Making Sense in Life and Literature Hans Ulrich Gumbrecht, 1992 **Border Writing** D. Emily Hicks, 1991-01-01
Annotation Examines Latin American literature from the perspective of attempts to break through national genre domain and other borders in order to perceive or create a whole culture Paper edition unseen 14 95 Annotation copyrighted by Book News Inc Portland OR **Madness in Cold War America** Alexander Dunst, 2016-08-19 This book tells the story of how madness came to play a prominent part in America's political and cultural debates It argues that metaphors of madness rise to unprecedented popularity amidst the domestic struggles of the early Cold War and become a pre eminent way of understanding the relationship between politics and culture in the United States In linking the individual psyche to society psychopathology contributes to issues central to post World War II society a dramatic extension of state power the fate of the individual in bureaucratic society the political function of emotions and the limits to admissible dissent Such vocabulary may accuse opponents of being crazy Yet at stake is a fundamental error of judgment for which madness provides welcome metaphors across US diplomacy and psychiatry social movements and criticism literature and film In the process major parties and whole historical eras literary movements and social groups are declared insane Reacting against violence at home and war abroad countercultural authors oppose a sane madness to irrational reason romanticizing the wisdom of the schizophrenic and paranoia's superior insight As the Sixties give way to a plurality of lifestyles an alternative vision arrives of a madness now become so widespread and ordinary that it may finally escape pathology **Fredric Jameson** Robert T. Tally, 2014-06-20 Fredric Jameson is the most important Marxist critic in the world today While consistently operating at the cutting edge of literary and cultural studies Jameson has remained committed to seemingly old fashioned philosophical discourses most notably dialectical criticism and utopian thought In Fredric Jameson The Project of Dialectical Criticism Robert Tally surveys Jameson's entire oeuvre from his early studies of Sartre and formal criticism through his engagements with postmodernism and globalisation to his recent readings of Hegel Marx and the valences of the dialectic The book is both a comprehensive critical guide to Jameson's theoretical project and itself a convincing argument for the power of dialectical criticism to understand the world today Redirections in Critical Theory Bernard McGuirk, 2002-09-11 The essays in Redirections in Critical Theory re analyse major figures and discussions in critical theory asking questions often neglected or overlooked by a readership ever in pursuit of new theoretical positions Contributors look at the work of major theorists and writers including William Empson Deleuze Guattari Chekov and Jameson Concepts which have been destabilized in modern

critical theory such as truth self action and history are reassessed through their work shedding new light on many important issues in critical studies today Redirections in Critical Theory brings together established critics and new names in the field of theory It will be an important text for students of literature critical theory and philosophy

The Thriller and Northern Ireland since 1969 Aaron Kelly,2017-03-02 For the past 30 years the so called Troubles thriller has been the dominant fictional mode for representing Northern Ireland leading to the charge that the crudity of this popular genre appropriately reflects the social degradation of the North Aaron Kelly challenges both these judgments showing that the historical questions raised by setting a thriller in Northern Ireland disrupt the conventions of the crime novel and allow for a new understanding of both the genre and the country Two essays on crime fiction by Walter Benjamin and Berthold Brecht appear here for the first time in English translation By demonstrating the relevance of these theorists as well as other key European thinkers such as Antonio Gramsci Louis Althusser and Slavoj Zizek to his interdisciplinary study of Irish culture and the crime novel Kelly refutes the idea that Northern Ireland is a stagnate anomaly that has been bypassed by European history and remained impervious to cultural transformation On the contrary Kelly s examination of authors such as Jack Higgins Tom Clancy Gerald Seymour Colin Bateman and Eoin McNamee shows that profound historical change and complexity have characterized both Northern Ireland and the thriller form

Reflexivity And The Crisis of Western Reason Barry Sandywell,2013-06-17 This ground breaking work explores the genealogical analysis of the discourses of reflection Barry Sandywell traces the differences between the traditional discourses of reflection and the experiences of reflexivity in everyday social and philosophical thought Brilliantly organised and abounding with astonishing insights Reflexivity and the Crisis of Western Reason offers a fundamental challenge to our normal ways of viewing social thought

Fredric Jameson: Live Theory Ian Buchanan,2006-01-01 Widely regarded as one of America s most important cultural theorists Fredric Jameson has been at the forefront of the field of literary and cultural studies since the early 1970s This book offers an introduction to the work of this important thinker It provides an account of Jameson s important contributions to Critical Theory

Pynchon and History Shawn Smith,2013-11-05 First Published in 2005 While many previous books on Pynchon allude to his fictional engagement with historical events and figures this book explores Pynchon as a historical novelist and by extension historical thinker The book interprets Pynchon s four major novels V Gravity s Rainbow Vineland and Mason Dixon through the prism of historical interpretation and representation In doing so it argues that Pynchon s innovative narrative techniques express his philosophy of history and historical representation through the form of his texts

Irish Poetry: Politics, History, Negotiation S. Matthews,1997-04-12 The award of the 1995 Nobel Prize for Literature to Seamus Heaney recognized not only the aesthetic achievement of his work but also its political urgency Here Steven Matthews presents a genealogy of Irish poetry which centres upon Heaney s recent preoccupation with the relations between poetry politics and history Writing from the perspective of Irish critical responses to the poetry he discusses a wide range of

work from John Hewitt through Heaney himself to Paul Muldoon All of these poets have been inspired directly or indirectly by the situation in the North of Ireland Placing the poems in their historical context the author also analyses how these poets have reacted to the influence of W B Yeats This important book offers a new approach to Irish poetry linking it for the first time to the crucial political and historical events which lie at its centre

The Success and Failure of Fredric Jameson Steven Helmling, 2000-11-09 This is the first book to provide a critical overview of the work and career as a whole of the Marxist culture critic Fredric Jameson foremost among American intellectuals and a vanguard figure in the theory movement of the past three decades Steven Helmling identifies major themes and traces both continuity and change in Jameson's engagement with the challenges presented by continental theory from the 1950s to the present Instead of approaching Jameson's work by circumventing his notoriously difficult writing style

as many have chosen to do Helmling takes at face value Jameson's insistence that the success and failure of critique are conditioned on how it is written Jameson insists on a dialectical prose that not merely analyzes but enacts or performs the contradictions of its subjects resulting in an agitating dramatic and compelling style that questions the very success or failure of critique itself Style is thus regarded both as a salient feature of the writing and as a problem for critical practice in general Besides illuminating an oeuvre that's far from fully understood the book makes a timely contribution to the current What was theory discussion

Narrowcast Lytle Shaw, 2018-06-12 Narrowcast explores how mid century American poets associated with the New Left mobilized tape recording as a new form of sonic field research even as they themselves were being subjected to tape based surveillance Media theorists tend to understand audio recording as a technique for separating bodies from sounds but this book listens closely to tape's embedded information offering a counterintuitive site specific account of 1960s poetic recordings Allen Ginsberg Charles Olson Larry Eigner and Amiri Baraka all used recording to contest models of time being put forward by dominant media and the state exploring non monumental time and subverting media schedules of work consumption leisure and national crises Surprisingly their methods at once dovetailed with those of the state collecting evidence against them and ran up against the same technological limits Arguing that CIA and FBI researchers shared unexpected terrain not only with poets but with famous theorists such as Fredric Jameson and Hayden White Lytle Shaw reframes the status of tape recordings in postwar poetics and challenges notions of how tape might be understood as a mode of evidence

Worlds that Could Not Be Frauke Uhlenbruch, Steven J. Schweitzer, 2016-01-28 The idea of Utopia was first made current and popular by Sir Thomas More with the publication of his book by the same name in 1516 The no place that was created has had a fantastic reception history which makes its application to the biblical books of Nehemiah Ezra and Chronicles as vibrant as the current scholarship which is ongoing into the Renaissance term and its implications The essays in this collection take different approaches to the question are there proto utopian elements in the three books from the Hebrew Bible Methodological considerations are to be found but each essay also moves beyond the methodological constraint to raise the hypothetical question of what if in different ways The essays evaluate the potential and pitfalls of reading Biblical books as proto utopian Topics include how utopia construct intricate counter realities and how to tell whether a proposal diagnosed as utopian from a modern point of view is meant to motivate its audience to political action Case studies which read aspects of Chronicles Ezra and Nehemiah as potential utopian traits include the restoration project of Ezra Nehemiah and the rejection of foreign wives utopian concerns in Chronicles as well as the empire's role in writing a putative utopia and King Solomon as a utopian fantasy king

Cities, Words and Images P. Lombardo, 2003-02-21 The city is an essential theme of modernity in literature architecture photography and film This book first focuses on ardent reactions to the metropolitan explosion in the nineteenth century with Baudelaire and Poe as key figures More recent representations of the city are then investigated in Europe and the United States Lombardo reflects on the way in which the

changes in human perception created by urbanization are expressed in the various arts in terms of form and content **The Creolization of Theory** Françoise Lionnet, Shumei Shi, 2011-05-19 This bold intervention in debates about the role of theory in the humanities advocates the development of a reciprocal relational and intersectional critical methodology attentive to the legacies of colonialism John Fowles's Fiction and the Poetics of Postmodernism Mahmoud Salami, 1992 Salami presents for instance a critique of the self-conscious narrative of the diary form in *The Collector* the intertextual relations of the multiplicity of voices the problems of subjectivity the reader's position the politics of seduction ideology and history in *The Magus* and *The French Lieutenant's Woman* The book also analyzes the ways in which Fowles uses and abuses the short story genre in which enigmas remain enigmatic and the author disappears to leave the characters free to construct their own texts Salami centers for example on *A Maggot* which embodies the postmodernist technique of dialogical narrative the problem of narrativization of history and the explicitly political critique of both past and present in terms of social and religious dissent These political questions are also echoed in Fowles's nonfictional book *The Aristos* in which he strongly rejects the totalization of narratives and the materialization of society **Translating America** Peter Conolly-Smith, 2015-09-29 At the turn of the century New York City's Germans constituted a culturally and politically dynamic community with a population 600 000 strong Yet fifty years later traces of its culture had all but disappeared What happened The conventional interpretation has been that in the face of persecution and repression during World War I German immigrants quickly gave up their own culture and assimilated into American mainstream life But in *Translating America* Peter Conolly-Smith offers a radically different analysis He argues that German immigrants became German Americans not out of fear but instead through their participation in the emerging forms of pop culture Drawing from German and English newspapers editorials comic strips silent movies and popular plays he reveals that German culture did not disappear overnight but instead merged with new forms of American popular culture before the outbreak of the war Vaudeville theaters D W Griffith movies John Philip Sousa tunes and even baseball games all contributed to German immigrants willing transformation into Americans *Translating America* tackles one of the thorniest questions in American history How do immigrants assimilate into and transform American culture
