The Humanity of Christ and the Healing of the Dysfunction of the Human Spirit Donald L. Alexander, 2015-08-13 The book represents a personal quest in what Anselm referred to as faith seeking understanding The primary focus centers on proposing an interpretation of the nature and function of the human spirit and its relationship to the divine spirit and the living of a godly Christian life Thus the book has a dual concern namely an academic one and a spiritual one The undergirding premise is that apart of the human spirit the divine spirit is personally unknowable This premise contains the following supporting concepts First the core of human personhood resides in the human spirit and constitutes the unique capacity for personal self relatedness Second as the result of humanity's idolatrous displacement of God a radical reversal occurred with the human spirit When restored to its original relationship with the divine spirit the human spirit as James Loder writes is called out of its futility and perversity into the light and truth of the divine spirit

**God's Wounds** Jeff B Pool, 2011-07-28 God's Wounds Hermeneutic of the Christian Symbol of Divine Suffering Volume II Evil and Divine Suffering is the second of a three volume study of Christian testimonies to divine suffering The larger study focuses its inquiry on the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely The goal is then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God This second volume proceeds on the basis of the presuppositions of the symbol those implicit attestations that permit the possibility of divine suffering that which constitutes divine vulnerability with respect to creation The author investigates two divine wounds or modes of divine suffering to which the larger family of testimonies normally attest 1 divine grief or suffering due to human sin or betrayal by the beloved human and 2 divine self sacrifice or suffering for the beloved human in its bondage to sin or misery so as to establish the possibility of redemption and reconciliation

**God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, Volume Two** Jeff B. Pool, 2010-01-01 This book constitutes the second volume of a three volume study of Christian testimonies to divine suffering God's Wounds Hermeneutic of the Christian Symbol of Divine Suffering vol 2 Evil and Divine Suffering The larger study focuses its inquiry into the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God This second volume of studies proceeds on the basis of the presuppositions of this symbol those implicit attestations that provide the conditions of

possibility for divine suffering that which constitutes divine vulnerability with respect to creation as identified and examined in the first volume of this project an understanding of God through the primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the imago Dei as love The second volume then investigates the first two divine wounds or modes of divine suffering to which the larger family of testimonies to divine suffering normally attest 1 divine grief suffering because of betrayal by the beloved human or human sin and 2 divine self sacrifice suffering for the beloved human in its bondage to sin or misery to establish the possibility of redemption and reconciliation Each divine wound thus constitutes a response to a creaturely occasion The suffering in each divine wound also occurs in two stages a passive stage and an active stage In divine grief God suffers because of human sin betrayal of the divine lover by the beloved human divine sorrow as the passive stage of divine grief and divine anguish as the active stage of divine grief In divine self sacrifice God suffers in response to the misery or bondage of the beloved human s infidelity divine travail focused on the divine incarnation in Jesus of Nazareth as the active stage of divine self sacrifice and divine agony focused on divine suffering in the crucifixion of Jesus of Nazareth as the passive stage of divine self sacrifice

The ^AMoral Argument David Baggett, Jerry Walls, 2019-10-01 This book explores the fertile history of the moral argument for the existence of God The argument has been the topic of numerous Gifford lecturers and the work on the moral argument by such luminaries often represented the apex of their academic careers The authors show that despite their disagreements and different emphases these thinkers agreed that a broad array of moral facts and phenomena point to a theistic world

**Hallowed Be Thy Name** Jason Goroncy, 2013-03-28 This book fills a noticeable gap in Forsyth studies It provides readers interested in the thought of Forsyth with a way of reading and critiquing his corpus and that in a way that takes due account of and elucidates the theological philosophical and historical locale of his thought Goroncy explores whether the notion of hallowing provides a profitable lens through which to read and evaluate Forsyth s soteriology He suggests that the hallowing of God s name is for Forsyth the way whereby God both justifies himself and claims creation for divine service This book proposes that reading Forsyth s corpus as essentially an exposition of the first petition of the Lord s Prayer is an invitation to better comprehend not only his soteriology but also by extension his broader theological vision and interests

British Idealism: A History W. J.
