Sirius Crossing:

The Sirius Crossing John Creed, 19?? *The Sirius Crossing* John Creed, 2003-02-17 Jack Valentine has been in the intelligence game too long and it is starting to show but he accepts one more mission He always does It seems like a simple task but it throws up deadly questions and he doesn't know the answers What were American Special Forces doing in Ireland twenty five years ago and why does it matter now What is the thread which leads from a deserted mountainside to the offices of the White House Valentine no longer knows which threatens him most the dark alliance of men who want to kill him or his own dangerous cynicism back cover **The Eye of Ra** David Klooz, 2020-05-29 a large planet stood above the North Pole for a very long time That is what all the mythology throughout the world uniformly states Mythology from every nation region tribe and period in thousands of languages in hundreds of forms from every continent they all resound a large planet stood above the North Pole for a very long time Every country is accounted for except those located more than 10 degrees below the equator The mythology of regions as far removed from each other as Siberia North Africa and Guatemala all agree As others have indicated I will also suggest that this planet was Saturn and that Saturn was initially a brown dwarf star that created Earth Mars and later Venus In order to put the story into context I will make it abundantly clear that the framework will be based upon plasma physics and the existence of the aether The Solvay Conference founded by the Belgian industrialist Ernest Solvay in 1912 was considered a turning point in the world of physics Located in Brussels the conferences were devoted to outstanding open problems in both physics and chemistry The most famous conference was the October 1927 Fifth Solvay International Conference on Electrons and Photons where the world's most so called notable physicists met to discuss the newly formulated quantum theory The leading figures were Albert Einstein and Niels Bohr Settled Science and Consensus Science began at this time and it is also the moment we stopped doing real physics in the 20th and 21st centuries The bold theoretical and experimental era of physics by the likes of Maxwell at the very dawn of science as we know it ended abruptly at the start of the 20th Century That was when our currently accepted and very different view of physics everything from the Big Bang Expanding Universe Cosmology to Relativistic limitations imposed by flat space and non simultaneous time complicated by a non intuitive Quantum Mechanics of suddenly uncertain atomic realities all took a very different turn from where they had been headed The quantum theory discarded the basic physics principle of cause followed by effect Einstein was disenchanted with the Heisenberg Uncertainty Principle and created his own fatal damage when his thought experiment made up the theory of relativity He isolated his arbitrary observer from the rest of the universe discarded the absolute standards of length and time invented an imaginary proper clock that does not exist removed the aether and the effect of gravity became an illusion Make sure you understand this was not done using any scientific method i.e. observation experimentation and replication but by what became known as a thought experiment Einstein should have kept his day job in the post office as he has set physics the so called Queen of the Sciences back 100

years This conference was also the culmination of the struggle between Einstein and the scientific realists who wanted strict rules of scientific method as laid out by Charles Peirce and Karl Popper versus Bohr and the instrumentalists who wanted looser rules based on expected outcomes regardless of causes and effects Starting at this point the instrumentalists won instrumentalism having been seen as the norm ever since And that has been the insurmountable problem with science ever since the loss of the scientific method and accepting causes without effects and conversely These are all unforgivable losses to the great physicists of the past We were propelled nearly 2 000 years into past to the Greek Ptolemaic era when geometric symmetry and mathematical beauty dictated that endless the ad hoc epicycles be added to perfect circular planetary orbits in order to match appearances That dogma lasted almost 1500 years How long will we allow relativity dogma and its taboos to persist It should be no surprise that since that fateful conference in 1927 science has failed to produce any fundamental breakthroughs anything like the 19th century when some of the finest experimental physicists such as Ampere Gauss Faraday and Maxwell were discovering the secrets of electricity and electromagnetism The electric universe and plasma physics and cosmology follows the lead of these experimenting electrical pioneers According I will also discard the thought experiments of Einstein and defer to real scientists namely Tesla Maxwell Thornhill and others who long ago recognized that all perceptible matter comes from a primary substance of a tenuity beyond conception and filling all space the Akasha or luminiferous aether which is acted upon by the life giving Prana or creative force calling into existence in never ending cycles all things and phenomena This primary substance thrown into infinitesimal whirls of prodigious velocity becomes gross matter the force subsiding the motion ceases and matter disappears reverting to the primary substance The structure and nature is most likely a vortex appearing like a donut from above or below What I will attempt to present to you in the book is the real story of our history and the real fact that we and the universe and everything in it is electric in nature I will present facts and evidence that demonstrate that all religions mystery schools the Bible and other religious books are nothing more than a rewritten and edited story of a solar system wide cataclysm A story that was written rewritten and edited to make it appear that Jewish people were the Chosen People of God We will see that all the pyramids especially those on the Giza Plateau were built as an energy gathering converting and storing machines to try to save the Earth and Mankind from the electromagnetic perturbations caused by the Sirius System the Sun's binary twin that occurs approximately every 24 000 years The Great Pyramid was not a weapon and certainly not a death star used to explode planets There has been no atomic wars on Earth and no landings by alien beings on Earth nor on any other planet in our solar system There is no Planet X and there is no Nibiru The so called Planet of the Crossing is actually the star Sirius the Sun's binary twin We will see that all the five visible planets Saturn Mercury Mars Jupiter Venus and the two luminaries the Moon and our current Sun became the Gods with several of them coming down to Earth from the Heavens to write our history only a few thousand years ago We will also see and understand that the vast amount of cratering and channels on all of the planets in our solar system are not

the result of random meteor or comet strikes wind or water erosion but are the results of electrical arcing between planets that has scarred the surface of the planets and has been demonstrated and replicated in exact detail in plasma laboratories We will examine the Exodus within the context of the Earth in upheaval from a natural solar system wide cataclysm and how Akhenaton Moses and the Ark are main characters in the event We will also examine Mount Sinai and its real identity and location as well as the Sacred Stone s its use who stole them and why This story does not depend on miracles or faith but is based upon evidence both ancient and current It is our genuine history that has been kept from us in order to maintain control by those in power If you can not see the truth in this story and you want to believe in religions or the current false consensus or settled science you must believe them in one of three ways by faith by ignorance or by indoctrination by faith because you cannot believe something which does not have adequate scientific evidence except as a philosophical viewpoint by ignorance because the only way to be certain in your mind that these theories could work is because you do not have all the facts or if you have been so far indoctrinated you have not made a logical conclusion with your own rational mind you may have never even tried to question what you have been told to believe You must decide for yourself what you will believe If you decide to believe in today s biblical religious myths or consensus and settled pseudoscience of the quackademics and media that is fine just realize that none are supported by true science using the Scientific Method They are myths and not even good ones at that Just remember believing this nonsense and everything else the authorities say is just what they want i e no change in the status quo and leave the thinking to them ,2018-11-30 The Apocalypse of Enoch and Bhu unda The Apocalypse of Enoch and Bhu unda challenges the underlying assumptions of the classical roots of civilization by restoring the original context of creation mythology In this second volume of A Chronology of the Primeval Gods and the Western Sunrise ancient myths from multiple geographies are correlated to spikes in cosmic rays over the past 120 000 years as documented in ice core data The chronology and content of these myths tell us that the primary forces behind these cataclysms were the most ancient gods hyper nova at the Galactic Center associated with Sgr A The Dragon Sgr West The Beast and Sgr East Hirany ksha and Hiranyakas ipu with secondary supernova seen as the birth of new destructive gods Ancient myth has documented the cataclysmic destruction of the world on at least twenty occasions with four major geo polar migrations which has resulted in a shift of the earth s equator on at least one occasion Multiple myths are shown to represent a view of the sky that can only be seen from the Antarctic region Multiple versions of the myths of Orion are analyzed showing clear linkages between the Vedic myth of Trisanku the Book of Genesis Senmut s Tomb and the myths of Praj pati Daksa representing the oldest version of the Orion myth older than Trishanku and Genesis by 20 000 years The stunning conclusion explains how the Watchers of Enoch were the Vedic descendants of Ila and Ikshvaku These descendants of the seventh Manu had been observing and recording the stars as a source of cataclysm for at least 15 000 years prior to Enoch thus allowing Enoch to prophesize a new heaven That prophecy became the foundation for St John s Book of Revelations

which is shown to be a description of a series of cataclysms attributed to Sgr West The book offers a new theory for explaining geo polar migration That theory suggests small shifts in the location of the earth s center of gravity underlie each migration but that there are multiple causes for the shifts *FCC Record* United States. Federal Communications Commission,2001 **Adrift on a Sea of Lies** ,2019-09-26 How would you feel if you were told that everything you thought you knew was a lie Humanity has been living with amnesia since the dawn of civilization Mankind has believed that authority provides the truth rather than truth provides the authority This book is an attempt to find the truth of our past and the real history of our civilization why it has been hidden away from us and by whom It is our story with a different theory of the beginning of the universe to the coming totalitarian society of today It follows our history from the cataclysm in our solar system and on Earth in 10 900 BCE through the formation of all religions mystery schools and secret societies that still exist today Because there are too many dots to connect it instead follows a thread of greed power and control through all the world s major events wars assassinations fake terrorism fake news and false flag events such as 9 11 and the London tube bombings It reveals our actual history and attempts to provide evidence that demonstrates that this is not a conspiracy theory but a reality In the West the authorities want to keep us occupied and non thinking with reality television shows televised sports sixty hour work weeks alcohol and drug abuse texting on our iPhones believing in the lies or partial lies they want us to believe in and leave the thinking to them Religious institutions the educational system the justice system the economic system the media and even secret societies have been infiltrated and usurped by these individuals and others with the same philosophy at mankind s expense These individuals have no empathy and no concern for the human condition They seek only one thing and that is power the power to control To them power is more than an addiction but a right Knowledge is the form of their initial power They use that to gain economic power control and influence and then infiltrate all levels of society until they infect the entire planet Their religion is worshipping the self and their ego and they believe that their unique ego is their divine spark Their motto is Do as thou wilt Who are these individuals Why and how have they managed to do this over the past 12 000 years Is there anything we can do that might reverse this during the next 12 000 years Can we ensure this doesn t happen again during the next cycle of our Earth or will it repeat again and again with only minor changes These are the questions that I hope to if not answer give at least some direction where we can find some hope to recapture our civilization **The Engineering of Consent** David Klooz,2021-02-10 There are many people and many authors who believe that civilization mankind or our species has amnesia I do not believe this I believe we have been lied to since the beginning of recorded history and even before that The first half of this book is about our four previous civilizations and the out of place artifacts and knowledge that has been hidden debunked lost or forgotten such as the giant skeletons recorded in most newspapers in the 19th century recorded Indian Vimanas that flew powered by a spinning plasma engines in 7 000 BCE as well as flying Aeros in Bavaria and the Western United States It is about the Cro Magnon giants of the Atlantean

civilization escaping to the area of the Caucasus Mountains Northern Africa the Canary Islands and the East Coast of the Americas during the Solar System cataclysm in 10 900 BCE It is about that same tall Atlantean Aryan Iranian race with blue eyes and red and blonde hair that migrated from the Caucasus mountains and became the ruling class from China to Egypt It is also the story of the stealing destroying hiding and perverting the occult and lost knowledge of the Brotherhood by the High priests of Egypt known as the Scarlet Council so that only they could control who could become part of their New Brotherhood That ancient knowledge was also perverted by the addition of the Jewish Kabbalah a mixture of alchemy numerology gematria and magic as well as by the Alumbrados an emerging occult movement founded by Spanish Marranos The members were baptized Jews who secretly kept their Talmudic faith Also the Khazars Krypto Jews from near the Black Sea with their knowledge of Babylonian black magic and money magic perverted the Mysteries This confusing jumble was added to the existing Egyptian Osiris Isis Horus Cult which was the basis of Freemasonry which was infiltrated by Adam Weishaupt and his 2000 members along with the Jesuits and the Vatican This became the New Illuminati Finally it is about the control of the masses by religion and by the alchemy of social engineering to manipulate the masses through disinformation brainwashing and the fear of terror It uses mass death rituals like 9 11 and public assassination rituals such as that of JFK for shock value The use of this alchemical social engineering is used in the engineering of consent in order to protect the masses from the terror and hopelessness that the Brotherhood itself has created This culture of control can also be seen by the use of political correctness the additional attempts to limit free speech and the creation of hopelessness mistrust and eugenics by lockdowns masks quarantines and forced use of untested injections Remember the Nuremberg Code and Never Again That was a lie as well We are living it that lie

The Age of Cunard Daniel Allen Butler, 2004 For a century and a half the single most important sea lane in the world was the transatlantic route linking the Old World with the New For three hundred years sailing ships sufficed to carry cargoes and people but the demands of Steam Age business and commerce demanded more regularity Just as the steam engine had allowed railroads to replace the unpredictability of stagecoaches on land with dependable schedules steamships promised to bring this reliability to crossing the Atlantic This is where the story of the Cunard Line began The greatest influence Cunard would ever have on world events would be the leading role during the last half of the 19th century when the great migration of millions of emigrants transformed the populations of Europe the United States and Canada Wars devastation came to the Cunard Line with WW1 and WW2 as the power of the German submarine fleet built with one purpose in mind to sever the North Atlantic shipping lanes threatened Great Britain's very existence By 1963 more people chose to travel by airplane than by steamship and it was the beginning of the end Sir Winston Churchill observed You came into great things by the accident of sea power By an accident of air power you will probably cease to exist
