*Indigenous Bodies* Jacqueline Fear-Segal, Rebecca Tillett, 2013-10-01 An interdisciplinary exploration of indigenous bodies This interdisciplinary collection of essays by both Natives and non Natives explores presentations and representations of indigenous bodies in historical and contemporary contexts Recent decades have seen a wealth of scholarship on the body in a wide range of disciplines Indigenous Bodies extends this scholarship in exciting new ways bringing together the disciplinary expertise of Native studies scholars from around the world The book is particularly concerned with the Native body as a site of persistent fascination colonial oppression and indigenous agency along with the endurance of these legacies within Native communities At the core of this collection lies a dual commitment to exposing numerous and diverse disempowerments of indigenous peoples and to recognizing the many ways in which these same people retained and or reclaimed agency Issues of reviewing relocating and reclaiming bodies are examined in the chapters which are paired to bring to light juxtapositions and connections and further the transnational development of indigenous studies

**Countermemory** April L. O'Brien, James Chase Sanchez, 2025 Countermemory A Rhetoric of Resistance investigates the interdisciplinary dimensions of countermemory through a rhetorical lens by drawing upon a mixed methodological approach that includes site based analysis participant observation textual analysis and historiography The authors apply these approaches to physical locations such as memorial sites and museums but also in digital spaces like music videos tv shows and maps to show the different ways that countermemory may exist

*Shakespearean Subversions* Richard Hillman,1992 This book traces manifestations of trickery and subversion across the Shakespearean canon in such a way as to bring together several diverse strands of critical thought By isolating a principle of subversiveness that cuts across the standard categories Richard Hillman shows a relation amongst otherwise disparate aspects of the plays and delineates broad patterns of development In Shakespearean Subversions discussion of such obviously subversive character types as the Clown the Fool and the Machiavellian villain is incorporated into a broader concern with disruptive energy not as a thematic motif but as a generative influence on textual production Hillman suggests that this influence may be exercised paradoxically through the counter claims of social order The book situates this central idea in relation to a number of theoretical positions including New Historicism Cultural Materialism and Bakhtin s concept of the carnivalesque The primary conceptual anchor is supplied by recent anthropological interpretations of the folklore figure known as the Trickster The subsequent plan of the book is wide ranging there is discussion of almost every play with some unusual associations across boundaries of genre and a number of radically unconventional specific interpretations Shakespearean Subversions will appeal to specialists and to any reader with a serious interest in Shakespearean drama

Exotic Subversions in Nineteenth-century French Fiction Jennifer Yee,2017-07-05 In the course of the nineteenth century France built up a colonial empire second only to Britain s The literary tradition in which it dealt with its colonial Other is frequently understood in terms of Edward Said s description of Orientalism as both a Western projection and a will to govern over the Orient There is however a body of works that eludes such a simple categorisation offering glimpses of colonial resistance of a critique of imperialist hegemony or of a blurring of the boundaries between the Self and the Other Some of the ways in which the imperialist enterprise is subverted in the metropolitan literature of this period are examined in this volume through detailed case studies of key works by Chateaubriand Hugo Flaubert and Segalen

*American Indian Quarterly* ,2008 **Native North American Art** Janet Catherine Berlo,Ruth Bliss Phillips,2015 This lively introductory survey of indigenous North American arts from ancient times to the present explores both the shared themes and imagery found across the continent and the distinctive traditions of each region Focusing on the richness of artwork created in the US and Canada Native North American Art Second Edition discusses 3 000 years of architecture wood and rock carvings basketry dance masks clothing and more The expanded text discusses twentieth and twenty first century arts in all media including works by James Luna Kent Monkman Nadia Myre Jaune Quick to See Smith Will Wilson and many more Authors Berlo and Phillips incorporate new research and scholarship examining such issues as art and ethics gender representation and the colonial encounter By bringing into one conversation the seemingly separate realms of the sacred and

the secular the political and the domestic and the ceremonial and the commercial Native North American Art shows how visual arts not only maintain the integrity of spiritual and social systems within Native North American societies but have long been part of a cross cultural experience as well      *The Subversion of Christianity* Jacques Ellul, 2011-06-02 Pointing to the many contradictions between the Bible and the practice of the church Jacques Ellul asserts in this provocative and stimulating book that what we today call Christianity is actually far removed from the revelation of God Successive generations have reinterpreted Scripture and modeled it after their own cultures thus moving society further from the truth of the original gospel The church also perverted the gospel message for instead of simply doing away with pagan practice and belief it reconstituted the sacred set up its own religious forms and thus resacralized the world Ellul develops several areas in which this perversion is most obvious including the church's emphasis on moralism and its teaching in the political sphere The heart of the problem he says is that we have not accepted the fact that Christianity is a scandal we attempt to make it acceptable and easy and thus pervert its true message Ultimately however Ellul remains hopeful For in spite of all that has been done to subvert the message of God the Holy Spirit continues to move in the world Christianity writes Ellul never carries the day decisively against Christ      **Interlocking Subversion in Government Departments** United States. Congress. Senate. Committee on the Judiciary, 1953      **Critique, Subversion, and Chinese Philosophy** Hans-Georg Moeller, Andrew K. Whitehead, 2020-11-12 Bringing together a number of case studies this book shows how from early on Chinese philosophical discourses unfolded through innovation and the subversion of dominant forms of thinking Narrowing in on the commonplace Chinese motto that the three teachings of Confucianism Daoism and Buddhism are joined into one as if there had never been any substantial differences between or within these schools of thought a team of esteemed contributors challenge established views They explain how the Daoist tradition provided a variety of alternatives to prevailing Confucian master narratives reveal why the long history of Confucianism is itself full of ambiguities disputes and competing ideas and discuss how in Buddhist theory and practice the subversion of unquestioned beliefs and attitudes has been a prime methodological and therapeutic device By drawing attention to unorthodox voices and subversion as a method this exciting collection reveals that for too long the traditional division into three teachings has failed to do justice to the diversity and subtlety found in the numerous discourses constituting the history of Chinese philosophy **Critique Subversion and Chinese Philosophy** finally makes such innovative disruptions visible      **Interlocking Subversion in Government Departments** United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws, 1953      **Combined Reports on Communist Subversion** Organization of American States, 1965      **Castro-communist Subversion in the Western Hemisphere**, 1963      **Castro-communist Subversion in the Western Hemisphere** United States. Congress. House. Committee on Foreign Affairs, 1963 Classified material has been deleted      Subversions of Desire Epifanio San Juan, 1988-01-01 This contextualizing of the imagination

reveals two dimensions in the writer's discursive strategy: the ideological function of reconciling contradictions and the utopian drive to subvert imperialist subjection via the invention of an egalitarian resurgent Filipino community; the fulfillment of the dream of the 1896 Revolution. Joaquin's corpus is therefore as conflicted as torn by the same contradictions as the body politic which his art seeks to mediate. P 4 of cover

**Aníbal Quijano** Aníbal Quijano, 2024-03-01 The essays in this volume encompass nearly thirty years of influential Peruvian sociologist Aníbal Quijano's work on coloniality, coloniality of power and colonial matrix of power, bringing it to an English reading audience for the first time. *Betrayal and Other Acts of Subversion* Leslie Bow, 2011-10-16 Asian American women have long dealt with charges of betrayal within and beyond their communities. Images of their disloyalty pervade American culture: from the daughter who is branded a traitor to family for adopting American ways to the war bride who immigrates in defiance of her countrymen to a figure such as Yoko Ono, accused of breaking up the Beatles with her seduction of John Lennon. Leslie Bow here explores how representations of females transgressing the social order play out in literature by Asian American women. Questions of ethnic belonging, sexuality, identification and political allegiance are among the issues raised by such writers as Jeanne Wakatsuki Houston, Bharati Mukherjee, Jade Snow Wong, Amy Tan, Sky Lee, Le Ly Hayslip, Wendy Law Yone, Fiona Cheong and Nellie Wong. Beginning with the notion that feminist and Asian American identity are mutually exclusive, Bow analyzes how women serve as boundary markers between ethnic or national collectives in order to reveal the male-based nature of social cohesion. In exploring the relationship between femininity and citizenship, liberal feminism and American racial discourse and women's domestic abuse and human rights, the author suggests that Asian American women not only mediate sexuality's construction as a determiner of loyalty but also manipulate that construction as a tool of political persuasion in their writing. The language of betrayal, she argues, offers a potent rhetorical means of signaling how belonging is policed by individuals and by the state. Bow's bold analysis exposes the stakes behind maintaining ethnic feminist and national alliances, particularly for women who claim multiple loyalties.
