Tenth Muse Essays In Criticism:

The Tenth Muse Sir Herbert Edward Read, 1969 **The Tenth Muse** Herbert Read, 2013 **The Tenth Muse (Routledge Revivals)** Herbert Read, 2015-12-22 This book first published in 1957 is a collection of Herbert Read's essays on various topics. The essays explore many different subjects and themes including art, literature, religion, and philosophy. This title will be of interest to a variety of readers. Herbert Read Reassessed David Goodway, 1998-01-01 Herbert Read 1893-1968 acquired in his lifetime a considerable international reputation in all the major areas of his diverse activities as poet, as educationalist, as anarchist, as philosopher of aesthetics, as art critic, as historian, and above all as propagandist for modern art and design. The papers assembled in *Herbert Read Reassessed* offer a comprehensive and authoritative coverage of Read's life work that is designed to stimulate debate. An impressive volume, it manages to present a unified but not totalizing portrait of one of England's most distinguished twentieth-century critics. *English Historical Review* **Max Stirner and the Political Theology of Fanaticism** Jorn Janssen, 2024-08-07 This book provides a rigorous and insightful exploration of political fanaticism, guided by a nuanced interpretation of the works of Max Stirner, a philosopher often overlooked in contemporary discourse. Based on a comprehensive analysis of Stirner's perspectives, the book sheds light on the phenomenon of political fanaticism and its implications for modern society. Defined as an intense and irrational emotional investment in political convictions, political fanaticism permeates both North American and European contexts, presenting a significant area of study within political theory. The aim of this work is not to advocate for any particular ideological position, but rather to critically examine the phenomenon itself. Central to the investigation is Stirner's distinctive idea that political fanaticism mirrors the fervor of religious zealotry transposed onto the political stage. By delving into Stirner's philosophical insights, the book aims to elucidate the underlying mechanisms driving political fanaticism and its relationship to broader societal shifts. Contributing to the field of political theology by exploring the intersections between politics and religious belief systems, the aim is to achieve a deeper understanding of the complex dynamics at play in contemporary political discourse. Ultimately, the goal is to provide scholars and researchers with a comprehensive framework for analyzing and contextualizing political fanaticism within the broader landscape of modern politics. By engaging with Stirner's works and interrogating their relevance to contemporary challenges, the book seeks to enrich scholarly discourse and foster critical reflection on this pressing issue. Mediating Modernisms Ruth B. Phillips, Norman Vorano, 2025-08-29 *Mediating Modernisms* explores the fertile exchanges between Indigenous artists living in colonial societies and the mid-twentieth-century mediators who carried ideas of aesthetic modernism and modernist primitivism into these worlds. *Jackson Pollack* Claude Cernuschi, 2021-11-28 Designed to help students and interested general readers to interpret the abstract expressionist paintings of Jackson Pollock, this survey of Pollock's life and art provides insight into the origins and meanings of individual works and analyzes the influences upon Pollock. Also included are discussions of the many issues raised by Pollock's work.

Anarchist Seeds beneath the Snow David Goodway, 2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In *Anarchist Seeds beneath the Snow* David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world

Abstraction in Post-War British Literature 1945-1980 Natalie Ferris, 2022-03-29 In a
