The Implosion Conspiracy:

THE IMPLOSION CONSPIRACY LOUIS NIZER,1973 **The American Paradox** Patrick J. Gallo,1999 Secret Agents Marjorie Garber,Rebecca Walkowitz,2013-10-18 When the American Bar Association recreated the trial of Ethel and Julius Rosenberg on the fortieth anniversary of their execution the jury acquitted the mock Rosenbergs finding that in today s courts they would not have been convicted of espionage The 1950s trial of the Rosenbergs on charges of Atomic Spying and stealing the secrets of the Atomic bomb was a major event of Cold War America galvanizing public opinion on all sides of the question Secret Agents presents essays by lawyers cultural critics social historians and historians of science as well as a reconsideration of the Rosenbergs by their younger son Robert Meeropol Secret Agents gives new resonance to a history we have for too long been willing to forget **Jews on Trial** Bruce Afran,2005 All are true presented with balance and clarity by lawyers and scholars Jacket Neptune and the Final Phase of the Piscean Age Sioux Rose,2004-10-13 This volume functions as two books in one An astrologer s reference it delineates Neptune s conjunctions with planets from the birth chart Additionally since the astrologer is trained to step outside the temporal context to understand the magnitude of stories inlaid into the rhythm structures of time its perspective is valuable as mankind faces a chaotic transition The ancient Greeks personified the planetary personae through myth Neptune the deceiver presides over the final phase of the Piscean Age as deception delusion and duplicity threaten the great verities How did we get here Mankind evidences remarkable technological expertise but have matters improved for the vast majority Illusions born of past traditions hold minds hostage and pit tribe against tribe on the basis of divisive belief systems Pisces is the zodiac position where the circle meets itself and differences dissolve Symbolized by two fish it suggests twin perceptual portals analogous to both brain hemispheres Two complementary oars are required to navigate our shared vessel progressively otherwise we circle endlessly and history repeats Right brain sentience invokes what is missing the sense of inherent unity among all living beings Mankind can no longer afford the asymmetric worldview that undermines the great balance we must now endeavor to restore *The Warren Court in Historical and Political Perspective* Mark V. Tushnet,1993 The tenure of Earl Warren as chief justice of the United States Supreme Court 1953-69 was marked by a series of decisions unique in the history of the Court for the progressive agenda they bespoke What made the Warren Court special How can students of history and political science understand the Warren Court as part of constitutional history and politics To answer such questions nine well known legal scholars and historians explore how each justice contributed to the distinctiveness of the Warren Court in Supreme Court history *The Rosenberg Letters* Michael Meeropol,2013-11-26 First Published in 1994 Compiled and transcribed from 1950-1953 this book contains the letters of the Julius and Ethel Rosenberg during their prison correspondence with surrounding text written and edited by one of their sons Meeropol states their belief that a complete edition of these letters would be useful for people interested in gaining as full an understanding as possible of the Rosenbergs as human beings **Official Reports of the**

Supreme Court United States. Supreme Court,1976 **Hugo Black and the Judicial Revolution** Gerald T. Dunne,1977

Judgment and Mercy Martin J. Siegel,2023-03-15 As featured on CBS Saturday Morning Finalist for the 2023 National
Book Critics Circle John Leonard Prize In Judgment and Mercy Martin J Siegel offers an insightful and compelling biography
of Irving Robert Kaufman the judge infamous for condemning Julius and Ethel Rosenberg to death for atomic espionage In
1951 world attention fixed on Kaufman s courtroom as its ambitious young occupant stridently blamed the Rosenbergs for
the Korean War To many the harsh sentences and their preening author left an enduring stain on American justice But then
the judge from Cold War central casting became something unexpected one of the most illustrious progressive jurists of his
day Upending the simplistic portrait of Judge Kaufman as a McCarthyite villain Siegel shows how his pathbreaking decisions
desegregated a Northern school for the first time liberalized the insanity defense reformed Attica era prisons spared John
Lennon from politically motivated deportation expanded free speech brought foreign torturers to justice and more Still the
Rosenberg controversy lingered Decades later changing times and revelations of judicial misconduct put Kaufman back
under siege Picketers dogged his footsteps as critics demanded impeachment And tragedy stalked his family attributed in
part to the long ordeal Instead of propelling him to the Supreme Court as Kaufman once hoped the case haunted him to the
end Absorbingly told Judgment and Mercy brings to life a complex man by turns tyrannical and warm paranoid and altruistic
while revealing intramural Jewish battles over assimilation class and patriotism Siegel who served as Kaufman s last law
clerk traces the evolution of American law and politics in the twentieth century and shows how a judge unable to summon
mercy for the Rosenbergs nonetheless helped expand freedom for all *The Character of Truth* Naomi Jacobs,1990 Can the
novel survive in an age when tales of historical figures and contemporary personalities dominate the reading lists of the book
buying public Naomi Jacobs addresses this question in a study of writers such as William Styron E L Doctorow and Robert
Coover who challenge the dominance of nonfiction by populating their fictions with real people living and dead Jacobs
explores the genesis varieties and implications of this trend in a prose as lively as that of the writers she critiques Using as a
case study Robert Coover s portrait of Richard Nixon in *The Public Burning* Jacobs addresses the important legal and ethical
questions raised by this trend and applies contemporary libel law to the fictionalization of living people such as Richard
Nixon She closes her study by speculating on the future of this device and of the novel **Intertextual Encounters in
American Fiction, Film, and Popular Culture** Michael Dunne,2001 Intertextual encounters occur whenever an author or
the author s text recognizes references alludes to imitates parodies or otherwise elicits an audience member s familiarity
with other texts F Scott Fitzgerald and Nathanael West use the fiction of Horatio Alger Jr as an intertext in their novels The

Great Gatsby and A Cool Million Callie Khouri and Ridley Scott use the buddy road picture genre as an intertext for their Thelma and Louise In all these cases intertextual encounters take place between artists between texts between texts and audiences between artists and audiences Michael Dunne investigates works from the 1830s to the 1990s and from the canonical American novel to Bugs Bunny and Jerry Seinfeld

The Brother Sam Roberts, 2014-09-16 A fresh and fast paced study of one of the most important crimes of the twentieth century The Washington Post The Brother now discloses new information revealed since the original publication in 2003 including an admission by his sons that Julius Rosenberg was indeed a Soviet spy and a confession to the author by the Rosenbergs co defendant Sixty years after their execution in June 1953 for conspiring to steal atomic secrets Julius and Ethel Rosenberg remain the subjects of great emotional debate and acrimony The man whose testimony almost single handedly convicted them was Ethel Rosenberg s own brother David Greenglass Though the Rosenbergs were executed Greenglass served a mere ten years in prison after which with a new name he disappeared But journalist Sam Roberts found Greenglass and then managed to convince him to talk about everything that had happened Since the original publication of The Brother Roberts sued to release grand jury testimony which further implicates Greenglass and demonstrates how the prosecution was tainted One of the defendants Morton Sobell admitted to Roberts that he and Julius Rosenberg were spies Furthermore Michael and Robert Meeropol the Rosenbergs sons acknowledged to Roberts that although their mother was not legally culpable that the secret to the atomic bomb was not compromised and that the death penalty was excessive their father was in fact guilty of conspiracy to commit espionage on behalf of the Soviet Union Now released with this important new information The Brother is more than ever A gripping account of the most famous espionage case in US history an excellent book written with flair and alive with the agony of the age The Wall Street Journal
