Robert Jameson (F.R.S.E.)

Terks Tale:

The Chameleon and the Dream Karl D. Kramer, 2013-09-26 No detailed description available for The Chameleon and the Dream

British Short Fiction in the Early Nineteenth Century Tim Killick, 2016-05-23 In spite of the importance of the idea of the tale within Romantic era literature short fiction of the period has received little attention from critics Contextualizing British short fiction within the broader framework of early nineteenth century print culture Tim Killick argues that authors and publishers sought to present short fiction in book length volumes as a way of competing with the novel as a legitimate and prestigious genre Beginning with an overview of the development of short fiction through the late eighteenth century and analysis of the publishing conditions for the genre including its appearance in magazines and annuals Killick shows how Washington Irving's hugely popular collections set the stage for British writers Subsequent chapters consider the stories and sketches of writers as diverse as Mary Russell Mitford and James Hogg as well as didactic short fiction by authors such as Hannah More Maria Edgeworth and Amelia Opie His book makes a convincing case for the evolution of short fiction into a self conscious intentionally modern form with its own techniques and imperatives separate from those of the novel

Studying the Novel Jeremy Hawthorn, 2022-08-25 Consistently praised for its readability and scholarship Studying the Novel is the ideal undergraduate companion to the study of the novel and shorter fiction Revised throughout to reflect the profound impact of e reading and digital resources on the writing reading and analysis of fiction the eighth edition includes a new chapter on popular fiction that covers children's fiction horror and the gothic science fiction the detective story the comic novel and the graphic novel The chapter on World Literature has been expanded to include sections on fiction and apartheid and the fiction of disability and information on electronic resources has been thoroughly updated Providing a complete guide to the study of prose fiction in one reader friendly volume the book covers The history and diversity of the novel from early ancestors to new electronic forms The novel the novella and the short story Realism modernism and postmodernism Analysing fiction narrators character structure theme and dialogue Popular fiction Critical approaches to studying the novel Practical guidance on textual analysis the choice and use of criticism electronic resources and essay writing Film and TV adaptations and reading novels in translation World literature Comprehensive cross referencing allows readers to locate information quickly Technical terms and concepts such as perspective and voice symbol and image Free Indirect Discourse and many others are all explained with the help of examples from a wide range of fictional works A Glossary provides additional explanations of terms and concepts the student is likely to encounter and each chapter concludes with a set of study questions

The Short Story Valerie Shaw, 2014-07-21 Throughout this text Valerie Shaw addresses two key questions What are the special satisfactions afforded by reading short stories and How are these satisfactions derived from each story's literary techniques and narrative strategies She then attempts to answer these questions by drawing on stories from different periods and countries by authors who were also great novelists like Henry

James Flaubert Kafka and D H Lawrence by authors who specifically dedicated themselves to the art of the short story like Kipling Chekhov and Katherine Mansfield by contemporary practitioners like Angela Carter and Jorge Luis Borges and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris

The Telling and the Tale: an Introductory Guide to Short, Creative Prose , The Sketch, the Tale, and the Beginnings of American Literature Lydia G. Fash, 2020-03-31 Accounts of the rise of American literature often start in the 1850s with a cluster of great American novels Hawthorne's *The Scarlet Letter* Melville's *Moby Dick* and Stowe's *Uncle Tom's Cabin* But these great works did not spring fully formed from the heads of their creators All three relied on conventions of short fiction built up during the culture of beginnings the three decades following the War of 1812 when public figures glorified the American past and called for a patriotic national literature Decentering the novel as the favored form of early nineteenth century national literature Lydia Fash repositions the sketch and the tale at the center of accounts of American literary history revealing how cultural forces shaped short fiction that was subsequently mined for these celebrated midcentury novels and for the first novel published by an African American In the shorter works of writers such as Washington Irving Catharine Sedgwick Edgar Allan Poe and Lydia Maria Child among others the aesthetic of brevity enabled the beginning idea of a story to take the outsized importance fitted to the culture of beginnings Fash argues that these short forms with their ethnic exclusions and narrative innovations coached readers on how to think about the United States past and the nature of narrative time itself Combining history print history and literary criticism this book treats short fiction as a vital site for debate over what it meant to be American thereby offering a new account of the birth of a self consciously national literary tradition

Commerce ,1924

Feminism's Empire Carolyn J. Eichner,2022-06-15 Feminism s Empire investigates the complex relationships between imperialisms and feminisms in the late nineteenth century and demonstrates the challenge of conceptualizing pro imperialist and anti imperialist as binary positions By intellectually and spatially tracing the era s first French feminists engagement with empire Carolyn J Eichner explores how feminists opposed yet employed approaches to empire in writing speaking and publishing In differing ways they ultimately tied forms of imperialism to gender liberation Among the era s first anti imperialists French feminists were enmeshed in the hierarchies and epistemologies of empire They likened their gender based marginalization to imperialist oppressions Imperialism and colonialism s gendered and sexualized racial hierarchies established categories of inclusion and exclusion that rested in both universalism and ideas of nature that presented colonized people with theoretical yet impossible paths to integration Feminists faced similar barriers to full incorporation due to the gendered contradictions inherent in universalism The system presumed citizenship to be male and thus positioned women as outsiders Feminism s Empire connects this critical struggle to hierarchical power shifts in racial and national status that created uneasy linkages between French feminists and imperial authorities

Early Tales and Sketches, Volume 1 Mark Twain,1979-12-12 This collection brings together for the first time more than 360 of Mark Twain s short works written between 1851 the year of his first extant sketch and 1871 when he renounced his ties with the Buffalo Express and the Galaxy resolving to write but little

for periodicals hereafter In October 1871 Clemens and his family moved to Hartford where they would live until 1891 No longer a journalist he was about to complete his second full length book *Roughing It* The literary apprenticeship that he had begun twenty years before in the print shops of Hannibal and pursued in the newspaper offices of Virginia City San Francisco and Buffalo had at last come to a close The selections included in these volumes represent a generous sampling from Mark Twain s most imaginative journalism a few set speeches a few poems and hundreds of tales and sketches recovered from more than fifty newspapers and journals as well as two dozen unpublished items of various description the main body of what can now be found of his early literary and subliterary work though by no means everything written during those twenty years of experimentation The selections are ordered chronologically and therefore provide a nearly continuous record of the author s literary activity from his earliest juvenilia up through the mature work that he published in the *Galaxy* the *Buffalo Express* and many other journals

An Organon of Life Knowledge Michael Basseler,2019-01-23 Can fiction teach us how to live This study offers a fresh take on the North American short story exploring how the genre has engaged in the construction and circulation of life knowledge Echoing the resurgence of short story scholarship in recent years it thus contributes a genre focused perspective to the growing field of literature and knowledge studies Drawing on stories from the late 19th century to the present by authors such as Henry James F Scott Fitzgerald Eudora Welty Junot Diaz and Alice Munro Michael Basseler examines how knowledge about life and how to live it is generically constituted and vice versa how literary genres such as the short story are embedded in broader cultural frameworks of knowledge production

Cynthia S. J. Heyworth,2007-11-23 Propertius is a poet of the Augustan period a successor of the great Hellenistic elegiac poets Callimachus and Philotas and a precursor of Ovid His account of his fictionalized affair with his beloved alter ego Cynthia is the purest expression of the spirit of love elegy setting them as a pair against war epic and apparently Augustus himself This is an author read by virtually all students of Classical Latin Cynthia provides a lucid attempt to understand and correct the many difficulties in the transmitted text It consists of a commentary on the whole corpus together with a prose translation including alternative versions of ambiguous phrasing In its clear exposition of technical problems the book will serve as an introduction to Latin textual criticism in the modern age and to elegiac poetic style

System of Mineralogy, Comprehending Oryctognosie, Geognosie, Mineralogical Chemistry, Mineralogical Geography, and Oeconomical Mineralogy Robert Jameson (F.R.S.E.),1804 *Grain Trade Documents* Samuel Knowles Thorpe,1924
