Always the Fat Kid Jacob Warren, K. Bryant Smalley, 2013-03-26 Childhood obesity in the United States has tripled in a generation But while debates continue over the content of school lunches and the dangers of fast food we are just beginning to recognize the full extent of the long term physical psychological and social problems that overweight children will endure throughout their lives Most dramatically children today have a shorter life expectancy than their parents something never before seen in the course of human history They will face more chronic illnesses such as heart disease and diabetes that will further burden our healthcare system Here authors Jacob Warren and K Bryant Smalley examine the full effects of childhood obesity and offer the provocative message that being overweight in youth is not a disease but the result of poor lifestyle choices There is a clarion call for parents to have the talk with their kids which medical professionals say is a harder topic to address than sex or drugs Urgent timely and authoritative Always the Fat Kid delivers a message our society can no longer ignore

Wong's Essentials of Pediatric Nursing Marilyn J. Hockenberry, David Wilson, 2013-01-01 When it comes to caring for children no other resource better prepares you for practice than Wong's Essentials of Pediatric Nursing Authored by Marilyn Hockenberry and David Wilson two of the most well known and respected names in the field Wong's features the most readable up to date and accurate content available An abundance of full color illustrations helps you visualize key concepts and highlighted boxes and tables offer quick access to vital facts and information Plus when you buy this book you get unlimited access to hands on study tools that help you learn pediatric nursing essentials with ease Developmental approach clearly identifies key issues at each stage of a child's growth to help you provide appropriate individualized care for each child UNIQUE Family focus includes a separate chapter on the role of the family in child health family content throughout the text and Family Centered Care boxes that highlight information on patient teaching home care and incorporating the family in the child's care An emphasis on wellness offers health promotion and injury prevention strategies for each age group UNIQUE Evidence Based Practice boxes demonstrate how research is applied to nursing care in the clinical setting
