The Powerticians:

The Powerticians Thomas F. X. Smith, 1982 On the Irish Waterfront James T. Fisher, 2011-01-15 Site of the world's busiest and most lucrative harbor throughout the first half of the twentieth century the Port of New York was also the historic preserve of Irish American gangsters politicians longshoremen's union leaders and powerful Roman Catholic pastors This is the demimonde depicted to stunning effect in Elia Kazan's *On the Waterfront* 1954 and into which James T. Fisher takes readers in this remarkable and engaging historical account of the classic film's backstory Fisher introduces readers to the real Father Pete Barry featured in *On the Waterfront* John M. Pete Corridan a crusading priest committed to winning union democracy and social justice for the port's dockworkers and their families A Jesuit labor school instructor not a parish priest Corridan was on but not of Manhattan's West Side Irish waterfront His ferocious advocacy was resisted by the very men he sought to rescue from the violence and criminality that rendered the port a jungle an outlaw frontier in the words of investigative reporter Malcolm Johnson Driven off the waterfront Corridan forged creative and spiritual alliances with men like Johnson and Budd Schulberg the screenwriter who worked with Corridan for five years to turn Johnson's Pulitzer Prize winning 1948 newspaper exposé into a movie Fisher's detailed account of the waterfront priest's central role in the film's creation challenges standard views of the film as a post facto justification for Kazan and Schulberg's testimony as ex communists before the House Committee on Un American Activities *On the Irish Waterfront* is also a detailed social history of the New York New Jersey waterfront from the rise of Irish American entrepreneurs and political bosses during the World War I era to the mid 1950s when the emergence of a revolutionary new mode of cargo shipping signaled a radical reorganization of the port This book explores the conflicts experienced and accommodations made by an insular Irish Catholic community forced to adapt its economic political and religious lives to powerful forces of change both local and global in scope *The Life & Times of Jersey City Mayor Frank Hague: "I Am the Law"* Leonard F. Vernon, 2011-11-18 Frank Hague served as the mayor of Jersey City for much of the early twentieth century While some believed him a thief others viewed him as a modern day Robin Hood He could put food on your table or triple your taxes give you a job or end your career It was with this same ease and power that he could make you a federal judge a congressman or even a United States senator He has been remembered including through a character on the popular TV drama *Boardwalk Empire* as one of the most corrupt politicians of the century But in this biography Leonard Vernon reexamines Hague's deeds prompting a new understanding of his life and the memory of politicians of the era *The Unknown City* Michelle Fine, 1999-02-18 The young people defined as Gen Xers in the media and popular imagination almost never include poor or working class young adults These young people a huge and important part of our society are misrepresented and silent in our national conversation In *The Unknown City* Michelle Fine and Lois Weis offer a groundbreaking theoretically sophisticated ethnography of the lives of young adults ages 23 to 35 based on hundreds of interviews We discover their views on everything from the construction of whiteness and

affirmative action to the economy education and new public spaces of community hope Finally Fine and Weis point to what is being done and what should be done in terms of national policy to improve the future of these remarkable women and men

Catch Minotales Steve Bowkett,2003-01-01 This book is part of an educational package called StoryMaker Catch Pack which uses fiction as a resource for learning What does Peeta do when aliens invade his planet Why does Kane watch the skies every night of his life How does Hector F Payne save the world Where can you find robots giant rats alien invaders supercomputers Catch Minotales the Science Fiction Collection Here are 26 very short stories to fill you with wonder and excitement Do you dare to journey through time and space **Rainbow's End** Steven P. Erie,1990-08-09 Unprecedented in its scope Rainbow's End provides a bold new analysis of the emergence growth and decline of six classic Irish American political machines in New York Jersey City Chicago San Francisco Pittsburgh and Albany Combining the approaches of political economy and historical sociology Erie examines a wide range of issues including the relationship between city and state politics the manner in which machines shaped ethnic and working class politics and the reasons why centralized party organizations failed to emerge in Boston and Philadelphia despite their large Irish populations The book ends with a thorough discussion of the significance of machine politics for today's urban minorities River of Hope Elizabeth Gritter,2014-02-20 One of the largest southern cities and a hub for the cotton industry Memphis Tennessee was at the forefront of black political empowerment during the Jim Crow era Compared to other cities in the South Memphis had an unusually large number of African American voters Black Memphians sought reform at the ballot box formed clubs ran for office and engaged in voter registration and education activities from the end of the Civil War through the Brown v Board of Education decision of 1954 In this groundbreaking book Elizabeth Gritter examines how and why black Memphians mobilized politically in the period between Reconstruction and the beginning of the civil rights movement Gritter illuminates in particular the efforts and influence of Robert R Church Jr an affluent Republican and founder of the Lincoln League and the notorious Memphis political boss Edward H Crump Using these two men as lenses through which to view African American political engagement this volume explores how black voters and their leaders both worked with and opposed the white political machine at the ballot box River of Hope challenges persisting notions of a Solid South of white Democratic control by arguing that the small but significant number of black southerners who retained the right to vote had more influence than scholars have heretofore assumed Gritter's nuanced study presents a fascinating view of the complex nature of political power during the Jim Crow era and provides fresh insight into the efforts of the individuals who laid the foundation for civil rights victories in the 1950s and 60s *Ponzi* Donald Dunn,2004-03-23 Just who was the man whose name has become synonymous with the classic rob Peter to pay Paul scam in which money from new investors is used to reward earlier ones In December 1919 he was an unknown thirty eight year old self educated Italian immigrant with a borrowed two hundred dollars in his pocket Six months later he was Boston's famed wizard of finance lionized by the public and politicians alike

Based on exclusive interviews with people who knew Charles Ponzi lent him their money and exposed him Donald Dunn's Ponzi recreates both one of America's most notorious and colorful financial con artists and the mad money hungry era in which he thrived

American Dictators Steven Hart, 2013-10-25 One man was tongue tied and awkward around women in many ways a mama's boy at heart although his reputation for thuggery was well earned The other was a playboy full of easy charm and ready jokes his appetite for high living a matter of public record One man tolerated gangsters and bootleggers as long as they paid their dues to his organization The other was effectively a gangster himself so crooked that he hosted a national gathering of America's most ruthless killers One man never drank alcohol The other from all evidence seldom drank anything else American Dictators is the dual biography of two of America's greatest political bosses Frank Hague and Enoch Nucky Johnson Packed with compelling information and written in an informal sometimes humorous style the book shows Hague and Johnson at the peak of their power and the strength of their political machines during the years of Prohibition and the Great Depression Steven Hart compares how both men used their influence to benefit and punish the local citizenry amass huge personal fortunes and sometimes collaborate to trounce their enemies Similar in their ruthlessness both men were very different in appearance and temperament Hague the mayor of Jersey City intimidated presidents and wielded unchallenged power for three decades He never drank and was happily married to his wife for decades He also allowed gangsters to run bootlegging and illegal gambling operations as long as they paid protection money Johnson the political boss of Atlantic City and the inspiration for the hit HBO series Boardwalk Empire presided over corruption as well but for a shorter period of time He was notorious for his decadent lifestyle Essentially a gangster himself Johnson hosted the infamous Atlantic City conference that fostered the growth of organized crime Both Hague and Johnson shrewdly integrated otherwise disenfranchised groups into their machines and gave them a stake in political power Yet each failed to adapt to changing demographics and circumstances In American Dictators Hart paints a balanced portrait of their accomplishments and their failures

New Jersey's Multiple Municipal Madness Alan J. Karcher, 1998 Alan J Karcher takes a critical look at how and why the boundary lines of New Jersey's 566 municipalities were drawn pointing to the irrationality of these excessive divisions
