The Problem of Evil M. B. Ahern, 2003 Problem Of Evil: Vol 1 M. B. Ahern, 2013-12-19 First published in 2003 Part of the Studies in Ethics and Philosophy of Religion series which seeks to provide an opportunity for philosophical discussions of a limited length which pursue some detail topics presenting work by contemporary philosophers Volume I looks at the problem of evil *Theology and Intelligibility* Dewi Zephaniah Phillips, James Robert Flynn, M. B. Ahern, Michael Durrant, Nelson Pike, R. W. Beardsmore, Rush Rhees, H. O. Mounce, 2003 **Introduction to the Study of Religion** Leroyce Miles, 2018-08-07 One thing is clear that fighting with other human beings in the name of religion is subhuman As a religious man we are fellow travellers in the direction of the realm of spirit Here the nomenclature of Hindus Muslims Christians etc ceases to be meaningful Of course we have to go very far and we have not made any beginning yet However at present the advaitic principle of difference less Brahman can serve the purpose of harmonizing all religions Here we have adopted this principle Secondly the key concepts of different religions have been shown to mingle into one another The book attempts to interrogate the categories used in western discourse in the study of religion In doing so the book outlines a broad overview of the discussions on issues relating to the methods and theories in the study of religion The book provides an insight into some of the key issues that need clarity in dealing with religions This scholarly presentation is a must read for students of religion culture and philosophy and for those involved with the struggles of the subaltern community **A Liberal Theory of Practical Morality** Earl Spurgin, 2021-05-25 Moral issues and questions abound in daily life Media outlets frequently raise awareness of many such as those concerning individuals right to privacy The same venues seldom if ever raise awareness of others such as moral issues and questions concerning our fantasies Regardless of the level of publicity various venues afford particular moral matters most people who become aware of those matters find many interesting and important A problem most encounter however is determining the criteria through which they should approach the moral matters they wish to engage Ethicists have long sought a moral theory that would provide the desired criteria but most will grant readily that those efforts have not produced a generally accepted theory This book presents the author's case that a kind of moral liberalism is the theory we should use to engage daily life's moral matters The author presents a conception of moral liberalism argues that it is the best approach to practical morality in a plural society and applies it to several of morality's practical matters **Controversial Issues in Religious Education on Ethics, Values, and Beliefs** Olof Franck, Bodil Liljefors Persson, 2025-10-01 This book presents a broad and in depth research based source for exploring how teaching controversial issues on ethics values and beliefs can be conducted in Religious Education How may teachers conduct an objective and comprehensive education that respects children's and young people's divergent views based on traditions and beliefs that characterize their background and family discourse and or in personal standpoints The chapters explore the development of pedagogical and didactical approaches with special regard to the implementation of teaching on issues that

may be experienced as sensitive and contentious The chapters represent a variety of disciplinary fields including philosophy science of religion ethics intercultural education values education worldview education and social sustainability The book may serve as course literature in Teacher education and in in service training for teachers Ethics Richard H. Corrigan, Mary E. Farrell (ed.), 2010-08 This book may be read continuously from start to finish and will in itself provide the reader with a comprehensive guide to the study of ethics However it can also be read as individual chapters that stand in isolation from the remainder of the book In this way it is possible to pick and choose those areas that are pertinent to one's particular needs at the time of reading Undergraduates can therefore use it as a resource to support their lectures assist essay writing and term papers and point them towards further reading materials Written by experts it covers the following areas The History of Ethics Animal Ethics Business Ethics Ethics of Care Contractualism Egoism Environmental Ethics Global Ethics Kantian Ethics Law and Rights Normative Ethics Utilitarian Ethics Virtue Ethics and Ethics and Wellbeing

Challenges to Moral and Religious Belief Michael Bergmann, Patrick Kain, 2014-05-22 *Challenges to Moral and Religious Belief* contains fourteen original essays by philosophers theologians and social scientists on challenges to moral and religious belief from disagreement and evolution Three main questions are addressed Can one reasonably maintain one's moral and religious beliefs in the face of interpersonal disagreement with intellectual peers Does disagreement about morality between a religious belief source such as a sacred text and a non religious belief source such as a society's moral intuitions make it irrational to continue trusting one or both of those belief sources Should evolutionary accounts of the origins of our moral beliefs and our religious beliefs undermine our confidence in their veracity This volume places challenges to moral belief side by side with challenges to religious belief sets evolution based challenges alongside disagreement based challenges and includes philosophical perspectives together with theological and social science perspectives with the aim of cultivating insights and lines of inquiry that are easily missed within a single discipline or when these topics are treated in isolation The result is a collection of essays representing both skeptical and non skeptical positions about morality and religion that move these discussions forward in new and illuminating directions *The Problem of Evil* Sandra Ann Wawrytko, 2000 Annotation Comprises 18 revised studies based on presentations and discussions at the Fourth Conference of the International Society for Philosophy and Psychotherapy held in Montreal Canada in June 1994 Contributions to the five sections address evil in Asian thought Western theories of evil evil and cosmic order the psychology of evil and the practice of evil Annotation copyrighted by Book News Inc Portland OR Diversifying Philosophy of Religion Nathan R.
