John Vernon Taylor

The Primal Vision:

The Primal Vision John Vernon Taylor, 2001 The Primal Vision is widely regarded as one of the most important books ever published on the subject of African Christianity In a sympathetic and warmly empathetic style John Taylor tells of his encounters with many different African people and reflects theologically on the conversations he has shared with men women and children in a wide variety of circumstances By suggesting that the missionary should listen and learn from indigenous culture and appreciate his status as a guest the book points towards a revisionist understanding of Christian mission John V Taylor was Bishop of Winchester from 1975-85 and General Secretary of the Church Missionary Society from 1963 to 74 He died in 2001

Spirit-Filled World Allan Heaton Anderson,2018-02-16 This book is about African Pentecostalism and its relationship to religious beliefs about a pervading spirit world It argues that Pentecostalism keeps both a continuous and a discontinuous relationship in tension Based on field research in a South African township including qualitative interviews and focus group discussions the study explores the context of African Pentecostalism as a whole and how it interacts with the concepts of ancestors divination and various types of spirit Themes discussed include the reasons for the popularity of healing exorcism the prosperity gospel the experience of the Holy Spirit Spirit manifestations and practices resembling both traditional and biblical precedents as well as scholarly discussions on African Pentecostalism from theological and social scientific disciplines The book suggests that the focus on a spirit filled world affects all kinds of events and explains the rapid growth of Pentecostalism outside the western world

It Clicks Allen Gliniewicz,2016-12-31 In this book there are many detailed examples of the use of psychic hints to solve real world problems of many types Within this short book I have explained how to understand the spiritual symbolism of your dreams meditations movement and the psychic symbolism from other sources I ve given as many examples as I could into these pages But the question arose how could I assure the reader he or she had come to the correct personal interpretation of their symbol The answer comes from within the person seeing the symbol This symbol is sent to its receiver to deliver a message usually related to a current life situation There are often a variety of possible meanings from which frequently the

receiver is able to choose the one that feels right But why does one meaning seem right and while others do not Because the truth of this meaning lies somewhere deep within the receiving person In other words for him or her this is the true meaning i e it clicks That became the title of this book There are many examples of conversations i e meaningful expressions to and from the unconscious mutual respect is important and the importance of another point of view among other principles to build this relationship Finally the last chapter is a detailed description of the solution of a significant real world problem dealing with relativity this led to insights into spirituality and the nature of God There are some new ways to understand our universes *The White Isle* Darrell Schweitzer,2013-03-12 Darrell Schweitzer s first novel is a powerful tale of Prince Evnos of Iankoros who seeks to reclaim his bride from the God of Death Rich with strange sorceries grim mythologies and hostile gods this is a tale of heroism and horror seeming triumph and subsequent tragedy and strange turns of fate which none of the characters could possibly foresee It is a modern classic reminiscent of E R Eddison Ursula K Le Guin and Lord Dunsany and yet uniquely the author s own **A Vision's Quest** Alice Emma Sauerwein Lord,1899 **Avant-Garde Cultural Practices in Spain (1914-1936)** ,2016-04-08 This book offers a critical reinterpretation of the Spanish avant garde focusing on narrative transculturality and intermediality Narrative because it prioritizes the analysis of prose over poetry against the traditional use of critical literature on the subject up to this point Transculturality because the Spanish avant garde simply cannot be understood without the acknowledgement of its multi linguistic reality and the transnational scope of the experience of Modernism in Europe of which Spain was an integral yet underexposed component And intermediality because the interrelations of painting photography film and literature articulate a correlation and mutual affect among different media creating a rich cultural tapestry that needs to be addressed Contributors Rosa Berland Jennifer Duprey Marcos Eymar Regina Galasso Eduardo Gregori Juan Herrero Sen s John McCulloch Andr s Prez Sim n Lynn Purkey Domingo R denas de Moya Evelyn Scaramella and Antonio S ez Delgado **Toward an Anabaptist-Pentecostal Vision** Joseph C. L. Sawatzky,2023-03-28 What does Pentecostalism the fastest growing Christian expression worldwide have to do with Anabaptism whose Mennonite adherents have sometimes been called the quiet in the land In this groundbreaking study Joseph C L Sawatzky explores a mission history of North American Mennonites working with African Initiated and Pentecostal type churches in southern Africa illuminating points of divergence and convergence between Anabaptist and Pentecostal streams Placing testimonies of African and North American participants in this history within a broader biblical and theological framework this study proposes bases for an emerging Anabaptist Pentecostal vision with implications for the church its leadership and its witness in the world This lively interdisciplinary study will interest students of mission interculturality and the Christian faith itself
