correspondents in Russia is the story of Russia's attitude to the west. Russia has at different times been alternately open to western ideas and contacts cautious and distant or for much of the twentieth century all but closed off. From the revolutionary period of the First World War onwards correspondents in Russia have striven to tell the story of a country known to few outsiders. Their stories have not always been well received by political elites audiences and even editors in their own countries but their accounts have been a huge influence on how the West understands Russia. Not always perfect at times downright misleading they have overall been immensely valuable.

In Assignment Moscow former foreign correspondent James Rodgers analyses the news coverage of Russia throughout history from the coverage of the siege of the Winter Palace and a plot to kill Stalin to the Chernobyl explosion and the Salisbury poison scandal.

Literature Suppressed on Political Grounds, Fourth Edition Nicholas Karolides, 2019-08-01. Throughout history tyrants totalitarian states church institutions and democratic governments alike have banned books that challenged their assumptions or questioned their activities. Political suppression also occurs in the name of security and the safeguarding of official secrets and is often used as a weapon in larger cultural or political battles.

Literature Suppressed on Political Grounds Fourth Edition illustrates the extent and frequency of such censorship in nearly every form of writing. Views on Europe Lilli Riettiens, Elke Kleinau, 2022-04-04. The history of travel has long been constructed and described almost exclusively as a history of European male mobility without however explicitly making the gender and whiteness of the travellers a topic. The anthology takes this as an occasion to focus on journeys to Europe that gave non Europeans the opportunity to glance at Europe and to draw a picture of it by themselves. So far little attention has been paid to the questions with which attributes these travellers endowed Europe and its people which similarities and differences they observed and which ideas of Europe they produced. The focus is once again on Europe but not as the starting point for conquests or journeys. From a postcolonial and gender historical view the anthology's

contributions rather juxtapose self representations of Europe with perspectives that move in a field of tension between agreement contradiction and oscillation Cinema ,1929 *Work and Other Sins* Charlie LeDuff,2005-01-25 From the New York Times bestselling author of *Detroit An American Autopsy* Except for a few drinks nothing is free in Charlie LeDuff's blunt and touching *Work and Other Sins* The laughter and wisdom are hard won the lessons are often painful the sad tales and wit from the bar rail are endless and timeless The New York Times Book Review Charlie LeDuff is that rare breed of news reporter one who can cover hard to get at stories in a unique and deeply personal style In *Work and Other Sins* he gives his incomparable take on New York City and its denizens the bars the workingmen the gamblers the eccentrics the lonesome and the wise Whether writing about a racetrack gambler a firefighter with a broken heart or a pair of bickering brothers and their Coney Island bar LeDuff takes the reader into the lives of his subjects to explore their fears faults and fantasies as well as their own small niches of the globe The result is an at turns riotous dirt under the nails contemplative salty joyous whiskey tinged and utterly unique vision of life in the Big Apple **New Masses** ,1927 Encyclopedia of Russian Women's Movements Norma C.
