Hitler's Court Heike B. Görtemaker,2022-01-12 This revelatory history examines the loyal inner circle that followed and enabled Hitler s rise to power and continued on after WWII Hitler was not a lonely aloof dictator Throughout his rise in the NSDAP he gathered a loyal circle around him and was surrounded by people who celebrated flattered and intrigued him Who belonged to this inner circle around Hitler What function did this court fulfill And how did it influence the perception of history after 1945 Using previously unknown sources Heike G rtemaker explores Hitler s private environment and shows how this inner circle made him who he was Hitler s inner circle the Berghof Society was his private retreat But the court was more than that It provided him with the support he needed to take on the role of F hrer at all while at the same time allowing him to use its members as political front men Most of all it represented a conspiratorial community whose lowest common denominator was anti Semitism In this book Heike G rtemaker asks new questions about the truth behind Hitler s inner circle and for the first time also examines the circle without leaders the networking of the inner circle after 1945
