Ramsey,2002-02-26 Nonprofit managers have been slow to embrace the digital age Although technology has transformed the face of the for profitsector and how it operates nonprofit use of technology to improveinternal functioning and to change the way services are deliveredis almost nonexistent These limitations actually have opened thedoor for for profits to compete successfully for traditionalnonprofit business such as moving people from welfare towork ManagingNonprofits org is both a

call to action and a roadmap for change. Each chapter defines an element of Dynamic Management and identifies digital hotspots or places within that element and the nonprofit's implementation of that element where digital issues will most likely arise and need to be addressed. In addition, at the end of each chapter, Maxims of Dynamic Management or core truths that the authors have found helpful to follow in their day to day experience as nonprofit leaders in bringing Dynamic Management to their organization are provided. Finally, the authors highlight the experience of various nonprofit and for-profit organizations that have successfully made elements of Dynamic Management a reality in their organizations.

Improving the Economy, Efficiency, and Effectiveness of Not-for-Profits Rob Reider, 2004-03-15

MISSION ACCOMPLISHED As not-for-profits must increasingly achieve greater results with less resources, they are continually seeking ways to use such scarce resources with more economy, with greater efficiency of processes and people within their organizations, and with increased effectiveness of results in order to further their missions. Whether used alone or together with other tools such as benchmarking, activity-based management, and flexible budgeting, the operational review is the tool best used to perform an evaluation of these crucial three: economy, efficiency, and effectiveness. This book shows not-for-profit managers why conducting an operational review can be beneficial, explains the tools and personnel needed to conduct the review, and shows in detail how to conduct a review of operations in each area. It includes case study materials for a social service agency, a museum operation, an arts organization, a community service agency, and a college business office. Here is accessible, comprehensive coverage of how to approach an operational review, judge its results, and make recommendations to management. How to position your not-for-profit organization more effectively in the competitive world of funding, personnel, resources, and service results. How to identify and implement best practices within funding and operational constraints in all areas of the not-for-profit's operations in an organized program of continuing improvements, and much more, including extensive exhibits, forms, working tools, checklists, and examples for conducting an operational review throughout all functions of a not-for-profit organization. Executive directors, outside auditors, CPAs, management consultants, boards, fund-raising executives, and all others involved in the not-for-profit's operations will learn to get the most for their mission from this indispensable book.

Nonprofit Boards That Work Maureen K. Robinson, 2001-06-01

Praise for Nonprofit Boards That Work This book offers a refreshing and candid look at the challenges of nonprofit boards. It moves away from theoretical frameworks to take you inside the real world of nonprofit organizations. A must for any executive director who needs reassurance that building effective boards is tough work but well worth the effort. Sherry Rockey, Executive Director, International Women's Media Foundation. Maureen Robinson is uniquely qualified to help us understand the issues related to boards that are effective, those that are not, and why. It is certain that board members, potential board members, and executive directors who read this book will better understand their roles and responsibilities and will be better able to avoid common pitfalls. As a result, the impact of their efforts on those whom their organizations exist to serve will be enhanced. Ron Burkard

Executive Director World Neighbors As more than 10 million people in the United States alone say yes to board service they also expect to see their time and talents used effectively This invaluable book presents a straightforward approach to understanding the role of the board tailoring its work to meet the needs of specific organizations and creating a culture of board productivity that makes participation rewarding for board members as well as the organizations they serve Nonprofit Boards That Work Distinguishes between theory and practice and encourages boards to explore how they genuinely add value to the work of the organization Goes beyond the hows and whys of nonprofit governance to provide frank advice and real world examples of what works what doesn't what requires a miracle and what can be achieved through diligent and deliberate effort Offers practical yet flexible strategies that can be tried by any nonprofit board whatever its current effectiveness and much more to guide nonprofit organizations and their boards toward accomplishing the goals they seek

Corporate Citizenship and Higher Education Morgan R. Clevenger, 2019-05-21 A finalist for the 2020 SIM Best Book Award this book examines corporate citizenship through the inter organizational relationships between a public American doctoral research university and six of its corporate partners The author discusses why US corporations engage as corporate citizens in relationships with higher education institutions and gauges the ethical concerns that may arise from such relationships As governments continue to cut funding support from individuals and corporations becomes continually more important This research contributes to the corporate citizenship literature by providing a broad holistic discussion to understand the range of motives and ROI expectations of corporate engagement in the American society as evidenced by inter organizational relationships with higher education This book is useful to provide both researchers and practitioners in corporations and higher education with insights to better design and manage inter organizational relationships **Business**
