

### The Peace of Wild Things

When despair for the world  
grows in me  
and I wake in the night at  
the least sound  
in fear of what my life  
and my children's lives  
may be,

I go and lie down  
where the wood drake rests  
in his beauty on the water,  
and the great heron feeds.

I come into the peace  
of wild things who do  
not tax their lives with  
forethought of grief.

I come into the presence  
of still water. And I feel  
above me the day-blind stars  
waiting with their light.

For a time I rest  
in the grace of  
the world,  
and am free.

**Anthologies of British Poetry**, 2021-11-22 From Tottel's Miscellany 1557 to the last twentieth century Oxford Book of English Verse 1999 anthologies have been a prime institution for the preservation and mediation of poetry The importance of anthologies for creating and re-creating the canon of English poetry for introducing new programmes of poetry as a record of changing poetic fashions audience tastes and reading practices or as a profitable literary commodity has often been asserted Despite its impact however the poetry anthology in itself has attracted surprisingly little critical interest in Britain or elsewhere in the English speaking world This volume is the first publication to explore the largely unmapped field of poetry anthologies in Britain Essays written from a wide range of perspectives in literary and cultural studies and the point of view of poets editors publishers and cultural institutions aim to do justice to the typological functional and historical variety with which this form of publication has manifested itself from early modern print culture to the postmodern age of the world wide web
