**Six American Poets** Joel Conarroe,2009-07-01 Here are the most enduring works of six great American poets collected in a single authoritative volume

The Cambridge Companion to Nineteenth-Century American Poetry Kerry Larson,2011-12-01 This Companion is the first critical collection of its kind devoted solely to American poetry of the nineteenth century It covers a wide variety of authors many of whom are currently being rediscovered A number of anthologies in the recent past have been devoted to the verse of groups such as Native Americans African Americans and women This volume offers essays covering these groups as well as more familiar figures such as Dickinson Whitman Longfellow and Melville The contents are divided between broad topics of concern such as the poetry of the Civil War or the development of the poetess role and articles featuring specific authors such as Edgar Allan Poe or Sarah Piatt In the past two decades a growing body of scholarship has been engaged in reconceptualizing and re evaluating this largely neglected area of study in US literary history this Companion reflects and advances this spirit of revisionism

**The Rise of New Media 1750-1850** Julia Straub, 2017-05-22 This monograph explores transatlantic literary culture by tracing the proliferation of new media such as the anthology the literary history and the magazine in the period between 1750 and 1850 The fast paced media landscape out of which these publishing genres developed produced the need of a memory of literature and a concomitant rhetoric of remembering strikingly similar to what today is called a cultural memory debate Thus rather than depicting the emergence of an American national literature *The Rise of New Media 1750-1850* combines impulses from media history the history of print the sociology of literature and canon theory to uncover nascent forms and genres of literary self reflectivity and early stirrings of a canon debate in the Atlantic World

*Six Poets from the Mountain South* John Lang, 2010-04-20 In the most extensive work to date on major poets from the mountain South John Lang takes as his point of departure an oft quoted remark by Jim Wayne Miller Appalachian literature is and has always been as decidedly worldly secular and profane in its outlook as the region's traditional religion appears to be spiritual and otherworldly Although this statement may be accurate for Miller's own poetry and fiction Lang maintains that it does not do justice to the pervasive religious and spiritual concerns of many of the mountain South's finest writers including the five other leading poets whose work he analyzes along with Miller's Fred Chappell Robert Morgan Jeff Daniel Marion Kathryn Stripling Byer and Charles Wright Lang demonstrates all write poetry that explores sometimes with widely varying results what they see as the undeniable presence of the divine within the temporal world Like Blake and Emerson before them these poets find the supernatural within nature rather than beyond it They all exhibit a love of place in their poems a strong sense of connection to nature and the land especially the mountains Yet while their affirmation of the world before them suggests a resistance to the otherworldliness that Miller points to their poetry is nonetheless permeated with spiritual questing Dante strongly influences both Chappell and Wright though the latter eventually resigns himself to being simply a God fearing agnostic whereas Chappell follows Dante in celebrating the love that moves the sun and other stars Byer probably the least orthodox of these poets chooses to lay up treasures on earth rejecting the transcendent in favor of a Native American spirituality of immanence while Morgan and Marion find in nature what Marion calls a vocabulary of wonders akin to Emerson's conviction that nature is the language of the spiritual Employing close readings of the poets work and relating it to British and American Romanticism as well as
