**Strange Cocktail** Adriana X. Jacobs, 2018-07-23 For centuries poets have turned to translation for creative inspiration Through and in translation poets have introduced new poetic styles languages and forms into their own writing sometimes changing the course of literary history in the process *Strange Cocktail* is the first comprehensive study of this phenomenon in modern Hebrew literature of the late nineteenth century to the present day Its chapters on Esther Raab Leah Goldberg Avot Yeshurun and Harold Schimmel offer close readings that examine the distinct poetics of translation that emerge from reciprocal practices of writing and translating Working in a minor literary vernacular the translation strategies that these poets employed allowed them to create and participate in transnational and multilingual poetic networks *Strange Cocktail* thereby advances a comparative and multilingual reframing of modern Hebrew literature that considers how canons change and are undone when translation occupies a central position how lines of influence and affiliation are redrawn and literary historiographies are revised when the work of translation occupies the same status as an original text when translating and writing go hand in hand

*A New Sound in Hebrew Poetry* Miryam Segal, 2010-01-02 With scrupulous attention to landmark poetic texts and to educational and critical discourse in early 20th century Palestine Miryam Segal traces the emergence of a new accent to replace the Ashkenazic or European Hebrew accent in which almost all modern Hebrew poetry had been composed until the 1920s Segal takes into account the broad historical ideological and political context of this shift including the construction of a national language culture and literary canon the crucial role of schools the influence of Zionism and the leading role played by women poets in introducing the new accent This meticulous and sophisticated yet readable study provides surprising new insights into the emergence of modern Hebrew poetry and the revival of the Hebrew language in the Land of Israel

**Classical Hebrew Poetry** Wilfred G. E. Watson, 2004-12-30 In spite of debatable issues such as metre we now know enough about classical Hebrew poetry to be able to understand how it was composed This large scale manual rich in detail exegesis and bibliography provides guidelines for the analysis and appreciation of Hebrew verse Topics include oral poetry metre parallelism and forms of the strophe and stanza Sound patterns and imagery are also discussed A lengthy chapter sets out a whole range of other poetic devices and the book closes with a set of worked examples of Hebrew poetry Throughout other ancient Semitic verse has been used for comparison and the principles of modern literary criticism have been applied

**The Modern Hebrew Poem Itself** Stanley Burnshaw, T. Carmi, Carmi Charny, Ezra Spicehandler, 1965 Poems in Hebrew English phonetic transcriptions and literal rendering interwoven with explanatory discussions

*Outline History of Modern Hebrew Poetry* Ezra 2 Spicehandler, [Traditional Techniques in Classical Hebrew Verse](#) Wilfred G. E. Watson, 1994-09-01 Before during and after the preparation of *Classical Hebrew Poetry A Guide*

to its Techniques Wilfred Watson published several articles on Hebrew poetry in a wide range of periodicals The present volume collects together the most significant of these writings including a chapter from a book on chiasmus as well as a few unpublished items After an opening survey of current work on Hebrew verse the articles cover the following topics parallelism including half line parallelism previously almost unnoticed antithesis word pairs chiasmus figurative language and introductions to speech in verse The last section deals with structural devices and a folktale motif in narrative verse hyperbole apostrophe and alliteration Previously unpublished items are on the contribution of ethnopoetics from the study of Native American literature to Hebrew narrative verse a new topic in biblical studies parallelism in the Song of Songs and a metaphor in Jeremiah This anthology is intended as a companion volume to Classical Hebrew Poetry It includes additions and corrections to that book and there are also several indices

**Line-forms in Hebrew Poetry** Terence Collins, 1978 *Word-Order Variation in Biblical Hebrew Poetry* Nicholas P. Lunn, 2006-10-19 This study tackles the neglected subject of word order in biblical Hebrew poetry The fact that the order of clause constituents frequently differs from that found in prose has often been noted but no systematic attempt has been offered by way of explanation Here two separate factors are taken into consideration that of purely poetic variation defamiliarisation and that of pragmatic markedness The former is common to the poetic genre In the latter case there is a discernible significance in the positioning of the words that has implications with respect to the matters of topic and focus Using Lambrecht's theory of information structure and building on the insights of previous studies in biblical Hebrew narrative the present volume shows that marked topic and focus structures in Old Testament poetry are identical to those found in prose and are distinguishable from defamiliarised word order by means of the environment in which the latter is found Here the common phenomenon of parallelism is seen to be an important factor in providing a secondary line in which defamiliarisation may freely occur This work offers a new approach to the poetry of the Old Testament that will be an aid towards more accurate translation exegesis and discourse analysis of poetic texts
