Music in Other Words Ruth A. Solie,2004-02-19 Publisher Description

Before George Eliot Fionnuala Dillane,2013-08-15 Fionnuala Dillane revisits the first decade of Marian Evans s working life to explore the influence of the periodical press on her emergence as George Eliot and on her subsequent responses to fame This interdisciplinary study discusses the significance of Evans s work as a journalist editor and serial fiction writer in the periodical press from the late 1840s to the late 1850s and positions this early career against critical responses to Evans s later literary persona George Eliot Dillane argues that Evans s association with the nineteenth century periodical industry that dominant cultural force of the age is important for its illumination of Evans s understanding of the formation of reading audiences the development of literary genres and the cultivation of literary celebrity

Transatlantic Sensations John Cyril Barton,Kristin N. Huston,a Preface by David S. Reynolds,2016-02-24 Bringing together sensation writing and transatlantic studies this collection makes a convincing case for the symbiotic relationship between literary works on both sides of the Atlantic Transatlantic Sensations begins with the prehistories of the genre looking at the dialogue

and debate generated by the publication of sentimental and gothic fiction by William Godwin Susanna Rowson and Charles Brockden Brown Thus establishing a context for the treatment of works by Louisa May Alcott Mary Elizabeth Braddon Dion Boucicault Wilkie Collins Charles Dickens George Lippard Charles Reade Harriet Beecher Stowe and George Thompson the volumetakes up a wide range of sensational topics including sexuality slavery criminal punishment literary piracy mesmerism and the metaphors of foreign literary invasion and diseased reading Concluding essays offer a reassessment of the realist and domestic fiction of George Eliot Charlotte Yonge and Thomas Hardy in the context of transatlantic sensationalism emphasizing the evolution of the genre throughout the century and mapping a new transatlantic lineage for this immensely popular literary form The book s final essay examines an international kidnapping case that was a journalistic sensation at the turn of the twentieth century

Macmillan's Magazine, 1859-1907 George J. Worth,2017-03-02 Macmillan s Magazine has long been recognized as one of the most significant of the many British literary intellectual periodicals that flourished in the second half of the nineteenth century Yet the first volume of the Wellesley Index to Victorian Periodicals 1966 pointed out that There is no study of Macmillan s Magazine and that lack has been only partially remedied in all the decades since In this work George Worth addresses five principal questions Where did Macmillan s come from and why in 1859 Who or what was the guiding spirit behind the Magazine especially in its early formative years What cluster of ideas gave it such coherence as it manifested during that period How did it and its parent firm deal with authors and juggle their periodical work and the books they produced for Macmillan and Co And what finally accounted for the palpable decline in the quality and fiscal health of Macmillan s during the last 25 years of its life and ultimately for its death Worth includes a treasure trove of original material about the Magazine much of it drawn from unpublished manuscripts and other previously untapped primary sources Macmillan s Magazine 1859 1907 contributes to the understanding not only of one significant Victorian periodical but also more generally of the literary and cultural milieu in which it originated flourished declined and expired

Ward,2003 In this text historians analyse central aspects of the cultural exchanges between Britain and the American South They consider the British influence upon Southern institutions and cultural formations such as religion gentility slavery and music ***The Oxford Handbook of Victorian Literary Culture*** Juliet John,2016 *The Oxford Handbook of Victorian Literary Culture* is a major contribution to the dynamic field of Victorian studies This collection of 37 original chapters by leading international Victorian scholars offers new approaches to familiar themes including science religion and gender and gives space to newer and emerging topics including old age fair play and economics Structured around three broad sections on Ways of Being Identity and Ideology Ways of Understanding Knowledge and Belief and Ways of Communicating Print and Other Cultures the volume is sub divided into nine sub sections each with its own lead essay on subjectivity politics gender and sexuality place and race religion science material and mass culture aesthetics and visual culture and theatrical culture The collection like today's Victorian studies is thoroughly interdisciplinary and yet its substantial Introduction explores a concern which is evident both implicitly and explicitly in the
