Socorro G. Herrera

Succesful Reading Instruction Hc 2002:

Teaching Reading to English Language Learners Kristin Lems, Leah D. Miller, Tenena M. Soro, 2009-11-20 Written specifically for K-12 educators, this accessible book explains the processes involved in second language acquisition and provides a wealth of practical strategies for helping English language learners (ELLs) succeed at reading. The authors integrate knowledge from two fields that often remain disconnected: linguistics and literacy, with a focus on what works in the classroom. Teachers learn effective practices for supporting students as they build core competencies not just for reading in English but also for listening, speaking, and writing. Engaging vignettes and examples illustrate ways to promote ELLs' communicative skills across the content areas and in formal and informal settings.

Biography-Driven Culturally Responsive Teaching Socorro G. Herrera, 2022 This popular resource has transformed classrooms for thousands of teachers by providing how-to guidance for success with culturally and linguistically diverse CLD students. It illustrates how to use strategies that recognize and leverage all the cultural and linguistic assets that students bring to their learning. This new edition situates biography-driven instruction at the intersection of culturally responsive teaching, culturally sustaining pedagogies, and antiracist education. Herrera provides updated vignettes and student work artifacts to reflect the diversity of learners in today's historically and culturally situated spaces. Teaching strategies, tools, and interactional processes provide practical, proven ways to restructure classrooms for relational equity. Increased attention on each learner's biopsychosocial history will help educators to cultivate classroom ecologies that nurture and challenge CLD learners to reach their potentials. With lesson planning and strategy templates, tips for grouping students, teacher reflections, assessment aids, a classroom observation tool, and more features to foster classroom and schoolwide change, this edition shows teachers and administrators how to take the next steps toward critical consciousness and authentic relationships that will accelerate content learning and foster more extensive use and development of language. Book Features: Lesson planning guide that can be used with any curriculum; Strategy tools and templates to foster engaged learning; Voices of CLD families that highlight benefits of asset-driven practices; Journaling process for critical reflection on assumptions and perspectives; Book study discussion guide to scaffold collaboration and goal setting; Classroom observation tool for coaching, mentoring, and self-assessment.

Culturally Responsive Literacy Instruction Dorothy J. O'Shea, Festus E. Obiakor, 2009 Improve reading achievement for students from diverse backgrounds with research-supported practices and culturally responsive interventions in phonemic awareness, phonics, decoding, fluency, vocabulary, and comprehension.

Biography-Driven Culturally Responsive Teaching, Second Edition Socorro G. Herrera, 2016-01-27 Culturally responsive pedagogy, literacy, and English learner education expert Socorro Herrera has updated this bestseller to clarify focus and redefine concepts for the continued professional development of educators serving culturally and linguistically diverse CLD populations. Teaching strategies and tools have been updated to reflect important new brain research and to keep pace with our nation's ever

changing demographics and constant shift in expectations for K 12 students Herrera has also revised the structure and format of the book to help educators find information quickly while working in highly complex and demanding environments New for the Second Edition Teaching strategies and tools based on the most current knowledge in the field Authentic classroom artifacts that have been collected from teachers across the country Glossary of key terms providing an auxiliary resource for current readers and for future applications of content in professional practice Reorganized features with new icons providing a more user friendly text for practitioner and classroom use Updated excerpts from grade level classroom teachers clarifying practice with CLD students and families Additional planning and instructional aids available for free at www.tcpres.com Grounded in the latest theory and with more user friendly features the Second Edition of Biography Driven Culturally Responsive Teaching will help educators to reflect on their assumptions and perspectives integrate best practices and accelerate CLD students academic learning Socorro Herrera does a masterful job of mediating multicultural education theory and practice specifically for culturally and linguistically diverse students in Biography Driven Culturally Responsive Teaching From the Foreword by Geneva Gay University of Washington Seattle

Teacher Training and Effective Pedagogy in the Context of Student Diversity Liliana Minaya-Rowe, 2002-06-01 The purpose of this volume is two fold First the book attempts to initiate a research based dialogue from a variety of perspectives specifically about teacher training and teaching in the context of student linguistic and cultural diversity and second to cast a wide net over three major areas of professional development that have the potential to impact on teacher quality and on the educational services provided to ELLs at all levels of instruction This book represents a first attempt to a quiet revolution going on in teacher education Johnson 2000 It allows the reader to uncover research activities and experiences that constitute individual teacher education program initiatives A revolution because it is stirring the very essence of what stands at the core of teacher education a core that has long been based more on training to teach monolingual English speaking students and less on teaching ELLs their first and second language development using their bilingualism to teach academics and on the process of becoming an effective teacher of ELLs This state of the art review brings together research on effective pedagogy and teacher training The nine feature chapters are directly concerned with effective new structures and practices for professional development and are presented in a framework that considers a wide spectrum of topics to address issues such as what teachers need to understand about English language learners what kind of professional experiences are likely to facilitate those understandings and what kinds of teacher education programs and school settings are able to support their ongoing learning The authors also discuss the implications of their work for helping English language learners connect and benefit from school from the points of view of 1 school reform 2 teachers bilingual proficiencies 3 teachers knowledge and beliefs and 4 teacher training programming and sustainability

Seven Strategies of Highly Effective Readers Elaine K. McEwan, 2004-04-20 This essential reading instruction teaching tool offers hard evidence to show how effective readers use specific strategies to

extract and comprehend information Raising Literacy Achievement in High-Poverty Schools Eithne Kennedy, 2014-01-03

This book shares lessons gleaned from a two year intervention in a high poverty school which was highly successful in significantly narrowing the literacy achievement gap and in raising children s motivation and engagement in literacy both inside and outside school Kennedy argues that there is much that disadvantaged schools can do to close the gap but this is more likely to occur when a research based approach to instruction with a dual emphasis on cognitive skills and motivation and engagement assessment and professional development is undertaken **Building Literacy with English Language**
