Stupid White Men: And Other Sorry Excuses for the State of the Nation! M. Moore, 2004-05-01 **Stupid White Men-- and Other Sorry Excuses for the State of the Nation!** Michael Moore, 2002 Remember when everything was looking up When the government was running at a surplus pollution was disappearing peace was breaking out in the middle East and Northern Ireland and the Bridge to the Twenty First century was strung with Internet cable and paved with 401 k gold Well so much for the future Michael Moore the award winning provocateur behind Roger Me and the best seller Downsize This now returns to size up the new century and that big ugly special interest group that is laying waste to the world as we know it stupid white men Among the targets of Mike's Manifesto on Malfeasance and mediocrity are the Bush family Junta Bill Clinton the Idiot Nation and Corporate American Stupid White Men Michael Moore, 2004-05-11 In the winter of 2002 Stupid White Men took America and the world by storm Tired and skeptical of George W Bush's high approval rating frightened by the implications of the Enron scandal and generally just looking for a voice of honest dissent in the thick atmosphere of jingoism that followed 9 11 book buyers from coast to coast swiftly embraced Michael Moore's in your face anti Bush era manifesto making it one of the bestselling nonfiction books of the year With an unerring eye for greed hypocrisy and corruption Michael Moore takes on the whole ugly mess of America at the dawn of the twenty first century Whether he's demanding U N action to overthrow the Bush Family Junta or calling on African Americans to place whites only signs over the entrances of unfriendly businesses Stupid White Men is a pitch perfect skewering of our culture of Malfeasance and Mediocrity **No BS (Bad Stats)** Ivory A. Toldson, 2019-04-09 A Brill Sense Bestseller What if everything you thought you knew about Black people generally and educating Black children specifically was based on BS bad stats We often hear things like Black boys are a dying breed There are more Black men in prison than college Black children fail because single mothers raise them and Black students don't read In No BS Ivory A Toldson uses data analysis anecdotes and powerful commentary to dispel common myths and challenge conventional beliefs about educating Black children With provocative engaging and at times humorous prose Toldson teaches educators parents advocates and students how to avoid BS raise expectations and create an educational agenda for Black children that is based on good data thoughtful analysis and compassion No BS helps people understand why Black people need people who believe in Black people enough not to believe every bad thing they hear about Black people **A Reader of Modern Urdu Poetry** Peter Swirski, 2010-08-10 As partisan attacks have become increasingly bitter in American politics contemporary culture has found ways to channel this outrage into the outrageous responding with comedy and satire from both sides of the political spectrum Ars Americana Ars Politica cross examines American politics culture and history by examining Irving Wallace's The Man Richard Condon's Death of a Politician P J O'Rourke's Parliament of Whores Warren Beatty's film Bulworth and Michael Moore's Stupid White Men to show how these popular artists have used soap box partisanship and box office entertainment to affect history Erasing Racism Molefi Kete

Asante,2010-10-05 Did the election of Barack Obama to be President of the United States signal real progress in bridging America's longstanding racial divide In this profound study of systemic racism Molefi Kete Asante one of our leading scholars of African American history and culture discusses the greatest source of frustration and anger among African Americans in recent decades what he calls the wall of ignorance that attempts to hide the long history of racial injustice from public consciousness This is most evident in each race's differing perspectives on racial matters Though most whites view racism as a thing of the past a social problem largely solved by the civil rights movement blacks continue to experience racism in many areas of social life encounters with the police the practice of red lining in housing difficulties in getting bank loans mortgages and insurance policies and glaring disparities in health care educational opportunities unemployment levels and incarceration rates Though such problems are not expressions of the overt racism of legal segregation and lynch mobs what most whites probably think of when they hear the word racism their negative effect on black Americans is almost as pernicious Such daily experiences create a lingering feeling of resentment that percolates in a slow boil till some event triggers an outburst of rage Asante argues that America cannot long continue as a cohesive society under these conditions As we embark upon new leadership under America's first African American president he urges more public focus on redressing the wrongs of the past and their continuing legacy Above all he thinks that Americans must seriously consider some system of reparations to deal with both past and present injustices an apology and our own truth and reconciliation committee that addresses both the history of slavery and present day racism Only in this way he feels can we ever hope to heal the racial divide that never seems to be erased This is a powerful deeply perceptive analysis of a crucial social problem by one of America's leading thinkers on race

The Corporation Joel Bakan,2019-09-03 The inspiration for the film that won the 2004 Sundance Film Festival Audience Award for Best Documentary *The Corporation* contends that the corporation is created by law to function much like a psychopathic

personality whose destructive behavior if unchecked leads to scandal and ruin Over the last 150 years the corporation has risen from relative obscurity to become the world's dominant economic institution Eminent Canadian law professor and legal theorist Joel Bakan contends that today's corporation is a pathological institution a dangerous possessor of the great power it wields over people and societies In this revolutionary assessment of the history character and globalization of the modern business corporation Bakan backs his premise with the following observations The corporation's legally defined mandate is to pursue relentlessly and without exception its own economic self interest regardless of the harmful consequences it might cause to others The corporation's unbridled self interest victimizes individuals society and when it goes awry even shareholders and can cause corporations to self destruct as recent Wall Street scandals reveal Governments have freed the corporation despite its flawed character from legal constraints through deregulation and granted it ever greater authority over society through privatization But Bakan believes change is possible and he outlines a far reaching program of achievable reforms through legal regulation and democratic control Featuring in depth interviews with such wide ranging figures as Nobel Prize winner Milton Friedman business guru Peter Drucker and cultural critic Noam Chomsky The Corporation is an extraordinary work that will educate and enlighten students CEOs whistle blowers power brokers pawns pundits and politicians alike

Post-Liberalism Melvyn L. Fein, 2017-07-05 Liberalism is dying despite its superficial appearance of vigour Most of its adherents still believe it is the wave of the future but they are clinging to a sinking dream So says Melvyn L Fein who argues that almost none of liberalism's countless promises have come true Under its auspices poverty was not eliminated crime did not diminish the family was not strengthened education was not improved and universal peace has not been established These failures are not accidental they flow directly from liberal contradictions In Post Liberalism Fein demonstrates why this is the case Fein contends that an inverse force rule dictates that small communities are united by strong forces such as personal relationships and face to face hierarchies while large scale societies are integrated by weak forces such as technology and social roles As we become a more complex techno commercial society the weak forces become more dominant This necessitates greater decentralization in direct opposition to the centralization that liberals celebrate Paradoxically this suggests that liberalism as an ideology is regressive rather than progressive If so it must fail Liberals assume that someday under their tutelage these trends will be reversed but this contradicts human nature and history's lessons According to Fein we as a species are incapable of eliminating hierarchy or of loving all other humans with equal intensity As Emile Durkheim argued humans cannot live in harmony without appropriate forms of social cohesion

A Decade of Dark Humor Ted Gournelos, Viveca Greene, 2011-08-01 A Decade of Dark Humor analyzes ways in which popular and visual culture used humor in a variety of forms to confront the attacks of September 11 2001 and more specifically the aftermath This interdisciplinary volume brings together scholars from four countries to discuss the impact of humor and irony on both media discourse and tangible political reality Furthermore it demonstrates that laughter is simultaneously an avenue through which social issues are deferred or obfuscated a way in which neoliberal or neoconservative rhetoric is challenged and a means of forming alternative political ideologies The volume's contributors cover a broad range of media productions including news parodies The Daily Show with Jon Stewart The Colbert Report The Onion TV roundtable shows Politically Incorrect with Bill Maher comic strips and cartoons Aaron McGruder's The Boondocks Jeff Danziger's editorial cartoons television drama Rescue Me animated satire South Park graphic novels Art Spiegelman's In the Shadow of No Towers documentary Fahrenheit 9 11 and other productions Along with examining the rhetorical methods and aesthetic techniques of these productions the essays place each in specific political and journalistic contexts showing how corporations news outlets and political institutions responded to and sometimes co-opted these forms of humor

Oh, Oh Canada! who Stands on Guard

Ronald Coleman, 2003 The Author examines the current state of the Canadian Forces after what he describes as four decades of malignant neglect and concludes that it is not capable of executing the roles and tasks assigned under the government's policy as outlined in the Defence White Paper 1994 Furthermore he examines the Canadian foreign policy from which defence policy is derived and concludes that it does not address the current and future threats to Canada and Canadians The threats to Canada today and in the future are explored in detail and the means to counter them are examined The author also explores the relationship the Canadian military has to the UN NATO and our closest ally the US He finds that all of them need serious revision However to do so a complete and detailed analysis of our foreign policy is necessary in the new world of disorder following the tragic events of 9 11 Internal and external threats are revealed and discussed as well as how to deter them Coleman explains why the current series of town hall meetings across the country is wholly inadequate and calls for a major foreign policy review This is necessary in order to respond correctly and adequately to the US request for participation in the Missile Defense System Also in his view our traditional interface with the UN and NATO particularly where peacekeeping is involved needs revision He calls for necessary changes in the Department of National Defence Headquarters NDHQ structure and the military organization across the country He explains why NDHQ needs to be disintegrated and replaced with a dual reporting system to the minister Further he presents rational arguments for the real unification of the three military forces into a marine like structure in order to respond appropriately and adequately to international terrorism and international violence that is on the rise He goes further and outlines a new organizational structure that reduces overhead executives commands and management levels in order to truly make the military and headquarters more efficient effective and economical He is clear that only by taking these measures will we regain the respect of our allies and our enemies as well as increase our influence in the international forums where it has been slowly eroding The transfer of search and rescue and VIP operations to private industry will free up military billets for military functions and generate jobs and profits for private industry in these roles These tasks in his view are essentially non military tasks Military search and rescue and VIP flights can be handled by the Marines Also he believes that peacekeeping should be transferred to DFAIT where the responsibility lies with more emphasis on early intervention so that technical experts humanitarian efforts medical assistance law order and justice can be maintained rather than re constructed after civil war or worse has destroyed the infrastructure and institutions Peacemaking however should remain the responsibility of DND where the new structure the new equipment and the new training will improve our current delinquent approach to the problem The Reserve will be tasked with the role of the defence of Canada which will give it purpose finances training equipment and a structure to effect it which currently does not exist Coleman makes a compelling case for the review of foreign defence policy and the restructuring of the Canadian military He exposes the problems and proposes solutions He takes no prisoners In his review it becomes clear that Canada and Canadians no longer stand on guard
