Sub Rosa Poems:

Sub Rosa Susan Prospere,1992 Poems deal with the past secret relationships hidden emotions the South childhood and love *Sub rosa* Aurelia Tiara,2006 *Sub Rosa* Stan Rogal,2003 Stan Rogal starts Sub Rosa his seventh collection of poetry by defining the rose as a highly complex symbol Sub Rosa is also highly complex and often symbolic Structured around the vibrantly sensuous paintings of Jacquie Jacobs Rogal composes poems infused with pop culture mythology and irreverence Each painting suggests the theme s for the poems following it and Rogal supplies the poetic variations in the content and the structure of his poems At times mocking at times dark but always unpredictable the poems explore what the poet draws from the paintings and then follows his flights of fantasy to their resting place Expect classical references beside pop lyrics dark insights beside laughter and read for the sheer exuberance of Rogal s love of word play **Sub Rosa** Maria Linda Hanihara,2014 **Sub Rosa / The Book of Metaphysics** Francesca Lisette,2018-11-05 sub rosa The Book of Metaphysics is a three part interrogation of love gender ritual and the body It heralds a new kind of poetic thinking one that seeks to articulate and enact a mode of resistance to the obstinacy of present conditions but which focuses on embodiment tenderness and optimism It wants to break present paths and contribute to a collective imagining of a different future a record of and a practice towards healing The opening sequence charts the breakdown and aftermath of a romantic relationship The second Becoming then traces several feminine archetypes the mother the girl the wild woman the mermaid Venus in a critique of gender identity summoning a lineage of strongly developed feminine ego identities in order to transcend and dissolve the individual gendered subject The third sequence entitled Ecstasy Dispersal is then a reconstruction a somatic and poetic re connection with the elements via crystal work dance somatics and food Altogether this collection is the latest installments of Lisette s engrossing attempt to develop a poetics which is more inclusive of the body the feminine and the performative Sub Rosa Susan Prospere,2011 *Sub Rosa* Stan Burnett,2018 **Sub-rosa, the Clearing of Invaluable Time** Theresa A. O'Dea,1999 This poetry book is the beginning of series 2 book 1 and it deals with living in the moment and coping with life by taking things one step at a time It consists of learning and survival cogitative abilities

Sub Rosa's Muse David Nickle Read,2014-08-20 This is my fourteenth poetry anthology it follows the same tack as the rest only the style has changed slightly the subjects have evolved and the depth is greater The paper back version of this book is laid out this way so that there is room for notes if you like maybe a scrapbook too *SELECT POEMS* John M. Bennett,2016 Poetry Visual Poetry A selection from over 40 years of Bennett s work introduced by Ivan Arg elles Where to begin writing about this baffling and certainly most avant garde of all poets living and working in the USA today Bennett s reputation is international and his interest in Mesoamerican culture has drawn him frequently to that part of the world where he is a recognized figure His experimentations over the years have encompassed multiple techniques including visual poetry and his own polyglottery moving in and out of English Spanish Portuguese French or some Mesoamerican language What

may seem aleatory is in fact more intentional and grounded than is first apparent Bennett has roots in traditional literatures those of Siglo de Oro Spain and of Elizabethan England but he is capable of transducing those literatures metamorphosing them by way of the avant garde movements of the 20th century into something utterly innovative and New such as few contemporary artists have done **Dance, Monster!** Stan Rogal,2011-03-15 Drawing from a variety of sources including folksong philosophy linguistics chaos theory theatre and sexuality Stan Rogal s poetry is a rollicking and adroit expression of the world in flux This selection gathers together fifty of Rogal s best poems from the last thirty years it is sure to delight long time fans and new readers alike **The Marriage of Heaven and Earth** Randall A. Clack,2000-08-30 From the Middle Ages to the close of the 17th century alchemy was fundamental to Western culture as scores of experimenters sought to change lead into gold Though its significance declined with the rise of chemistry alchemy continued to captivate the imagination of writers and its images still appear in modern creative works This book examines the literary representation of alchemical theory and the metaphor of alchemical regeneration in the works of Edward Taylor Edgar Allan Poe Nathaniel Hawthorne and Margaret Fuller While Taylor used alchemical metaphors to illustrate the redeeming grace of God upon the soul these same metaphors were used by Poe Hawthorne and Fuller to depict a broader concept of redemption These later writers used alchemical imagery to describe both the regeneration of the individual and the possible transformation of society For Poe alchemy became a metaphor for the transforming power of imagination for Hawthorne it became a means of representing the redeeming power of love for Fuller it figured the reconciliation of gender opposites Thus these four American writers incorporated the idea of regeneration in their works and the tropes and metaphors of the medieval alchemists provided a fascinating way of imagining the transformative process *The Complete Works of W.
