Subordinate Sex A History Of Attitudes Toward Wome

Paula D. Nesbitt

Subordinate Sex A History Of Attitudes Toward Wome:

The Subordinated Sex Vern L. Bullough, Brenda Shelton, Sarah Slavin, 1988-10-01 The Subordinated Sex traces the enduring powerful legacy of male attitudes toward women their sexuality and their roles as wives and mothers Traditionally the creators and chroniclers of opinion men have until recently written a history that reflects only their own convictions and impressions a history rarely punctuated by a female voice and founded on an almost universal belief in women s inferiority Acclaimed as a pioneering study when first published in 1973 Vern Bullough s work has since established itself as a standard in historical literature on women Updated and revised with Sarah Slavin and Brenda Shelton The Subordinated Sex is a vast survey ranging from prehistoric to contemporary times examining a diversity of cultures and taking into account writings from a great variety of sources From a consideration of Babylonian legal codes to Victorian prescriptive medical pamphlets medieval clerical treatises to Islamic erotic poetry Bullough and his coauthors recount not only how men have portrayed women but also how they have justified their subordination of the opposite sex In recent years women have successfully challenged males self designated role as gatekeepers of written records and have found within the past a more complete view of how women lived what they thought and what they achieved By focusing however not on women s history but on the history of men s attitudes toward their female companions The Subordinated Sex reveals more than any other single work the conditions that sparked the feminist movement and the reasons it must inspire a change in the lives of men as well as women

The Subordinate Sex Vern L. Bullough, 1976 *The Subordinate Sex* Vern L. Bullough, 1976 *The Subordinated Sex* Vern L. Bullough, 2004 **Law, Sex, and Christian Society in Medieval Europe** James A. Brundage, 2009-02-15 This monumental study of medieval law and sexual conduct explores the origin and development of the Christian church s sex law and the systems of belief upon which that law rested Focusing on the Church s own legal system of canon law James A Brundage offers a comprehensive history of legal doctrines covering the millennium from A D 500 to 1500 concerning a wide variety of sexual behavior including marital sex adultery homosexuality concubinage prostitution masturbation and incest His survey makes strikingly clear how the system of sexual control in a world we have half forgotten has shaped the world in which we live today The regulation of marriage and divorce as we know it today together with the outlawing of bigamy and polygamy and the imposition of criminal sanctions on such activities as sodomy fellatio cunnilingus and bestiality are all based in large measure upon ideas and beliefs about sexual morality that became law in Christian Europe in the Middle Ages Brundage s book is consistently learned enormously useful and frequently entertaining It is the best we have on the relationships between theological norms legal principles and sexual practice Peter Iver Kaufman Church History **Carnal Knowing** Margaret R. Miles, 2006-09-01 When we look at Michelangelo s David we see a nakedness that expresses physical prowess self knowledge and spiritual discipline What do we see when we look at Hans Baldung s Eve the Serpent and Death or Master Francke s Martyrdom of Saint Barbara Why should those naked female images symbolize wantonness and shame

How do ideas about nakedness formed at the dawn of Christianity continue to shape today's sexual values? What must women do to take their bodies back? This revolutionary study by Margaret R. Miles, formerly Bussey Professor of Historical Theology at the Harvard Divinity School and author of the acclaimed *Images as Insight*, sifts through centuries of Christian writing and religious ritual and above all Western art to reveal the origins of our attitudes toward women's bodies and their encoded meanings. Broad enough to encompass fourth-century descriptions of Christian baptism and contemporary theories of representation, *Carnal Knowing* is a brilliant, startling work of scholarship whose implications extend far beyond the academy to the way we live and see.

Feminization of the Clergy in America Paula D. Nesbitt, 1997-04-24 Feminization is said to occur when women enter any given occupation in substantial numbers and ostensibly leads to such dynamics as sex segregation, reduced opportunities for men, and depressed wages and diminished prestige for the occupation as a whole. Spanning more than 70 years, Paula Nesbitt's study of feminization concentrates on the Episcopal Church and the Unitarian Universalist Association, utilizing both statistical results and interviews to compare occupational patterns prior and subsequent to the large influx of women clergy. Among her findings, the author discovers that a decline in men's opportunities is evident before the 1970s, preceding the great influx of women; over the last two decades, she also finds that increases in the number of women ordained reduced occupational prospects for other women but enhanced those for men, thus contradicting the popular myth that women in the workplace are responsible for occupational decline.

The Female Paradigm IGNACIO IRIARTE Y ALEXANDER IRIARTE, 2011-03-11 From a historical perspective, we argue that since the beginning of time, males have done a very poor job as leaders of societies. Since recorded history, more than fourteen thousand wars have been fought on this planet, and the level of destruction, waste, and human suffering is incalculable. We believe that by replacing most of the male world leaders with female leaders, we could solve or drastically reduce many of the problems afflicting humanity. We propose that females, with their less aggressive nature, could manage to replace the obscene amount of energy and resources used for weapons and military purposes in exchange for social and educational programs that would solve world problems such as poverty and famine and promote world peace.

Resources in Women's Educational Equity, 1980 *Resources in Women's Educational Equity: Special Issue*, 1979

Before Stonewall Vern L. Bullough, 2014-02-04 Explore the early history of the gay rights movement. In the words of editor Vern L. Bullough: Although there was no single leader in the gay and lesbian community who achieved the fame and reputation of Martin Luther King, there were a large number of activists who put their careers and reputations on the line. It was a motley crew of radicals and reformers drawn together by the cause in spite of personality and philosophical differences. Their stories are told in the following pages.

Before Stonewall: Activists for Gay and Lesbian Rights in Historical Context illuminates the lives of the courageous individuals involved in the early struggle for gay and lesbian civil rights in the United States. Authored by those who knew them, often activists themselves, the concise biographies in this volume examine the lives of pre-1969 barrier breakers like Harry Hay, Henry Gerber, Alfred Kinsey, Del

Martin Phyllis Lyon Jim Kepner Jack Nichols Christine Jorgensen Jose Sarria Barbara Grier Frank Kameny and 40 more To anyone with an interest in the history of the gay lesbian rights movements in the United States these names will be familiar but did you know that in addition to their groundbreaking activism Prescott Townsend was a Boston Brahman Dorr Legg was a Log Cabin Republican Harry Hay was at one time a member of the Communist party Jim Kepner was a boy preacher Troy Perry was removed from the ministry of his church for homosexuality and then founded the gay friendly Metropolitan Community Church Reed Erickson a transsexual millionaire who gave millions to the cause kept a pet leopard called Henry Barbara Gittings set up a kissing booth at the American Library Association convention and urged attendees to kiss a gay or lesbian Before Stonewall is a perfect ancillary text for any gay lesbian studies course but more to the point no one interested in these heroic figures and the movements they ignited should be without this book which received an honorable mention in the 2004 Stonewall Book Awards

Instruments of Darkness James Sharpe, 1997-08-29 The first comprehensive scholarly history of witchcraft in England in over eighty years

Mother-headed Families and Why They Have Increased Ailsa Burns, Cath Scott, Catherine Scott, 2013-06-17 The last two decades have seen a dramatic growth in the proportion of families headed by women Most of these families are poor and include dependent children causing the development of a large underprivileged class across the western world This book explores the causes and implications of this development Because the increase in mother headed families is an international trend an international perspective has been adopted The discussion centers on selected countries where certain trends are most visible Among the western nations particular attention is given to the United States Sweden and the former U S S R because of their high prevalence of mother headed families and trends in some countries with a middling prevalence are also discussed Japan is included because of its combination of advanced industrialization with a non western tradition and a low incidence of mother headed families Accordingly the book considers broad supranational influences and proposes some explanations that draw on material from history anthropology sociology psychology women s studies economics literature and religious studies The authors present definitive information on the incidence of mother headed families across historical epochs and culture groups This includes an exploration of the conditions under which such families have been many or few and have been treated well or poorly by their communities They also offer some theoretical explanations for the increasing frequency of this family form and consider whether these interpretations fit the facts that have been gathered Finally there is a detailed discussion revealing what these explanations may imply for the future that is whether the number of mother headed families is likely to increase stabilize or decrease

A Trial of Witches Ivan Bunn, Gilbert Geis, 2005-11-04 In 1662 Amy Denny and Rose Cullender were accused of witchcraft and in one of the most important of such cases in England stood trial and were hanged in Bury St Edmunds A Trial of Witches is a complete account of this sensational trial and an analysis of the court procedures and the larger social cultural and political concerns of the period In a critique of the official process the book details how the erroneous

conclusions of the trial were achieved The authors consider the key participants in the case including the judge and medical witness their institutional importance their part in the fate of the women and their future careers Through detailed research of primary sources the authors explore the important implications of this case for the understanding of hysteria group mentality social forces and the witchcraft phenomenon as a whole The Light and the Darkness Paul Mirecki,Jason BeDuhn,2020-10-26 This is the second volume of scholarly studies in Manichaeism which were originally presented before the Manichaean Studies Group of the Society of Biblical Literature from 1997 through 1999 Like its predecessor *Emerging from Darkness* Studies in the Recovery of Manichaean Sources Brill 1997 this volume presents the latest international scholarship from leading researchers in the growing field of Manichaean studies Here the researchers move from the continuing foundational work of recovering Manichaean sources to the necessary task of understanding the relationship of Manichaeans to the larger world in which they lived That relationship took several distinct forms and the contributions in this book analyze those forms examining the relationship of Manichaeism with diverse cultural social and religious traditions

The Care of the Sick Vern L. Bullough,Bonnie Bullough,2021-06-23 Originally published in 1979 *The Care of the Sick* is a detailed and comprehensive exploration of the emergence of modern nursing Beginning with primitive and early historical nursing the book traces the development of nursing through the ages and covers a variety of key topics including the rise of the trained nurse the problems faced by nursing during its development as a profession education and working conditions the government and nursing the economics of nursing and how the image of nursing has changed over time Extensive and thorough *The Care of the Sick* will appeal to those with an interest in the history of nursing the history of medicine and social history

Religions of the East Stephen Hunt,2017-05-15 Under the rubric of *Religions of the East* which includes Buddhism Hinduism Sikhism Jainism and a myriad of Chinese religious philosophies are a vast range of views concerning human sexuality These contrasting attitudes are mapped through this volume on *Religions of the East* in The Library of Essays on Sexuality and Religion series Part 1 presents previously published articles that explore several Eastern Religions in the way they construct sexuality through expressions of their pertinent holy writings and belief systems as applied in differing historical and cultural contexts Part 2 takes sexual renunciation and asceticism as its focus through the traditions of Hinduism Jainism and the Chinese religious systems Part 3 explores the connection between sexuality gender and sexuality in Hindu and Buddhist customs in varied social settings The final part of the volume includes articles examining Eastern religions in their attitudes towards sexual variants including bi sexuality trans sexuality and contested sexual categories

Of Woman Born: Motherhood as Experience and Institution Adrienne Rich,1995-04-17 Adrienne Rich's influential and landmark investigation concerns both the experience and the institution of motherhood The experience is her own as a woman a poet a feminist and a mother but it is an experience determined by the institution imposed on all women everywhere She draws on personal materials history research and literature to create a document of universal importance

The Subordinate Sex Vern L. Bullough, Bonnie Bullough, 1974

The Ancient Egyptian Family Troy D. Allen, 2008-07-25

Was ancient Egyptian society organized along patrilineal or matrilineal lines This fascinating cultural study attempts to solve one of the most debated questions among Egyptology scholars offering new insight into the curious position of women in both ancient Egyptian society and the ancient Egyptian family structure
