Bill Warren, 2017-01-12 Bill Warren's Keep Watching the Skies was originally published in two volumes in 1982 and 1986 It was then greatly expanded in what we called the 21st Century Edition with new entries on several films and revisions and expansions of the commentary on every film In addition to a detailed plot synopsis full cast and credit listings and an overview of the critical reception of each film Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making The book contains 273 photographs many rare 35 in color has seven useful appendices and concludes with an enormous index This book is also available in hardcover format ISBN 978 0 7864 4230 0 *Invasions USA* Michael Bliss, 2014-07-30 Out of more than 180 science fiction films produced in the United States between 1950 and 1959 twenty were concerned with the notion of an invasion Of these a select number used the invasions as metaphors of issues that were of importance to America at the time such as assaults upon individuality and marriage and debates about the supremacy of the human race The invasion may be real The Day the Earth Stood Still and War of the Worlds dreamed Invaders from Mars or the result of a mental breakdown as seems to be the case in Invasion of the Body Snatchers Real or not all of these massive disturbances to the status quo convey the same anxiety In the 1950s many

Americans felt that things in their world weren't quite right and this sense of unease was expressed in the country's art notably these films. In *Invasions USA: The Essential Science Fiction Films of the 1950s*, Michael Bliss examines movies that stripped away the veneer of normality during a decade often portrayed as the last innocent period in American history. From a boy's nightmares about his alien-controlled parents and a young woman's fears that her fiancé has been replaced by an emotionless alien to an extraterrestrial visitor who comes to warn mankind about its self-destructive ways, the stories of these films offer a variety of messages both subtle and overt. With detailed discussions and analyses of the films in question, this book examines a unique group of movies with profound messages. By exploring depictions of insecurities, whether personal or political, Bliss shows how science fiction films spoke to American audiences deeply troubled by their circumstances. *Invasions USA* will appeal to science fiction buffs and film aficionados interested in this significant phenomenon in movie and cultural history.

Reading Richard Matheson Cheyenne Mathews, Janet V. Haedicke, 2014-05-07 Richard Matheson 1926-2013 was a prolific author and screenwriter whose career helped shape the horror and fantasy genres in literature, film, and television for over sixty years. Matheson authored more than ninety short stories and dozens of novels, many of which including *I Am Legend*, *A Stir of Echoes*, *What Dreams May Come*, *The Shrinking Man*, *Hell House*, and *Bid Time Return* have been adapted into feature films. Despite his extensive body of work and influence, however, Matheson has remained largely outside the scope of academic scrutiny. The essays in *Reading Richard Matheson: A Critical Survey* provide the first critical overview of Matheson's texts, covering seven of Matheson's novels, a sampling of short stories, and several adaptations for both film and television. The essays are arranged thematically and address the sociopolitical anxieties reflected in Matheson's oeuvre, consider his precursors and successors, and situate him within narrative traditions of mythology, cinema, genre, and memory studies. By providing an overview of his career, *Reading Richard Matheson* illustrates how a commercial writer can contribute to academic discourses of literature and film. Though the essays use a variety of theoretical frameworks, the crossover nature of the collection reflects the broad range of Matheson's output. As such, this volume will appeal to fans of Matheson's work in general as well as scholars of literature, film studies, cultural studies, genre studies, media studies, memory studies, and popular culture.

Sex, Love, and Romance in the Mass Media Mary-Lou Galician, 2013-11-05 Volume offers a critical examination of the portrayals of relationships in the various media and debunks the myths perpetuated there. For courses in media criticism, media literacy, mass communication, interpersonal communication.
