Terneros Que Nunca Mueran De Rodillas:

Terneros que nunca mueran de rodillas Ramón Fernández-Larrea, 2022 **The Whole Island** Mark Weiss, 2009-11-25

Cuba's cultural influence throughout the Western Hemisphere and especially in the United States has been disproportionately large for so small a country. This landmark volume is the first comprehensive overview of poetry written over the past sixty years. Presented in a beautiful Spanish-English face edition, *The Whole Island* makes available the astonishing achievement of a wide range of Cuban poets including such well-known figures as Nicolás Guillén, José Lezama Lima, and Nancy Morejón, but also poets widely read in Spanish who remain almost unknown to the English-speaking world among them Fina García Marruz, José Kozer, Raúl Hernández Novés, and Angel Escobar, and poets born since the Revolution like Rogelio Saunders, Omar Pérez, Alessandra Molina, and Javier Marín. The translations, almost all of them new, convey the intensity and beauty of the accompanying Spanish originals. With their work deeply rooted in Cuban culture, many of these poets, both on and off the island, have been at the center of the political and social changes of this tempestuous period. The poems offered here constitute an essential source for understanding the literature and culture of Cuba, its diaspora, and the Caribbean at large, and provide an unparalleled perspective on what it means to be Cuban. *Nothing Out of this World, Cuban Poetry 1952-2000* Katherine M. Hedeén, 2016 An introduction to the work of thirty-six poets from Cuba writing in the second half of the twentieth century, this is a lucid and moving collection of poetry that defies all kinds of social oppression. **El siglo entero** Virgilio López Lemus, 2018-03-21 Tenemos en manos un estudio que es a la vez un panorama. El lector puede seguir el amplio desarrollo de la poesía de Cuba en su vinculación con las de España e Hispanoamérica durante un lapso que se extiende entre 1898 y 2000. El hilo conductor se define por el interés de marcar a la poesía como identidad de modo que se nos expone como parte del proceso identitario cubano a través de sus obras poéticas que el autor muestra no sólo mediante las figuras cimeras José Martí, Nicolás Guillén, José Lezama Lima, Gastón Baquero, sino también a través de un entramado de poetas de todas las calidades y cualidades literarias. El conjunto es un mosaico, una historización de género literario sin rodeos ni oscuridades expresivas con originalidad de ideas. Lectura grata pareciera que leemos la novela de la poesía de Cuba en un siglo clímax de su desarrollo. *Todos los cielos del cielo* Ramón Fernández-Larrea, 2015-02-18 Doce años después de su última celebración, Editorial Verbum ha vuelto a convocar el Premio Internacional de Poesía Gastón Baquero en memoria del poeta cubano que fuera una de las voces mayores de la lengua española. Un Jurado compuesto por Jaime Siles, España; Alfredo Pérez Alencart, Perú; Pedro Shimose, Bolivia; y Pío E. Serrano, Cuba, entre los 184 libros recibidos de Hispanoamérica y España acuerda por unanimidad otorgar el Premio a la obra presentada bajo el título *Todos los cielos del cielo* de la que resultó autor el escritor cubano Ramón Fernández Larrea. Al otorgar el Premio, el Jurado apreció el uso efectivo de un lenguaje a la vez innovador y heredero de la rica tradición hispánica, el original tratamiento de su variada temática que va desde la íntima exploración de las angustias y el desamparo del hombre contemporáneo hasta una mirada donde la ironía y el humor se dan la mano con la
