The Principles of Social Order Lon L. Fuller,2001 **The Oxford Handbook of Global Legal Pluralism** Paul Schiff Berman,2020 Abstract Global legal pluralism has become one of the leading analytical frameworks for understanding and conceptualizing law in the twenty first century [Legitimacy and Legality in International Law](#) Jutta Brunnée,Stephen J. Toope,2010-08-05 It has never been more important to understand how international law enables and constrains international politics By drawing together the legal theory of Lon Fuller and the insights of constructivist international relations scholars this book articulates a pragmatic view of how international obligation is created and maintained First legal norms can only arise in the context of social norms based on shared understandings Second internal features of law or criteria of legality are crucial to law s ability to promote adherence to inspire fidelity Third legal norms are built maintained or destroyed through a continuing practice of legality Through case studies of the climate change regime the anti torture norm and the prohibition on the use of force it is shown that these three elements produce a distinctive legal legitimacy and a sense of commitment among those to whom law is addressed **The Concept of Ideals in Legal Theory** Sanne Taekema,2002-12-31 Talk about law often includes reference to ideals of justice equality or freedom But what do we refer to when we speak about ideals in the context of law This book explores the concept of ideals by combining an investigation of different theories of ideals with a discussion of the role of ideals in law A comparison of the theories of Gustav Radbruch and Philip Selznick leads up to a pragmatist theory of legal ideals which provides an interesting new position in the debate about values in law between legal positivists and natural law thinkers Attention for law s central ideals enables us to understand law s autonomous character while at the same time tracing its connection to societal values Essential reading for anyone interested in the role of values or ideals in law *Oxford Studies in Philosophy of Law Volume 5* ,2024-08-07 Oxford Studies in Philosophy of Law is a forum for some of the best new philosophical work on law by both senior and junior scholars from around the world The essays range widely over issues in general jurisprudence the nature of law adjudication and legal reasoning the philosophical foundations of specific areas of law from criminal law to evidence to international law the history of legal philosophy and related philosophical topics that illuminate the problems of legal theory OSPL will be essential reading for philosophers academic lawyers political scientists and historians of law who wish to keep up with the latest developments in this flourishing field **The International Rule of Law** Heike Krieger,Georg Nolte,Andreas Zimmermann,2019-08-07 This edited volume examines the role of international law in a changing global order Can we under the current significantly changing conditions still observe an increasing juridification of international relations based on a universal understanding of values Or are we to the contrary facing a tendency towards an informalization or a reformation of international law or even an erosion of international legal norms Would it be appropriate to revisit classical

elements of international law in order to react to structural changes which may give rise to a more polycentric or non polar world order Or are we simply observing a slump in the development towards an international rule of law based on a universal understanding of values In eleven chapters distinguished scholars reflect on how to approach these questions from historical system oriented and actor centered perspectives The contributions engage with the rise of European international law since the 17th century the decay of the international rule of law compliance as an indicator for the state of international law international law and informal law making in times of populism the rule of environmental law and complex problems human rights in Europe in a hostile environment the influence of the BRICS states on international law the impact of non state actors on international law international law s contribution to global justice the contestation of value based norms and the international rule of law in light of legitimacy claims

International Legal Positivism in a Post-Modern World Jörg Kammerhofer, Jean D'Aspremont, 2014-10-06 The first comprehensive study of international legal positivism and how this theory operates in twenty first century international legal scholarship

The Dynamics of Law and Morality Wibren van der Burg, 2016-03-23 This book investigates the dynamic intertwinement of law and morality with a focus on new and developing fields of law Taking as its starting point the debates and mutual misunderstandings between proponents of different philosophical traditions it argues that this theoretical pluralism is better explained once law is accepted as an essentially ambiguous concept Continuing on the book develops a robust theory of law that increases our grasp on global legal pluralism and the dynamics of law This theory of legal interactionism inspired by the work of Lon Fuller and Philip Selznick also helps us to understand apparent anomalies of modern law such as international law the law of the European Convention on Human Rights and horizontal interactive legislation In an ecumenical approach legal interactionism does justice to the valuable core of truth in natural law and legal positivism Shedding new light on familiar debates between authors such as Fuller Hart and Dworkin this book is of value to academics and students interested in legal theory jurisprudence legal sociology and moral philosophy

The Top Books of the Year The Principles Of Social Order Selected Essays Of Lon L Fuller The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthraling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. The Principles Of Social Order Selected Essays Of Lon L Fuller : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
