The Creature in the Map Charles Nicholl, 1997-06-23 This brilliantly written reconstruction of Sir Walter Raleigh's 1595 South American journey combines painstaking scholarship vivid travelogue and an intuitive sensitivity for the many meanings of the El Dorado myth Nicholl brings this six week expedition to life A rare treat for both intellect and imagination Kirkus Reviews Walter Raleigh was one of those Elizabethan all rounders who still seem staggeringly larger than life Mr Nicholl's cogent reconstruction of the journey uses Raleigh's own account The Discoverie of Guiana part truth part advertising part rhapsody and much well found ancillary material Anthony Bailey New York Times Like The Reckoning his brilliant account of the murder of Christopher Marlowe Nicholl's new book might be called an exercise in historical conjuring The Creature in the Map is an effort not only to analyse but also to call into presence the lived experience of the voyage Raleigh undertook in 1595 to the Orinoco Delta in what is now Venezuela Stephen Greenblatt Times Literary Supplement Charles Nicholl belongs to an elite company that of historians who know how to make research into arcane matters and distant times as engrossing as In Cold Blood or All the President's Men Michael Dirda Washington Post

Meierding,2020-05-15 Do countries fight wars for oil Given the resource s

exceptional military and economic importance most people assume that states will do anything to obtain it Challenging this conventional wisdom *The Oil Wars Myth* reveals that countries do not launch major conflicts to acquire petroleum resources Emily Meierding argues that the costs of foreign invasion territorial occupation international retaliation and damage to oil company relations deter even the most powerful countries from initiating classic oil wars Examining a century of interstate violence she demonstrates that at most countries have engaged in mild sparring to advance their petroleum ambitions *The Oil Wars Myth* elaborates on these findings by reassessing the presumed oil motives for many of the twentieth century s most prominent international conflicts World War II the two American Gulf wars the Iran Iraq War the Falklands Malvinas War and

the Chaco War These case studies show that countries have consistently refrained from fighting for oil Meierding also explains why oil war assumptions are so common despite the lack of supporting evidence Since classic oil wars exist at the intersection of need and greed two popular explanations for resource grabs they are unusually easy to believe in The Oil Wars Myth will engage and inform anyone interested in oil war and the narratives that connect them *Urth's Legacy: Unraveling the Secrets of the Old Texts* Pasquale De Marco, 2025-07-27 Urth's Legacy Unraveling the Secrets of the Old Texts is a captivating journey into the depths of ancient civilizations and their forgotten wisdom Written by the renowned author Pasquale De Marco this book invites readers to explore the enigmatic realms of ancient texts decipher forgotten languages and uncover the secrets of lost civilizations With meticulous research and captivating storytelling Urth's Legacy delves into the realms of myth and legend unraveling the creation myths exploring the heroes and heroines of old and interpreting the profound symbolism hidden within these timeless tales It navigates the intricacies of the cosmic order shedding light on the structure of the cosmos the interplay of elements and the forces that govern the universe The book investigates the enigmatic realms of magic and the occult unveiling the sources of power exploring rituals and spells and examining the boundaries between the known and the unknown It delves into the mysteries of ancient prophecies deciphering the Mayan Calendar interpreting the enigmatic quatrains of Nostradamus and exploring the visions of the Hopi people Urth's Legacy unveils the secrets of ancient artifacts such as the Ark of the Covenant the Holy Grail the Philosopher's Stone the Spear of Destiny and the Shroud of Turin revealing their historical significance and legendary powers It transports readers to ancient mysteries unraveling the secrets of the pyramids of Giza Stonehenge Easter Island Nazca Lines and Machu Picchu Through Pasquale De Marco's masterful storytelling Urth's Legacy explores the wisdom of ancient philosophers uncovering their teachings and ideas and delving into ancient healing practices herbal remedies and architectural marvels This book is an enthralling exploration of ancient civilizations their forgotten wisdom and the enduring impact of their teachings on modern life Urth's Legacy is a treasure trove of knowledge for those seeking to understand the mysteries of the past and unlock the secrets of the universe It is a must read for anyone fascinated by ancient history mythology and the unexplained If you like this book write a review **Blackwood's Magazine** ,1913
