Successful Communication With Persons With Alzheimers Disease An In Service Manual:

Successful Communication with Persons with Alzheimer's Disease Mary Jo Cook Santo Pietro, Elizabeth Ostuni, 2003 This completely updated edition is a unique resource designed to teach caregivers how to help persons with Alzheimer's disease communicate despite dementia and deterioration of their memory understanding speech language and social skills A series of in service units focuses on specific aspects of communication in long term care settings By following the recommendations in the units caregivers and family members will be prepared to support patients communication efforts improve their own communication skills and understand how to avoid breakdowns in communication A series of how to in service programs make this resource extremely practical and easy to use Real life examples case studies and scripts from actual encounters with patients help readers see how to apply concepts to the patient care setting Self study questionnaires checklists and quizzes reinforce the material Useful full page charts highlight key information and are ideal as overheads in training sessions Suggestions for group interaction role playing and patient activities provide strategies for effective communication A new chapter addresses issues related to communicating with persons in the last stages of Alzheimer's disease Two additional appendices a Model Case Study and Sample Scripts provide examples of how the concepts apply in real life situations Learning Objectives have been added to the beginning of each chapter along with the Standard Outline Premise and Definitions features to set a clear course for the teacher and student The overheads in Appendix II have been reformatted for ready use by instructors

Successful Communication with Alzheimer's Disease Patients Mary Jo Cook Santo Pietro, Elizabeth Ostuni, 1997 The authors have compiled a user friendly reference for teams and staff members working with Alzheimer's patients Separated into 11 teaching units this handy reference includes sections on the communication process tough communication situations increasing communication opportunities and multicultural issues in nursing homes Quick reference for speech language pathologists in daily care of persons with Alzheimer's disease Helps Caregivers understand and solve communications problems with Alzheimer's patients Contains quick tip summaries

Gerontological Nursing & Healthy Aging Priscilla Ebersole, 2005 Gerontological Nursing Healthy Aging provides thorough coverage of promoting healthy aging when caring for older adults The intent throughout the book is to facilitate the healthiest adaptation possible for any older adult regardless of the situation and disease process The majority of the book is devoted to discussing the significant problems that may occur and methods that nurses may use to make these problems more bearable to solve some and to help the elder find the best possible resolution towards healthy aging Incorporates healthy aging strategies to maximize the healthiest behaviors of clients patients with dementia and their caregivers Disease processes are discussed in the context of healthy adaptation nursing support responsibilities to help the reader gain an understanding of their client's experience Focus on health and wellness establishes a positive perspective to aging Careful attention to age cultural and gender differences are integrated throughout to help the nurse understand these important

considerations in caring for older adults Each chapter provides a consistent organization including learning objectives research study questions activities Assessment guidelines are incorporated throughout as tables boxes and forms to provide useful tools for practice Activities and discussion questions at the end of every chapter provide situations to expand student knowledge and understanding Appendices and resource lists assist in further exploration of material Text correlates with federal guidelines for Healthy People 2010 to assist the student in integrating knowledge about healthy aging considerations Expanded content on pharmacologic and nonpharmacologic pain management in Chapter 15 and integrated within appropriate content sections Completely revised Culture and Aging chapter includes discussions of health disparities and working with interpreters to help identify nursing care interventions appropriate for ethnic elders New author team with Theris Touhy and Kathleen Jett adds a wealth of experience related to gerontological nursing education and research
