The Impossible Victory A Personal Account Of The Battle For The River Po:

The Impossible Victory Brian Harpur, 1980-01-01 *My Father's War* Carolyn Johnston, 2012-08-03 The author draws on her father's account of the war and her extensive interviews with other veterans of the 92nd Division to describe the experiences of a naive southern white officer and his segregated unit on an intimate level During the war the protocol that required the assignment of southern white officers to command black units both in Europe and in the Pacific theater was often problematic but Johnston seemed more successful than most earning the trust and respect of his men at the same time that he learned to trust and respect them Gene Johnston and the African American soldiers were transformed by the war and upon their return helped transform the nation The 92nd Division of the Fifth Army was the only African American infantry division to see combat in Europe during 1944 and 1945 suffering more than 3 200 casualties Members of this unit known as Buffalo Soldiers endured racial violence on the home front and experienced racism abroad Engaged in combat for nine months they were under the command of southern white infantry officers like their captain Eugene E Johnston

Eisenhower's Armies Niall Barr, 2015-12-15 The Anglo American relationship from 1941 1945 proved to be the most effective military alliance in history Yet there were also constant tensions and disagreements that threatened to pull the alliance apart Based on considerable archival research on both sides of the Atlantic Eisenhower's Armies considers the breadth and depth of the relationship from high level strategic decisions the rivalries and personalities of the commanders to the ordinary British and American soldiers who fought alongside one another This is the story of two very different armies learning to live work and fight together even in the face of serious strategic disagreements and a very human story about the efforts of many individuals famous or otherwise who worked and argued together to defeat Hitler's Germany This dynamic new history provides a fresh perspective on many of the controversies and critical strategic decisions of World War II providing expert analysis of the Anglo American military alliance as well as new insights into the special relationship of the mid twentieth century

Sheer Misery Mary Louise, 2021-04-20 Marching across occupied France in 1944 American GI Leroy Stewart had neither death nor glory on his mind he was worried about his underwear which was engaged in a relentless crawl of its own Similar complaints of physical discomfort pervade infantrymen's memories of the European theater whether the soldiers were British American German or French Wet freezing misery with no end in sight this was life for millions of enlisted men during World War II Sheer Misery trains a humane and unsparing eye on the corporeal experiences of the soldiers who fought in Belgium France and Italy during the last two years of the war In the horrendously unhygienic and often lethal conditions of the front line their bodies broke down stubbornly declaring their needs for warmth rest and good nutrition Feet became too swollen to march fingers too frozen to pull triggers stomachs cramped and diarrhea stained underwear and pants Turning away from the accounts of high level military strategy that dominate many WWII chronicles acclaimed historian Mary Louise Roberts instead relies on diaries and letters to bring to life visceral sense

memories like the moans of the screaming meemies the acrid smell of cordite and the shockingly mundane sight of rotting corpses As Roberts writes For soldiers who fought the war was above all about their bodies *Infantry*, 1982 **Fighting Tigers in Italy** Jeffrey Plowman, 2025-09-30 Examines the feared German Tiger tank its strengths and weaknesses and Allied encounters from North Africa to Italy Of all the tanks in the German arsenal the Tiger was perhaps the one most feared certainly by the Western Allies from the time they first encountered it in North Africa to the end of the war in Europe This was no small feat for a tank of which only 1 347 were produced out of a total German tank production of around 27 000 tanks This is not surprising given that it was armed with the dreaded 88 mm gun the rounds of which could pass right through a Sherman tank and whose thick frontal armour meant that it was virtually invulnerable to anything the Allies could field at that time Though a fearsome weapon on the surface the Tiger was not well suited to offensive operations It suffered from a weak transmission which often failed The lack of suitable recovery vehicles until the Bergepanther made its appearance meant the crews would often attempt to tow it with another Tiger rather than abandon it This usually resulted in the loss of both Tigers as the towing tank also broke down through mechanical failure brought about by the extra strain imposed on the towing vehicle However as a defensive weapon it was second to none especially in Italy Here the country's hilly terrain with its scattering of small villages restricted the routes of advance the Allies could take Just the knowledge that Tigers were in the area imposed an extra caution on Allied tank crews particularly after their duels with its lighter Panzer cousins Starting at the Anzio amphibious landings in January 1944 and finishing with the Senio offensive in 1945 the book draws on official histories unit diaries reports and personal accounts to look at encounters between Tigers and sometimes the Elephant based on the hull of its cousin the Porsche Tiger In this way it seeks to examine how the crews of Allied armour learned to deal with this menace and sometimes failed to do so to their chagrin To illustrate this the narrative delves into a number of detailed accounts of some significant encounters at Anzio in Tuscany and on the plains of the Po Valley *World War II in the Mediterranean, 1942-1945* Carlo D'Este, 1990-07-01 Recounts events in the Mediterranean during World War II including how the inexperienced Americans gained combat experience and learned to work together with the British *Italy's Sorrow* James Holland, 2025-09-23 In a chilling history renowned historian James Holland deftly relates Italy's dark forgotten years During the Second World War the campaign in Italy was the most destructive fought in Europe a long bitter and highly attritional conflict that raged up the country's mountainous leg For frontline troops casualty rates at Cassino and along the notorious Gothic Line were as high as they had been on the Western Front in the First World War There were further similarities too blasted landscapes rain and mud and months on end with the front line barely moving And while the Allies and Germans were fighting it out through the mountains the Italians were engaging in bitter battles too Partisans were carrying out a crippling resistance campaign against the German troops but also battling the Fascists forces as well in what soon became a bloody civil war Around them innocent civilians tried to live through the carnage terror and anarchy while in

the wake of the Allied advance horrific numbers of impoverished and starving people were left to pick their way through the ruins of their homes and country In the German occupied north there were more than 700 civilian massacres by German and Fascist troops in retaliation for Partisan activities while in the south many found themselves forced into making terrible and heart rending decisions in order to survive Although known as a land of beauty and for the richness of its culture Italy s suffering in 1944 1945 is now largely forgotten Italy s Sorrow by James Holland is the first account of the conflict there to tell the story from all sides and to include the experiences of soldiers and civilians alike Offering extensive original research it weaves together the drama and tragedy of that terrible year including new perspectives and material on some of the most debated episodes to have emerged from World War II

Forgotten Allies J. Lee Ready,1985-01-01 Many nations played a role as belligerents on the Allied side in World War II Many were in the thick of combat and made grave national sacrifices yet general histories mention them only briefly or omit their story entirely The assisting troops are given their due in this unique comprehensive and readable history Included are chapters about land and sea troops from such countries as Fiji Trans Jordan Luxembourg Brazil Iran and Nigeria as well as Maori Assyrians Gurkhas Free Poles and others Knowing the lines drawn more than 70 years ago between sides will enable anyone to understand better national enmities and relations today

Beyond Rome to the Alps Jon Diamond,2018-08-30 Rome was liberated on 5 June 1944 but the Italian campaign had another eleven gruelling months to run The US Fifth and British Eighth Armies drove across the Arno River capturing Florence on 5 August Once again The Wehrmachts Tenth and Fourteenth Armies eluded destruction withdrawing into the Gothic Line in the Northern Apennines The Eighth Army advancing along the Adriatic coast and the Fifth Army in the mountains north of Florence penetrated this strong German defensive belt between 25 August and the end of September Yet the Allied campaign stalled due to a lethal combination of supply and manpower shortages the early onset of winter and the rugged terrain favouring the German defenders The Allied April spring offensive saw Eighth Army breakthrough the Argenta Gap into the Po Valley while Fifth Army captured Bologna After crossing the Po River the Allies fanned out across Northern

Italy before the Nazi surrender on 3 May 1945 These dramatic events are described in words and images in this superb Images of War book

In the Ranks of Death Richard Doherty, 2010-06-15 When war broke out in 1939 over 20 000 Irishmen were serving in the Royal Navy Army and Royal Air Force with the greatest proportion in the Army During the war this rose to over 120 000 suggesting that about 100 000 enlisted during the war Nine earned the Victoria Cross three members of the Royal Navy including a Fleet Air Arm pilot four soldiers including a member of the Australian forces and two RAF pilots The author looks at the seven Irish regiments in campaigns across the globe at Irish soldiers across the Army at Irish sailors from the Battle of the River Plate to the final actions against Japan and at Irish airmen from the first bombing raids of the war to the closing days of war Included are outstanding personalities such as the Chavasse brothers who earned three DSOs three DSCs and two MiDs Bala Bredin Corran Purden Brendan Paddy Finucane Blair Mayne and Roy Farran the latter pair highly decorated SAS officers There are also Irish generals such as Paddy Warren who died while commanding 5th Indian Division in Burma and Frederick Loftus Tottenham who commanded 81st West African Division not to mention giants such as Alexander Auchinleck Montgomery and McCreery Irish women are not forgotten in the book which also takes a brief look at the Irish in other Allied forces including a most unusual volunteer for the US Navy whose application to serve had to be approved by President Roosevelt He was William Patrick Hitler a nephew of Germany's Führer

Draftee Division John Sloan Brown, 2021-10-21 The involuntary soldiers of an unmilitary people such were the forces that American military planners had to pit against hardened Axis veterans yet prewar unpreparedness dictated that whole divisions of such men would go to war under the supervision of tiny professional cadres Much to his surprise and delight Army Chief of Staff General George C Marshall found that the 88th Infantry Division his first draftee division fought like wildcats and readily outclassed its German adversaries while measuring up to the best Regular Army divisions Draftee Division is at once a history of the 88th Division an analysis of American unit mobilization during World War II and an insight into the savage Italian Campaign After an introduction placing the division in historical context separate chapters address personnel training logistics and overseas deployment Another chapter focuses upon preliminary adjustments to the realities of combat after which two chapters trace the 88th's climactic drive through the Gustav Line into Rome itself A final chapter takes the veteran 88th to final victory Of particular interest are observations concerning differences connected with mobilization between the 88th and less successful divisions and discussions of the contemporary relevance of the 88th's experiences Draftee Division is especially rich in its sources John Sloan Brown with close ties to the division has secured extensive and candid contributions from veterans To these he has added a full array of archival and secondary sources The result is a definitive study of American cadremen creating a division out of raw draftees and leading them on to creditable victories Its findings will be important for military and social historians and for students of defense policy

[Britain, Ireland and the Second World War](#) Ian S. Wood, 2010-02-28 For Britain the Second World

War exists in popular memory as a time of heroic sacrifice survival and ultimate victory over Fascism In the Irish state the years 1939 1945 are still remembered simply as the Emergency Eire was one of many small states which in 1939 chose not to stay out of the war but one of the few able to maintain its non belligerency as a policy How much this owed to Britain's military resolve or to the political skills of a man de Valera is a key question which this new book will explore It will also examine the tensions Eire's policy created in its relations with Winston Churchill and with the United States The author also explores propaganda censorship and Irish state security and the degree to which it involves secret co operation with Britain Disturbing issues are also raised like the IRA's relationship to Nazi Germany and ambivalent Irish attitudes to the Holocaust Drawing upon both published and unpublished sources this book illustrates the war's impact on people on both sides of the border and shows how it failed to resolve sectarian problems on Northern Ireland while raising higher the barriers of misunderstanding between it and the Irish state across its border

Time to Kill Paul Addison, Angus Calder, 1997 In the 50 years since the end of the Second World War much has been written about the men at the top but little attention has been given to what soldiering was like for the dog face and squaddy the NCO's and junior officers Redressing the balance this original and powerful book explores the conditions in which the soldiers of many different countries lived and died as well as their hopes and fears and their experience of battle John Erickson John Keegan Theodore Wilson and Omer Bartov are among the distinguished cast of historians whose subjects range from GIs in Europe to Indian troops in North Africa and from the comic overtones of Dad's Army in Britain to the grim earnest of the war on the eastern front where Russian women fought as full combatants
