

The image is a composite. The top half shows a city skyline, likely New York City, with several prominent skyscrapers like the Empire State Building and One World Trade Center. The sky is a mix of orange, yellow, and grey, suggesting a sunset or sunrise. The bottom half of the image shows a large number of dark, vertical wooden posts or pilings sticking out of a body of water. The posts are arranged in a way that creates a sense of depth and perspective, receding towards the horizon. The water is calm, reflecting the light from the sky.

Opresnik,2014-06-17 Negotiations in professional or private life often take an unsatisfactory course due to stress confrontation with aggressive or unfair behavior or because of overwhelming situations Negotiations generally require a thorough preparation strategy and a sophisticated tactic to make

us feel safe in the presentation of our goals and arrive at a mutually satisfactory outcome

Conventional books about negotiations are usually limited to strategies and techniques but leave out elements of psychological communication and emotional intelligence which include non verbal communication and empathy which in turn are essential for successful negotiation

Therefore this book on the one hand constitutes the essential techniques and strategies in the context of negotiation but also considers soft skills without which negotiations cannot be successful

This book presents practical examples in dealing with situations such as salary contract and sales negotiations

In particular on context and time appropriate negotiation techniques analyzing negotiation partners and their motives interpret group processes and how to successfully implement negotiation psychology
