Iranian-Russian Encounters Stephanie Cronin, 2013 Over the past two hundred years encounters between Iran and Russia have been both rich and complex This book explores the myriad dimensions of the Iranian Russian encounter during a dramatic period which saw both Iran and Russia subject to revolutionary upheavals and transformed from multinational dynastic empires typical of the nineteenth century to modernizing authoritarian states typical of the twentieth The collection provides a fresh perspective on traditional preoccupations of international relations wars and diplomacy the hostility of opposing nationalisms the Russian imperial menace in the nineteenth century and the Soviet threat in the twentieth Going beyond the traditional this book examines subaltern as well as elite relations and combines a cultural social and intellectual dimension with the political and diplomatic In doing so the book seeks to construct a new discourse which

contests the notion of an implacable enmity between Iran and Russia Bringing together leading scholars in the field this book demonstrates extensive use of family archives Iranian Russian and Caucasian travelogues and memoirs and newly available archives in both Iran and the countries of the former Soviet Union Providing essential background to current international tensions this book will be of particular use to students and scholars with an interest in the Middle East and Russia

Diaspora A Journal of Transnational Studies In the aftermath of the seventh century Islamic conquest of Iran Zoroastrians departed for India Known as the Parsis they slowly lost contact with their ancestral land until the nineteenth century when steam powered sea travel the increased circulation of Zoroastrian themed books and the philanthropic efforts of Parsi benefactors sparked a new era of interaction between the two groups

Tracing the cultural and intellectual exchange between Iranian nationalists and the Parsi community during the late nineteenth and early twentieth centuries *Exile and the Nation* shows how this interchange led to the collective reimagining of Parsi and Iranian national identity and the influence of antiquity on modern Iranian nationalism which previously rested solely on European forms of thought Iranian nationalism Afshin Marashi argues was also the byproduct of the complex history resulting from the demise of the early modern Persianate cultural system as well as one of the many cultural heterodoxies produced within the Indian Ocean world

Crossing the boundaries of numerous fields of study this book reframes Iranian nationalism within the context of the connected transnational and global history of the modern era Well written clearly argued Transnational history at its best

Middle East Journal Marashi s engaging biographies highlight the significance of Parsi Zoroastrians to the related restoration of Iranian authenticity

Modern Iran (RLE Iran A) L Elwell-Sutton, 2013-05-13 This volume shows the progress and achievements of Iran up to the 1940s within the setting of her ancient history and her strategic position in the world today The author discusses Iran s vital position as the dividing line between the East and the West and how Iran drew from and contributed to both these cultures without losing her own individuality It is this cultural influence the author argues rather than any political strength that has enabled her to survive Much of the information is taken from sources not available in English or any other language other than Persian
