to us and what we mean to each other is through the WORDS Our Words With full page color photographs many of them montages of photos taken around the world I offer scope and dimension into my poetic works and use the personal stories of my experiences to introduce each poem I am really excited to offer the experience of essay poetry and photography for your reading pleasure in a single volume I believe it will present the poetic genre from a whole new perspective and vision Above all I hope it helps us all to connect with each other just a little more There is no such thing as an ordinary life We are all extraordinary All of us each of us So heres to US and to *The Words Of A Lifetime So Far* Thanks for visiting Join me in the journey What we Read is Where we Go KM      Alex and the Shrink World Ric Averill, 1998      *How to Take Skepticism Seriously* Adam Leite, 2024 *How to Take Skepticism Seriously* argues that philosophical skepticism the idea that we cannot know anything definitive about the world around us is false for straightforward reasons that we can all appreciate when we reflectively work from within our everyday practices procedures and commitments No epistemological theory building is needed Adam Leite thus offers a resolution to a problem that has haunted philosophy since Descartes implements and defends a neglected methodological approach and elucidates the tradition of G E Moore and J L Austin While engaging with prominent work in contemporary epistemology the book offers a fundamentally different understanding of the relation between core philosophical issues and everyday life      Last Girl Gone J.
