Netto,2019-05-02 INTRODUCTION BY MISHA GLENNY author of McMafia A gripping narrative of power corruption and greed The Mechanism is the true story of how a simple investigation into money laundering uncovered the biggest corruption scandal in human history When a small team of investigators discovered that a black market currency dealer was operating out of a Brazilian petrol station they could never have imagined that their work would destroy the government and lead to

the impeachment of two presidents As the trail leads further and further into the centre of power the search for the truth and pursuit of justice become ever more crucial Taut and riveting with more plot twists than the most compelling political thriller The Mechanism is an essential work of non fiction that exposes the rottenness caused when politicians and big businesses believe they are above the law **The Ethos of History** Stefan Helgesson, Jayne Svenungsson, 2018-06-19 At a time when rapidly evolving technologies political turmoil and the tensions inherent in multiculturalism and globalization are reshaping historical consciousness what is the proper role for historians and their work By way of an answer the contributors to this volume offer up an illuminating collective meditation on the idea of ethos and its relevance for historical practice These intellectually adventurous essays demonstrate how ethos a term evoking a society's fundamental character as well as an ethical appeal to knowledge and commitment can serve as a conceptual lodestar for history today not only as a narrative but as a form of consciousness and an ethical political orientation Brazil Jane Ladle, 1999 Insight Guides the world's largest visual travel guide series in association with Discovery Channel the world's premier source of nonfiction entertainment provides more insight than ever From the most popular resort cities to the most exotic villages Insight Guides capture the unique character of each culture with an insider's perspective Inside every Insight Guide you'll find Evocative full colour photography on every page Cross referenced full colour maps throughout A brief introduction including a historical timeline Lively essays by local writers on the culture history and people Expert evaluations on the sights really worth seeing Special features spotlighting particular topics of interest A comprehensive Travel Tips section with listings of the best restaurants hotels and attractions as well as practical information on getting around and advice for travel with children

Introspectives Henry John Drewal, 1989 *The Art of Brasília* Sophia Beal, 2020-01-29 People from outside of Brasília often dismiss Brazil's capital as socially divided boring corrupt and emotionally cold Apparently its founders created not a vibrant capital but a cultural wasteland However as Sophia Beal argues Brasília's contemporary artists are out to prove the skeptics wrong These twenty first century artists are changing how people think about the city and animating its public spaces They are recasting Brasília as a vibrant city of the arts in which cultural production affirms a creative right to the city Various genres prose poetry film cultural journalism music photography graffiti street theater and street dance play a part Brasília's initial 1960s art was state sanctioned carried out mainly by privileged white men In contrast the capital's contemporary art is marked by its diversity challenging norms about who has a voice within the Brasília art scene This art demystifies the capital's inequities and imagines alternative ways of inhabiting the city *The War of the Saints* Jorge Amado, 1995-02-01 Jorge Amado has been called one of the great writers of our time The joyfulness of his storytelling and his celebration of life's sensual pleasures have found him a loyal following With *The War Of The Saints* he has created an exuberant tale set among the flashing rhythms intoxicating smells and bewitching colors of the carnival The holy icon of Saint Barbara of the Thunder is bound for the city of Bahia for an exhibition of holy art As the boat the bears the image is

docking a miracle occurs and Saint Barbara comes to life disappearing into the milling crowd on the quay Somewhere in the city a young woman has fallen in love and her prudish guardian aunt has locked her away an act of intolerance that Saint Barbara must redress And when she casts her spell over the city no one's life will remain unchanged *Salvador & Bahia Footprint Focus Guide* Alex Robinson, 2014-03-10 Relax on one of Salvador's white sand beaches and you will see the art ballet of capoeira smell the rich spicy cooking of Bahia and get the unmistakable feeling that you are in African Brazil The homeland of Brazil's African heritage is like nowhere else in Brazil carnivals sway to the rhythms of the drum troupe orchestras while churches are decorated with statues of black saints Footprint Focus Bahia Salvador will take you from the cultural capital Salvador along Bahia's beautiful coast stopping off at an assortment of laid back little towns and hedonistic party cities on the way Includes practical advice on getting to and around the region plus fascinating insights into the area's culture and history Essentials section with practical advice on getting there and around Highlights maps of the region so you know what not to miss Comprehensive up to date listings of where to eat sleep and party Detailed street maps for Salvador and other key towns Slim enough to fit in your pocket Loaded with advice and information on how to get around this concise Footprint Focus guide will help you get the most out of Bahia and Salvador without weighing you down The content of Footprint Focus Bahia Salvador guide has been extracted from Footprint's Brazil Handbook **Envisioning Brazil** Marshall C. Eakin, Paulo Roberto de Almeida, 2005-09-16 Envisioning Brazil is a comprehensive and sweeping assessment of Brazilian studies in the United States Focusing on synthesis and interpretation and assessing trends and perspectives this reference work provides an overview of the writings on Brazil by United States scholars since 1945 The Development of Brazilian Studies in the United States provides an overview of Brazilian Studies in North American universities Perspectives from the Disciplines surveys the various academic disciplines that cultivate Brazilian studies Portuguese language studies Brazilian literature art music history anthropology Amazonian ethnology economics politics and sociology Counterpoints Brazilian Studies in Britain and France places the contributions of U S scholars in an international perspective Bibliographic and Reference Sources offers a chronology of key publications an essay on the impact of the digital age on Brazilian sources and a selective bibliography **Art of Latin America, 1981-2000** Germán Rubiano Caballero, 2001 **Imagining Extinction** Ursula K. Heise, 2016-08-10 We are currently facing the sixth mass extinction of species in the history of life on Earth biologists claim the first one caused by humans Activists filmmakers writers and artists are seeking to bring the crisis to the public's attention through stories and images that use the strategies of elegy tragedy epic and even comedy Imagining Extinction is the first book to examine the cultural frameworks shaping these narratives and images Ursula K Heise argues that understanding these stories and symbols is indispensable for any effective advocacy on behalf of endangered species More than that she shows how biodiversity conservation even and especially in its scientific and legal dimensions is shaped by cultural assumptions about what is valuable in nature and what is not These assumptions are hardwired into even

seemingly neutral tools such as biodiversity databases and laws for the protection of endangered species Heise shows that the conflicts and convergences of biodiversity conservation with animal welfare advocacy environmental justice and discussions about the Anthropocene open up a new vision of multispecies justice Ultimately *Imagining Extinction* demonstrates that biodiversity endangered species and extinction are not only scientific questions but issues of histories cultures and values

The value of life Roseli Tardelli, 2022-11-28 Not everybody can find a meaning for life in the middle of a moment of unimaginable pain But Roseli Tardelli did In the death of her HIV infected brother Sérgio she found a cause worth fighting for But a glance at Agência AIDS suffices to see all the work that has been done to bring more rights of the HIV infected and promote information about AIDS to the population The path is tortuous the hurdles are enormous and countless but Roseli and her team of collaborators manage to channel such powerful energy that barriers are crossed nearly every day With this publication Senac São Paulo presents more than a story about a fight it also brings up relevant discussions and information through the glossary and the timeline for the reader to reflect upon the journey of the disease in Brazil and in the world and at the same time it pays tribute to the people who fight for a more humane treatment of those infected with HIV
