The Politics Of Workers Participation The Peruvian Approach In Comparative Perspective

Gérard Kester

The Politics Of Workers Participation The Peruvian Approach In Comparative Perspective:

The Politics of Workers' Participation Evelyne Huber Stephens, 2013-10-22 The Politics of Workers Participation The Peruvian Approach in Comparative Perspective presents a comparative analysis of the development of workers participation in a variety of politico economic systems in Peru to other countries in the world The text focuses on the details of workers participation in politics and enterprise empirical evidence substantiating that workers participation is an issue of fundamental political conflict and the social forces that promote and oppose workers participation as part of a transition to a new social order Political scientists economists sociologists and students will find the book invaluable The Politics of Workers' Participation Evelyne Huber, 1980 **The Politics of Worker's Participation** Evelyne Huber, 1977 The State and Society Alfred C. Stepan, 2015-03-08 Although the state's role in society has clearly expanded since the 1930s its independent effect on social structure and change has been given little weight in modern political theories To bring theory more into line with reality Stepan proposes a new model of state autonomy which he shows to be particularly well suited for understanding political developments in the Iberian countries and their former Latin American colonies Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Trade Unions and Workplace Democracy in Africa* Gérard Kester, 2016-02-24 Can democracy only survive if it is participatory Is participatory democracy a prerequisite for sustainable development Are trade unions the most appropriate body through which such aims can be implemented These critical questions are tackled in Gérard Kester's book *Trade Unions and Workplace Democracy in Africa* which applies an unparalleled depth of research to these issues as they impact African nations including Cape Verde Burkina Faso Mali Guinea Ghana South Africa Zambia Tanzania and Zimbabwe Rigorously structured it sets the background of the research and the underlying theory before presenting the learning experiences within different countries and the the broad implications of the research findings for policy making on democratic participation *Paths Toward Democracy* Ruth Berins Collier, 1999-09-13 Examining the experiences of Western Europe and South America Professor Collier delineates a complex and varied set of patterns of democratization Politics after Violence Hillel Soifer, Alberto Vergara, 2019-01-14 Between 1980 and 1994 Peru endured a bloody internal armed conflict with some 69 000 people killed in clashes involving two insurgent movements state forces and local armed groups In 2003 a government sponsored Truth and Reconciliation Committee reported that the conflict lasted longer affected broader swaths of the national territory and inflicted higher costs in both human and economic terms than any other conflict in Peru's history Of those killed 75 percent were speakers of an indigenous language and almost 40

percent were among the poorest and most rural members of Peruvian society These unequal impacts of the violence on the Peruvian people revealed deep and historical disparities within the country This collection of original essays by leading international experts on Peruvian politics society and institutions explores the political and institutional consequences of Peru's internal armed conflict in the long 1980s The essays are grouped into sections that cover the conflict itself in historical comparative and theoretical perspectives its consequences for Peru's political institutions its effects on political parties across the ideological spectrum and its impact on public opinion and civil society This research provides the first systematic and nuanced investigation of the extent to which recent and contemporary Peruvian politics civil society and institutions have been shaped by the country's 1980s violence

Trade Unions and Sustainable Democracy in Africa

Gerard Kester, Ousmane Oumarou Sidibe, 2019-05-23 First published in 1997 this volume sets out to open a dialogue with the trade union movement and its social partners including civil society political leaders and the scientific community The authors all of whom work closely with APADEP have drawn on their personal experience and have been guided by a simple yet flexible theme trends in the last few decades in their countries with the emphasis on transition over the last five years Part I consists of an overview of sub-Saharan Africa based on selected documentation Part II is given over to an analysis of the specific situations obtaining in ten African countries in different geographical and language areas Each case study provides its own democratisation scenario

Employment Relations Cecilie Bingham, 2016-03-26 Shortlisted in the
