Power of Identification with Christ Mark Hankins, 2012-09-04 Many Christians have become a victim of supernatural identity theft Your new identity In Christ is extremely valuable and must be protected Learn how God identified us with Christ in His death burial resurrection and seating in Heaven He embraced our condition so that we might live in Him and He might live in us The same identical life victory joy and blessings that are In Christ are now in you This is the glory and the mystery of Christianity the power of the believer s identification with Christ

The Power of Identification with Christ Mark Hankins, 1998-06-01 Thinking in the Spirit Douglas Jacobsen, 2003-11-20 This book is about the boisterous beginnings of the American Pentecostal movement and the ideas that defined that movement during those formative years It follows a group of men who rethought the Christian faith in light of their new experience of God Thinking in the Spirit aims to provide scholars and general readers who know little or nothing about Pentecostalism with an introduction to the ideas of the movement s most articulate early spokespersons and to provide Pentecostals with a non judgmental historical source to help them in their theological reflections Douglas Jacobsen focuses on the individuals who formed the original brain trust of this now gigantic religious movement In a 25 year burst of creative energy at the beginning of the 20th century these leaders articulated almost all the basic theological ideas that continue to define the Pentecostal message in the United States and around the world

Powers of Darkness Clinton E. Arnold, 2025-06-12 Satan worship Witches New Age channelers The last two decades of the twentieth century witnessed a vast upsurge in occult activity Scores of popular books have warned Christians of the dangers and urged them to do battle against these spiritual forces Few books however have developed a careful biblical theology on demons principalities and powers Clinton Arnold seeks to fill this gap providing an in depth look at Paul s letters and what they teach on the subject For perspective he examines first century Greek Roman and Jewish beliefs as well as Jesus teaching about magic sorcery and divination Arguing against many recent interpretations that have seen principalities and powers as impersonal social economic and political structures Arnold contends that the New Testament view is that such forces are organized personal beings which Jesus defeated at the cross and will bring into full subjection at his return In his concluding section Arnold suggests practical ways in which Christians today can contend with the forces of evil Powers of Darkness is a thoughtful biblical look at an urgent challenge facing the church

The Identity of Jesus Christ, Expanded and Updated Edition Hans W. Frei, 2013-11-19 This is a book about Jesus of Nazareth It is not a book about story nor about narrative theology Hans Frei was not a theologian of story or of narrative in any general way and this book is neither about the narrative quality of our existence and the gospel s relation to that quality nor about the narrative shape of the Scriptures as a whole and the call on us to place ourselves within that narrative Rather this is a book about the way in which Jesus of Nazareth s identity is rendered by the Gospels largely the Synoptic Gospels

particularly the Gospel of Luke and especially in the passion and resurrection sequences by means of a certain kind of narrative from the Foreword by Mike Higton Fidelity with Plausibility Wesley J. Wildman, 1998-01-15 Interprets the history of Christology as being defined by a central distinction between those who assign to Christ an absolute role and those who do not Wildman theology Boston U argues for the latter what he calls modest view He claims that modest Christologies are more faithful to the actual history of Christological development than are absolutist ones and that the absolutist view can be shown to be incongruous with much that we have come to know about human history and the cosmos Annotation copyrighted by Book News Inc Portland OR **The Identity of Jesus Christ** Hans W. Frei, 1997-09 In this seminal work Frei considers the concepts of Jesus identity and presence maintaining that the logic of Christian faith requires that we begin with identity not presence Drawing on Ryle's philosophy Frei argues that a person is primarily what they say or do Hence theologians should not look for Jesus essence by looking past the stories but must look to the stories themselves The Annotated Bible Arno Clemens Gaebele, 1916 Martyrdom and Identity Michael P. Jensen, 2010-05-13 This book addresses the need for an account of Christian discipleship which addresses matters of selfhood and identity in the contemporary context It will help its readers perform Christian scripture more ably in the light of the witness of Christian martyrs
