The Practice Of Moral Judgment:

The Practice of Moral Judgment Barbara Herman,1993 Barbara Herman argues for a radical shift in the way we perceive Kant's ethics She convincingly reinterprets the key texts at once allowing Kant to mean what he says while showing that what Kant says makes good moral sense She urges us to abandon the tradition that describes Kantian ethics as a deontology a moral system of rules of duty She finds the central idea of Kantian ethics not in duty but in practical rationality as a norm of unconditioned goodness This book both clarifies Kant's own theory and adds programmatic vitality to modern moral philosophy

Moral Judgments as Educated Intuitions Hanno Sauer,2022-11-01 An argument that moral reasoning plays a crucial role in

moral judgment through episodes of rational reflection that have established patterns for automatic judgment foundation Rationalists about the psychology of moral judgment argue that moral cognition has a rational foundation Recent challenges to this account based on findings in the empirical psychology of moral judgment contend that moral thinking has no rational basis In this book Hanno Sauer argues that moral reasoning does play a role in moral judgment but not as is commonly supposed because conscious reasoning produces moral judgments directly Moral reasoning figures in the acquisition formation maintenance and reflective correction of moral intuitions Sauer proposes that when we make moral judgments we draw on a stable repertoire of intuitions about what is morally acceptable which we have acquired over the course of our moral education episodes of rational reflection that have established patterns for automatic judgment foundation Moral judgments are educated and rationally amenable moral intuitions Sauer engages extensively with the empirical evidence on the psychology of moral judgment and argues that it can be shown empirically that reasoning plays a crucial role in moral judgment He offers detailed counterarguments to the anti rationalist challenge the claim that reason and reasoning play no significant part in morality and moral judgment and the emotionist challenge the argument for the emotional basis of moral judgment Finally he uses Joshua Greene s Dual Process model of moral cognition to test the empirical viability and normative persuasiveness of his account of educated intuitions Sauer shows that moral judgments can be automatic emotional intuitive and rational at the same time

A Nietzschean Metaethics David Emmanuel Rowe, 2019-10-17 This book develops a novel interpretation of the late nineteenth century German philosopher Friedrich Nietzsche as holding a distinct and original metaethical position a theory about our practice of ethics David Emmanuel Rowe characterizes it as a human centered metaethics A central achievement of A Nietzschean Metaethics is to bring Nietzsche into a conversation with the analytic metaethical tradition To do so Rowe interprets Nietzsche s use of such concepts as the notorious will to power his ideal agent the superman or berrnensch nihilism the eternal recurrence Perspectivism and Being and Becoming The result is a view of Nietzsche as a radical moral error theorist which is to say he defends the view that all statements that appeal to some value for their truth are false This theory is radical because Nietzsche argues that insofar as language requires certain concepts for its truth it is in error in virtue of an appeal to some value Rowe also offers a view where the increase in one s power is a standard by which one can make sense of Nietzsche s so called re evaluation of all values By means of this resolution Nietzsche criticizes some contemporary themes in metaethics such as particular views about moral motivation reasons moral error theory and agency

Mencius, Hume and the Foundations of Ethics Xiusheng Liu, 2017-05-15 What is the most distinctive feature of human nature Does human nature play any significant role in explaining ethical objectivity How do we arrive at moral judgments What is the relationship between moral judgments and moral motivation In answering these questions this book defends a naturalist realist and internalist theory of the foundations of ethics This theory grounded on a particular concept of humanity combines insights from Mencius and David Hume The views of each show how important features left underdeveloped by the other can be supplemented and refined The unified theory that results is a robust contender among current ethical theories This illuminating book relating Chinese and Western philosophical traditions presents a unique account of the unity of the virtues in Mencius breaks new ground in Hume studies through its discussion of the concept of sympathy in Hume's theory and brings combined insights to bear on contemporary analytical theories of ethics *Awakening Warrior* Timothy L. Challans, 2010-03-10 2007 CHOICE Outstanding Academic Title *Awakening Warrior* argues for a revolution in the ethics of warfare for the American War Machine those political and military institutions that engage the world with physical force Timothy L. Challans focuses on the systemic institutional level of morality rather than bemoaning the moral shortcomings of individuals He asks What are the limits of individual moral agency What kind of responsibility do individuals have when considering institutional moral error How is it that neutral or benign moral actions performed by individuals can have such catastrophic morally negative effects from a systemic perspective Drawing upon and extending the ethical theories of Kant Dewey and Rawls Challans makes the case for an original set of moral principles to guide ethical action on the battlefield Challans's call for reformation combined with a demand for a new set of moral principles to govern the ethical behavior on the battlefield is certain to garner the attention and ire of many readers and military leaders *Parameters* This is an important book that needs to be read and taken seriously If it is it could be as revolutionary as its subtitle suggests CHOICE **The Moral Judgment Of The Child** Jean Piaget, 2013-11-05 First Published in 1999 Readers will find in this book no direct analysis of child morality as it is practised in home and school life or in children's societies It is the moral judgment that we propose to investigate not moral behaviour or sentiments With this aim in view a large number of children from the Geneva

Jenlink, 2014-03-18 What makes a moral person moral Who decides what morality means What makes leadership practice moral In today's schools what stands as moral leadership These are questions that reflect the complexity integral to the calculus of human morality especially in a world that is defined daily by its variant meanings of morality its acts of immorality The school as an educational setting is or should be a decidedly moral center of the society it is the natural intersect between the family and the multi dimensional nature of public life *Educational Leadership and Moral Literacy* addresses these questions situating the reader in a conversation that examines the meaning and nature of moral leadership through the lens of moral literacy and the dispositional aims of moral leadership in educational settings The contributing authors extend an argument that the work of leader educators and practitioners alike must continuously be re articulated around the dispositional aims aligned with a moral democratic education Educators must be concerned with developing the moral intellectual and aesthetic dimensions of the educational leader as a moral person
